Resolution Approving Material Revision to American River Collegiate Academy Charter School

Resolution No. 23-13

WHEREAS, on February 4, 2020, the Sacramento County Board of Education (Board) approved the American River Collegiate Academy (ARCA) Charter School to serve students within the San Juan Unified School District.

WHEAREAS, on August 9, 2022, the Board approved a Material Revision to the ARCA petition to lower its enrollment projections.

WHEREAS, the August 9, 2022 Material Revision states that ARCA will serve 180 students in grades TK-6 by the charter school's fifth year of operation.

WHEREAS, based on actual enrollment during its first two years of operation, ARCA is now projecting that it will serve 130 students in grades TK-5 by its fifth year of operation.

WHEREAS, the Board's Memorandum of Understanding (MOU) with ARCA requires ARCA to seek a material revision of its charter petition when there are changes in enrollment that represent an increase or decrease from the annual enrollment originally projected in the charter petition by more than 25% in any grade level or 10% of total enrollment in any given year, and when grade levels to be served are added or deleted in any given year or as a whole.

WHEREAS, ARCA has submitted the attached request for a material revision to its charter to update the actual and projected enrollment and grade levels to be served by ARCA within the first five years of the charter school's operation, which specifies the areas and pages of the charter to be revised.

WHEREAS, a properly noticed public hearing regarding ARCA's request for a material revision was held on September 19, 2023.

IT IS HEREBY RESOLVED that:

1. The recitals set forth above are true and correct.
