

DESCRIPTION OF PETITION

PROPOSED TRANSFER OF TERRITORY FROM CENTER JOINT UNIFIED SCHOOL DISTRICT TO ROSEVILLE CITY SCHOOL DISTRICT AND ROSEVILLE JOINT UNION HIGH SCHOOL DISTRICT

Education Code section 35705.5 requires that a county committee on school district organization make available to the public and to the governing boards affected by a petition proposing to transfer territory between school districts a description of the petition and its effect, if approved.

The petition being considered by the Sacramento County Committee on School District Organization ("County Committee") requests a transfer of the "Aspire Solaire" (Westpark area of Roseville) neighborhood from the Center Joint Unified School District to the Roseville City School District and the Roseville Joint Union High School District ("Petition"). As described in the Petition, the area of the proposed Aspire Solaire territory transfer is bounded by Daylight Drive, Solaire Drive, Santucci Boulevard, and Pleasant Grove Boulevard in Roseville, CA within Placer County. The chief petitioner is Melissa Campbell.

Following are specific details regarding the Petition, required by section 35705.5, relating to school district employees, funding, governance, elections, and division of property, obligations, and bonded indebtedness.

1. The rights of the employees in the affected districts to continued employment.

Not applicable to the Petition. The rights of the employees to continued employment will not be affected by the proposed territory transfer.

2. The local control funding formula (LCFF) allocation per pupil for each affected district and the effect of the petition, if approved, on that allocation.

None of the affected school districts are community funded (formerly known as "basic aid") districts. Accordingly, funding calculations will continue to be determined on a per-pupil basis in accordance with the Local Control Funding Formula (LCFF).

3. Whether the districts involved will be governed, in part, by provisions of a city charter and, if so, in what way.

The City of Roseville is governed by a City Charter; however, it does not contain provisions referencing school districts or boards of education.

4. Whether the governing boards of any proposed new district will have five or seven members.

Not applicable to the Petition, as it does not propose the creation of any new district(s).

5. A description of the territory or districts in which the election, if any, will be held.

The election, if any, will be held within the Center Joint Unified School District. This specification is subject to change pending any additional information obtained during the public hearings (Ed. Code, § 35705), and decision on the Petition (Ed. Code, § 35706).

6. Where the proposal is to create two or more districts, whether the proposal will be voted on as a single proposition.

Not applicable to the Petition, as it does not propose the creation of any new district(s).

7. Whether the governing board of any new district will have trustee areas and, if so, whether the trustees will be elected by only the voters of that trustee area or by voters of the entire district.

Not applicable to the Petition, as it does not propose the creation of any new school district(s). The proposed territory transfer will not immediately impact the membership or election of governing boards in the affected school districts, except that any population changes will need to be considered as part of redistricting after the next decennial census.

8. A description of how the property, obligations, and bonded indebtedness of existing districts will be divided.

The area proposed for transfer under the Petition contains no public school property or buildings. The plans and recommendations of the County Committee would stipulate the division of any other property, funds or obligations (except bonded indebtedness) affected by the proposed transfer. The County Committee may use any equitable means to divide the property, funds, and obligations, including assessed valuation, average daily attendance (ADA), or value and location of property. (Ed. Code, §§ 35560, 35736.) Absent any provision of the plans and recommendations of the County Committee to the contrary, the territory transferred will drop any liability for outstanding bonded indebtedness of the district of which it was formerly a part and assume its proportionate share of the outstanding bonded indebtedness of the district of which it becomes a part. (Ed. Code, § 35575.) Provisions for the exchange of property tax revenue are set forth in Revenue and Taxation Code, Section 99(i).

9. A description of when the first governing board of any new district will be elected and how terms of office for each new trustee will be determined.

Not applicable to the Petition, as it does not propose the creation of any new district(s).
