COVID-19 PUBLIC PARTICIPATION GUIDELINES

Please be advised the Board of Education meeting will be conducted telephonically only.

NOTICE is hereby given that a **telephonic** meeting of the Board of Education of the San Juan Unified School District is hereby called by the board president, and will be held at **6:30 p.m.**, on Tuesday, **April 13, 2021**. The district is taking all necessary steps to prevent and mitigate the effects of COVID-19 on our community. Therefore, in the interest of public health, in compliance with California Governor Gavin Newsom's Executive Orders N-25-20 and N-35-20, the Order issued by the Sacramento County Health Officer, directing all individuals to stay at home or at their residence and prohibiting all non-essential gatherings of any number, and all applicable provisions of federal and state law, this Board of Education meeting will be held telephonically.

Given the above-identified orders and the need to ensure the health and safety of the staff and the public as a whole, **physical attendance by the public cannot be accommodated**; however, the district is making significant efforts to ensure public participation during this Board of Education meeting, and has taken the following steps to assist the public in accessing the meeting:

1. **Online Submission of Public Comment.** Public comments may be submitted using the comment form located on the district website at <http://www.sanjuan.edu/boardmeeting>. If you wish to submit a public comment on more than one agenda item, please submit a separate form for each item on which you are commenting. Comments received by 6:00 p.m., on April 13, 2021, will be provided to the members of the board in writing prior to the meeting. Comments received after 6:00 p.m., on April 13, 2021, may be read on the record during this meeting.

All public comments will be limited to two (2) minutes or approximately 1,500 characters. Any portion of a comment extending past two (2) minutes or the approximate 1,500-character limit may not be read aloud due to time restrictions. All written comments that are not read into the record will be provided to the board members for review, provided that such comments are received prior to the end of the meeting. Please be aware that written public comments, including your name, may become public information.

Under the Ralph M. Brown Act, the board is unable to respond to any individual comments or questions regarding items not on the agenda; however, the board listens carefully to all public comments and appreciates community input and participation.

2. **Zoom Video Conferencing.** Members of the public can make public comments via the Zoom conferencing platform. Members of the public can access Zoom from a computer, mobile device or tablet at <http://www.sanjuan.edu/boardmeeting>. All public comments will be limited to two (2) minutes.
3. **Translation/Interpretation.** Translation and interpretation services will be made available upon request with advance notice. If you wish to utilize these services, please notify the district at (916) 971-7111, or stephanie.cunningham@sanjuan.edu by noon on April 12, 2021. This allows for the scheduling of appropriate translation staff and other resources.
4. **Disability Accommodations.** A person with a disability may contact the Board of Education office at (916) 971-7111, or email stephanie.cunningham@sanjuan.edu at least 48 hours before the scheduled board meeting to request receipt of an agenda and other distributed writings in an appropriate alternative format or to request disability-related modifications or accommodations, including auxiliary aids or services, in order to participate in the public board meeting.

Thank you in advance for your cooperation. Our community's health and safety is our highest priority. The business to be considered at this board meeting is on the following agenda:

SAN JUAN UNIFIED SCHOOL DISTRICT

Resolution No. A-402

CALIFORNIA SCHOOL BUS DRIVER'S APPRECIATION DAY
April 27, 2021

WHEREAS, annually, on the fourth Tuesday of April, the people of California should officially recognize all school bus drivers for their continued and excellent services to the youth of the State, and these drivers are deserving of special public recognition and the highest commendations; and

WHEREAS, the safety of our children rests in the hands of trained school bus drivers for up to two or three hours each school day; and

WHEREAS, personal time and energy are expended by school bus drivers in their initial training, maintaining a current license, perfecting their driving skills, and accruing added knowledge of school bus laws through continuing education classes; and

WHEREAS, school bus drivers, through counseling and disciplinary techniques, are sometimes asked to assist the students in appropriate interactive peer and adult behavior; and

WHEREAS, school bus drivers often face natural and unexpected hazards in the performance of their duties; and

WHEREAS, school bus drivers exhibit patience and kindness toward students, parents, and school staff in the performance of their duties; and

WHEREAS, school bus drivers consistently demonstrate an awareness of, and direct attention to, the mechanical maintenance of the school bus and safety conditions of the school bus routes; and

WHEREAS, many school bus drivers perform their services for thousands and thousands of accident-free miles, year after year.

NOW, THEREFORE, BE IT RESOLVED, that the San Juan Unified School District Board of Education hereby proudly proclaims April 27, 2021, as California's School Bus Driver's Appreciation Day to be celebrated by the district and community.

The total cost of the adoption is \$85,092.75

6. Source of funding:

The K-12 Instructional Materials Reserve (locally restricted) is the source of funding.

RECOMMENDATION PROCESS

7. List of adoption committee members:

See Attachment A

8. How did reviewing teachers evaluate the programs, particularly the alignment to standards?

The adoption committee evaluated the textbooks using the criteria that California uses in its adoption process: (1) content/alignment with standards, (2) program organization, (3) assessment, (4) universal access, (5) instructional planning, (6) teacher support and (7) technology. Consideration was given to strengths and limitations of the current programs, continuity of programs between course levels, online resources, and accessibility and supports for English learners and special education. Additionally, there was an added social content component, also included in California's materials review, to ensure that materials represented the diversity of the students in our classrooms.

Within the alignment to standards section, the emphasis was placed on alignment with the IB philosophy framework for each science course which provides the foundations for the advanced placement science courses.

See attachment B for the key criteria document used for evaluation

9. What opportunities were provided for community input?

Information for community members to provide feedback on the materials was made available through district newsletters, on the district website, and in Behind the Scenes and SJ Scene. Due to COVID-19 restrictions, formal review events for the community were not scheduled for this adoption.

FEEDBACK RESULTS

10. Considering the needs of district students, what are the strengths and limitations of the recommended materials?

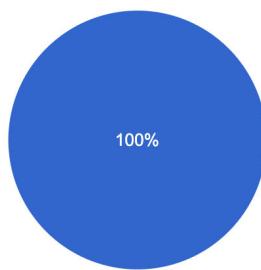

Strengths
Accessible to all students
Organized and aligned to the AP course and exam description, easy to use
The digital platform is also full of great supports for students and teachers, including tools for on the spot formative assessments and differentiation for students on varying levels
The book is easy to read and includes accurate detail
The diagrams include the bigger picture and the details
Each chapter includes activities that address scientific practices aligned to the AP curriculum.
End of chapter questions cover a variety of levels (Bloom's).
Includes some social context
Limitations
Doesn't link / integrate with Google Classroom
Files are in Zip format instead of ability to more easily download by individual files as needed
Doesn't include explicit objectives at the start of every chapter (could refer to students to the chapter summary of key concepts before they begin reading)
Assessment is more limited in scope for the print copy of the text, but is enhanced by the robust digital tools

11. What were the results of the final voting and what is the recommended textbook?

The committee used a consensus process to recommend AP Biology: Campbell in Focus (2019) 3rd edition. Urry, Cain, Wasserman, and Minorsky. (Pearson). The results of the final vote are below. All meetings were held via virtual videoconference in the Zoom platform.

Report II

SUMMARY INFORMATION FROM REPORT I

1. Subject area or course:

Advanced Placement (AP) Chemistry

2. Recommended Text:

Chemistry (AP Edition) 10th edition (2018). Zumdahl, Zumdahl, and DeCoste.

3. Rationale:

a. Title, publisher, copyright and year of adoption of current textbook:

AP Chemistry

Chemistry and Chemical Reactivity
Cengage, 2006
Adopted in 2007

b. Alignment with state or district textbook cycle:

The adoption of the AP Chemistry materials is on cycle with the current SJUSD adoption matrix

c. Special considerations, if any:

None

4. Adoption timeline:

	Date
Formation of adoption committee and notification of publishers	April 10, 2020 (extended through December 2020)
Public Preview Open House (not held due to COVID-19 restrictions, opportunity provided to review digitally or by appointment)	February – March 2021

New materials in the classroom	August 2021

5. Actual total cost over the life of the adoption, consumables, and professional development:

The total cost of the adoption is \$105,849.01

6. Source of funding:

The K-12 Instructional Materials Reserve (locally restricted) is the source of funding.

RECOMMENDATION PROCESS

7. List of adoption committee members:

See Attachment A

8. How did reviewing teachers evaluate the programs, particularly the alignment to standards?

The adoption committee evaluated the textbooks using the criteria that California uses in their adoption process: (1) content/alignment with standards, (2) program organization, (3) assessment, (4) universal access, (5) instructional planning, (6) teacher support and (7) technology. Consideration was given to strengths and limitations of the current programs, continuity of programs between course levels, online resources, and accessibility and supports for English learners and special education. Additionally, there was an added social content component, also included in California's materials review, to ensure that materials represented the diversity of the students in our classrooms.

Within the alignment to standards section, the emphasis was placed on alignment with the IB philosophy framework for each science course which provides the foundations for the advanced placement science courses.

See *attachment B* for the key criteria document used for evaluation

9. What opportunities were provided for community input?

Information for community members to provide feedback on the materials was made available through district newsletters, on the district website, and in Behind the Scenes and SJ Scene. Due to COVID-19 restrictions, formal review events for the community were not scheduled for this adoption.

FEEDBACK RESULTS

10. Considering the needs of district students, what are the strengths and limitations of the recommended materials?

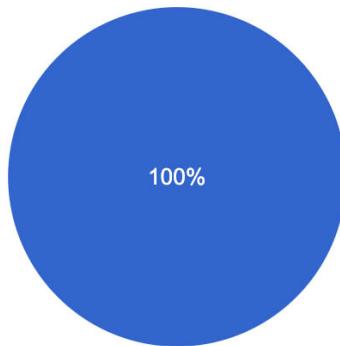

Strengths
Strong questions/problem sets and problem solving approach
Uses a modeling approach
Text has good readability
Robust online resources for teachers and students
Real world chemistry connections in each chapter
Clear learning objectives in each chapter
Limitations
No integration with Google Classroom
Although all the material is included, the chapter organization isn't organized in the same sequence as the course scope and sequence

11. What were the results of the final voting and what is the recommended textbook?

The committee used a consensus process to recommend Chemistry (AP Edition) 10th edition (2018). Zumdahl, Zumdahl, and DeCoste. The results of the final vote are below. All meetings were held via virtual videoconference in the Zoom platform.

FEEDBACK RESULTS

10. Considering the needs of district students, what are the strengths and limitations of the recommended materials?

Strengths
<p>Includes robust supports for all learners (foundational and enrichment components)</p> <p>Aligned well with the AP course exam and description</p> <p>Engaging visuals and informative diagrams</p> <p>AP Teacher resource guide - great support for teachers</p> <p>Integrated math support within the text</p> <p>AP style practice tests in print and online</p> <p>Encourages critical thinking and analysis</p> <p>Includes a variety of perspectives</p> <p>Includes data analysis within the chapters</p> <p>Includes local context and examples</p> <p>Social context - “Individuals Matter” - highlights environmental scientists</p> <p>Online website supports use of Google translate</p> <p>Program is packaged with the Fast Track to a 5 supplemental consumable student resources book</p>

Limitations
Case studies are somewhat brief
Online platform isn't as intuitive as it could be
Has some older information - data and case studies from 2015-2018
Book is heavy - concerns about students bringing them back and forth to school and home

FEEDBACK RESULTS

10. Considering the needs of district students, what are the strengths and limitations of the recommended materials?

Strengths
Accessible to all students
Materials and resources encourage students to engage in activities and investigations that appreciate the environmental, social and ethical implications of science.
The content allows students to be collaborative and interdisciplinary and provides an opportunity for students to explore scientific solutions to global questions.
Provides pertinent topics with real-life connections applicable to our modern world. The digital platform is also full of great supports for students and teachers, including tools for on the spot formative assessments and differentiation for students on varying levels
The book is easy to read and includes accurate detail The diagrams include the bigger picture and the details End of chapter questions cover a variety of levels (Bloom's).
Limitations
Does not exactly follow the IB syllabus; however, none of the textbooks are 100% aligned to the IB content. The selected text aligns better than most.
Doesn't link / integrate with Google Classroom
Files are in Zip format instead of ability to more easily download by individual files as needed

Doesn't include explicit objectives at the start of every chapter (could refer to students to the chapter summary of key concepts before they begin reading)

Assessment is more limited in scope for the print copy of the text, but is enhanced by the robust digital tools

11. What were the results of the final voting and what is the recommended textbook?

SUMMARY INFORMATION FROM REPORT I

1. Subject area or course:

International Baccalaureate (IB) Chemistry

2. Recommended Text:

Chemistry (AP Edition) 10th edition (2018). Zumdahl, Zumdahl, and DeCoste.

3. Rationale:

a. Title, publisher, copyright and year of adoption of current textbook:

IB Chemistry
Chemistry, 9th edition
 Cengage, 2013
 Adopted in 2013

b. Alignment with state or district textbook cycle:

The adoption of the IB Chemistry materials is on cycle with the current SJUSD adoption matrix

c. Special considerations, if any:

None

4. Adoption timeline:

	Date
Formation of adoption committee and notification of publishers	April 10, 2020 (extended through December 2020)
Public Preview Open House (not held due to COVID-19 restrictions, opportunity provided to review digitally or by appointment)	February – March 2021

5. Actual total cost over the life of the adoption, consumables, and professional development:

The total cost of the adoption is \$15,811.47

6. Source of funding:

The K-12 Instructional Materials Reserve (locally restricted) is the source of funding.

RECOMMENDATION PROCESS

7. List of adoption committee members:

See Attachment A

8. How did reviewing teachers evaluate the programs, particularly the alignment to standards?

The adoption committee evaluated the textbooks using the criteria that California uses in their adoption process: (1) content/alignment with standards, (2) program organization, (3) assessment, (4) universal access, (5) instructional planning, (6) teacher support and (7) technology. Consideration was given to strengths and limitations of the current programs, continuity of programs between course levels, online resources, and accessibility and supports for English learners and special education. Additionally, there was an added social content component, also included in California's materials review, to ensure that materials represented the diversity of the students in our classrooms.

Within the alignment to standards section, emphasis was placed on alignment with the College Board framework for each science course which provides the foundations for the advanced placement science courses.

See Attachment B for the key criteria document used for evaluation

9. What opportunities were provided for community input?

Information for community members to provide feedback on the materials was made available through district newsletters, on the district website, and in Behind the Scenes and SJ Scene. Due to COVID-19 restrictions, formal review events for the community were not scheduled for this adoption.

FEEDBACK RESULTS

10. Considering the needs of district students, what are the strengths and limitations of the recommended materials?

Strengths
Strong questions/problem sets and problem solving approach
Materials and resources encourage students to engage in activities and investigations that appreciate the environmental, social and ethical implications of science.
The content allows students to be collaborative and interdisciplinary and provides an opportunity for students to explore scientific solutions to global questions.
Provides pertinent topics with real-life connections applicable to our modern world
Uses a modeling approach
Text has good readability
Robust online resources for teachers and students
Real world chemistry connections in each chapter
Clear learning objectives in each chapter
Limitations
No integration with Google Classroom
Although all the material is included, the chapter organization isn't organized in the same sequence as the course scope and sequence
Does not exactly follow the IB syllabus; however, none of the textbooks are 100% aligned to the IB content. The selected text aligns better than most.

11. What were the results of the final voting and what is the recommended textbook?

The committee used a consensus process to recommend Chemistry (AP Edition) 10th edition (2018). Zumdahl, Zumdahl, and DeCoste. All meetings were held via virtual videoconference in the Zoom platform.

12. List all the student and teacher components of the program, both purchased and gratis.

FEEDBACK RESULTS

10. Considering the needs of district students, what are the strengths and limitations of the recommended materials?

Strengths
Includes robust supports for all learners (foundational and enrichment components)
Materials and resources encourage students to engage in activities and investigations that appreciate the environmental, social and ethical implications of science.
The content allows students to be collaborative and interdisciplinary and provides an opportunity for students to explore scientific solutions to global questions.
Provides pertinent topics with real-life connections applicable to our modern world.
Engaging visuals and informative diagrams
Integrated math support within the text
Encourages critical thinking and analysis
Includes a variety of perspectives
Includes data analysis within the chapters
Includes local context and examples
Social context - “Individuals Matter” - highlights environmental scientists
Online website supports use of Google translate
Program is packaged with the Fast Track to a 5 supplemental consumable student resource book

Limitations
Case studies are somewhat brief
Online platform isn't as intuitive as it could be
Has some older information - data and case studies from 2015-2018
Book is heavy - concerns about students bringing them back and forth to school and home
Does not exactly follow the IB syllabus; however, none of the textbooks are 100% aligned to the IB content. The selected text aligns better than most.

ACTION REQUESTED:

The superintendent is recommending that the board approve the new proposed high school courses.

RATIONALE/BACKGROUND:

The proposed high school courses of study listed below are designed to ensure student choice and instructional alignment with the Strategic Plan, Local Control and Accountability Plan (LCAP), and California's State Standards. The proposed courses of study provide a high level of rigor, deeper opportunities for study, and promote college and career readiness.

**San Juan Unified School District
New High School Courses for 2021-2022
Rationale/Background**

Middle Years Programme (MYP) Honors Biology (A-G):

With inquiry at the core, the MYP science framework guides students to independently and collaboratively investigate issues through research, observation, and experimentation. The MYP Honors Biology curriculum explores the connections between science and everyday life. As they investigate real examples of science applications, students discover the tensions and dependencies between science and morality, ethics, culture, economics, politics, and the environment. Scientific inquiry fosters critical and creative thinking about research and design, as well as the identification of assumptions and alternative explanations. Students learn to appreciate and respect the ideas of others, gain good ethical-reasoning skills and further develop their sense of responsibility as members of local and global communities. Topics include ecology, evolution, cell biochemistry, genetics, biotechnology, and human body systems. (“d”) (Mira Loma)

Middle Years Programme Honors Chemistry (A-G):

MYP Honors Chemistry is an International Baccalaureate (IB) Middle Years course that studies the transformation of matter in our world. The course addresses students’ intellectual, social, emotional and physical, and physical well-being provides students opportunities to develop the knowledge, attitudes, and skills they need in order to manage complexity and take responsible action for the future. This course will serve the IB MYP student population and will satisfy the science requirement for the MYP pathway and the MYP certificate. The primary focus of the course will be to promote critical thinking and problem-solving skills in students consistent with the vision of the International Baccalaureate Program in order to develop the overall scientific thinking of students relevant to their future needs and to lay the foundation for the IB Chemistry Diploma Programme class. Students will spend more than 20 percent of their time with hands-on laboratory experiences, some of which will be inquiry-based, and some will be designed to increase the student's laboratory chemistry skills. Guided practice, class demonstrations, computer simulations, and collaborative classroom discussions will be used in this course. Students will be evaluated on classroom performance, laboratory reports, MYP short-term/long-term projects, and formative/summative assessments. The comprehensive final will serve a dual purpose by helping to prepare students for the College Board’s SAT subject test in chemistry as well as the IB Chemistry exam if students elect that route of study. In addition, their “Elemental Adventure” will be a culminating end-of-the-year project. At the conclusion of this course, students will have a greater appreciation of how scientists think and how chemistry influences their daily lives. MYP Honor Chemistry is a pre-requisite for IB Chemistry and IB Biology I. (“d”) (Mira Loma)

Middle Years Programme Honors Physics (A-G):

MYP Honors Physics is a one-year college preparatory course which is, an activity-oriented class taught as part of the International Baccalaureate (IB) Middle Years Program. In this course, students will explore topics including motion and its causes, conservation laws, periodic motion, thermodynamics and heat theory, electricity, magnetism, and electromagnetic radiation, light, and optics, modern physics including fundamental particles, energy, and waves, with the use of advanced algebra skills. This MYP course will encourage students to appreciate and respect the ideas of others, gain strong ethical reasoning skills and further develop their sense of responsibility as members of local and global communities. DEPARTMENT: Facilities

ACTION REQUESTED:

The superintendent is recommending that the board approve the second lease amendment for Choices Charter School for the 2021-2022 school year.

RATIONALE/BACKGROUND:

Pursuant to Proposition 39, regulations for charter school groups have requested district facilities and the district have responded to the request as required in providing the charter school with facilities and equipment.

Proposition 39 prescribes that charter schools which have made a timely request for facilities under the provisions of Proposition 39 may only be charged a pro rata share of the district's unrestricted general fund expenditures from the prior year (2020-2021) for the in-district students the charter school will be providing services to. Out of district students may be charged "market rate" fees.

This amendment to the charter school lease updates the facility fees for the 2021-2022 school year. The term of the agreement extends the lease, through June 30, 2022, with the option to renew for four consecutive years. The agreement and amendment have been drafted in accordance with education code sections 11969 and 47600 et seq.

**SECOND AMENDMENT TO FACILITY LEASE AGREEMENT
BILLY MITCHELL CAMPUS**

This SECOND AMENDMENT to the Lease Agreement is made by and between San Juan Unified School District ("District") and Choices Charter Schools ("Choices" or "Charter School" or "Tenant"), and is dated as of this 10th day of February, 2021.

WITNESSETH:

WHEREAS, the District and Tenant have previously executed the facility lease agreement, dated June 30, 2016 (the "Lease") pursuant to the terms of which Tenant has leased from the District the portion of Billy Mitchell Elementary School Site, located at 4425 Laurelwood Way, Sacramento, California 95864 ("School Site") containing the building thereon, contiguous school grounds and non-exclusive use of the school parking lot, restrooms, playground and playing fields thereon , as shown in Exhibit A of the Lease amendment.

WHEREAS, District and Tenant executed an amendment to the facility lease agreement on October 13, 2020 extending the term of the lease and updating the facilities costs for the 2020-2021 academic year.

WHEREAS, the District and Tenant have agreed to make certain modifications to the Lease, which modifications will supersede and replace the language as referenced.

NOW, THEREFORE, in consideration of the mutual promises contained herein and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, effective February 10th, 2021, the parties agree as follows:

1. **TERM:** Section 2 of the Lease, shall be deleted in its entirety and replaced with the following:

"The Term of the Lease shall commence on the Effective Date of the Amendment and shall end on June 30, 2022. At District's absolute and sole discretion, the Term may be extended on an annual basis by mutual written agreement of the parties for up to four additional years. Each year, Tenant shall provide the District written notice by April 1st if it desires to extend the Lease. The Parties shall then execute a further amendment to extend the Term of the Lease."

2. **FACILITIES COSTS:** Section 4.a. is amended to strike the first paragraph and inserting in lieu thereof the following:

a. **Facilities Costs:** Choices shall pay a pro rata share of the District's facilities costs as provided in 5 C.C.R. Section 11969.7 (referred to herein as "pro rata share charge"). The pro rata charges for the 2021-2022 school year are provided as Exhibit B of the 2021-2022 lease amendment, attached hereto and included herein. The pro rata share amount shall be paid monthly. The obligation to begin paying the pro rata share charge shall begin on the date of possession, July 1, 2021, and shall end on June 30, 2022.

3. **AUTHORITY:** The Parties represent that the individual(s) signing this Amendment on its behalf are duly authorized and have legal capacity to sign this Amendment and bind the Parties to its terms.

Each Party acknowledges that the other Party has relied upon this representation and warranty in entering into this Amendment.

4. MODIFICATION: Except as modified by the terms of this Amendment all other terms and conditions of the Lease shall remain in full force and effect.

5. BOARD APPROVAL: The effectiveness of this Amendment shall be contingent upon approval by the District's Governing Board as required by law.

6. COUNTERPARTS: The Parties may sign this Amendment in counterparts, each of which is an original and all of which taken together form one single document.

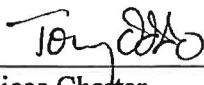

Except as modified by the terms of this Amendment, all other terms and conditions of the Lease shall remain in full force and effect.

IN WITNESS WHEREOF, District and Tenant have executed this Lease, through their respective officers or representatives, duly authorized, as of the day and year shown below.

**SECOND AMENDMENT TO FACILITY LEASE AGREEMENT
GOLDEN VALLEY CHARTER SCHOOL
ORANGEVALE/FILBERT SCHOOL SITE**

This Second Amendment to the Facility Lease Agreement dated August 11, 2015 (the "Second Amendment") is made by and between San Juan Unified School District ("District") and Golden Valley Charter School ("Charter School"), and is dated as of this 18th day of March, 2021.

RECITALS

WHEREAS, the District and Charter School executed the Facility Lease Agreement dated August 11, 2015 (the "Agreement") pursuant to the terms of which Charter School is entitled to use, pursuant to Proposition 39 ("Prop. 39") as codified by Education Code section 47614 and Title 5 of the California Code of Regulations section 11969, et seq., of the District's Orangevale/Filbert Elementary School, located at 6550 Filbert Avenue, Orangevale, County of Sacramento in the State of California ("Premises"), as shown in Exhibit A of this amendment.

WHEREAS, on June 23rd, 2020, District and Tenant entered into the First Amendment of the Lease Agreement ("First Amendment") attached hereto as Exhibit B, under which the Term of the Lease, among other things, was extended for one (1) year, commencing on July 1, 2020, with an option to renew for four (4) additional one (1) year terms;

WHEREAS, in the interest of long-term planning and stability for the Parties, the District and Charter School desire to enter into a facilities agreement for Charter School facilities that will fulfill the District's obligations under Prop. 39.

WHEREAS, this Amendment is intended to modify the Agreement to extend the term and make certain changes for the benefit of the Parties.

NOW THEREFORE, in consideration of the mutual promises contained herein and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties agree as follows:

1. The foregoing recitals are true and correct and are incorporated herein by reference.
2. Section 2 of the Agreement is deleted in its entirety and replaced with the following:

"Term: The term of this Agreement ("Term") shall be for five (5) school years, from the date of execution of this Agreement by all Parties through June 30, 2025. So long as the Charter School's petition is active, or unless terminated earlier pursuant to Section 13."

3. Sections 4, subsection a, shall be deleted in its entirety and replaced with the following:

"a. Facilities Costs: Charter School shall pay a pro rata share of the District's facilities costs as provided in 5 C.C.R. Section 11969.7 as that section read on the date of execution of the Amendment (referred to herein as "pro rata share charge"). The pro rata charges for the 2020-2021 school year are provided in Exhibit B, attached hereto and included herein. The pro rata share amount shall be paid monthly. The obligation to begin paying the pro rata share charge shall begin on the date of possession, July 1, 2021, and shall continue through termination of

the Agreement. The pro rata share shall be recalculated by on an annual basis consistent with the methodology set forth in Exhibit B. The District shall provide notice to the Charter School of the pro rata share charge by May 1st of each year."

4. Section 4, subsection f, shall be deleted in its entirety and replaced with the following:

F: Payment Schedule: Charter School shall pay the costs explained above on a monthly basis, in twelve equal payments, by the tenth of each month beginning July 1, 2021, unless a different arrangement is mutually agreed upon in writing by the parties."

5. Section 14 shall be amended as follows:

- a. All references to "lease" shall be replaced with "Agreement".
- b. All references to "Lessee" shall be replaced with "Golden Valley".
- c. All references to "Lessor" shall be replaced with "District".
- d. Section 14, subsection B.2, shall be added as follows:

"This Agreement shall automatically terminate upon the closure of the Charter School, whether voluntary or due to non-renewal or revocation of the Charter School's petition."

6. Section 22, subsection g, shall be amended as follows:

"David Burke, Director of Planning and Property Management" shall be replaced with "Frank Camarda, Assistant Superintendent, Facilities, Operations and Transportation".

7. Exhibit A and Exhibit B are replaced with the corresponding exhibits attached hereto.

8. Except as modified by the terms of this Amendment all other terms and conditions of the Lease shall remain in full force and effect.

IN WITNESS WHEREOF, District and Charter School have executed this Amendment, through their respective officers or representatives, duly authorized, as of the day and year shown below.

ACTION REQUESTED:

The superintendent is recommending that the board review and discuss the 2019-2020 Comprehensive Coordinated Early Intervening Services (CCEIS) plan.

RATIONALE/BACKGROUND:

The California Department of Education (CDE) has identified certain Local Educational Agencies (LEAs) as significantly disproportionate based on race or ethnicity with respect to the identification of children with disabilities; the identification of children in specific disability categories; the placement of children with disabilities in particular educational settings; or the incidence, duration and type of disciplinary actions, including suspensions and expulsions.

On November 17, 2020, the board approved the abstract for the 2020-2021 CCEIS plan. We are currently still awaiting approval from CDE for the proposed plan. In the meantime, we are currently implementing the 2019-2020 CCEIS plan. Tonight's presentation is an overview of the plan that is currently in place.

What is disproportionality?

Disproportionality refers to the overrepresentation of a particular racial or ethnic group with special needs in one of four areas:

1. Identification within a specific disability category;
2. Disciplinary action;
3. More restrictive environments;
4. Special education in general

What are CEIS and CCEIS?

- The development of a Coordinating Early Intervening Services (CEIS) plan is **voluntary** if a district is identified as disproportionate in one or more identified areas.
- The development of a Comprehensive Coordinating Early Intervening Services (CCEIS) plan is **required** to identify how the LEA is addressing their significant disproportionality and reserve 15% of IDEA funds for a CCEIS plan.

What is a CCEIS Plan?

Comprehensive Coordinated Early Intervening Services Plan

- Studies the data and identifies root causes
- Addresses the areas of significant disproportionality through an action plan that targets a relevant student population by providing general education supports and interventions
- Goal: to address student need to reduce risk of suspension
- Implemented over a period of 27 months
- Funding: 15% of IDEA funds reserved

San Juan ⁵
Unified School District

San Juan Unified's Disproportionality

Significant Disproportionality refers to a district being disproportionate in the same area over a period of three years.

San Juan Unified data shows us to be significantly disproportionate in the following area:

- Discipline: Suspension and Expulsion of African-American Students with Individualized Education Program (IEPs)

* How many times more likely African American students with disabilities are to be suspended

CDE RISK RATIO
Ratio of African American students with disabilities who are suspended 10 or more days out of school compared with all other students with disabilities who are suspended for the same amount of time. This indicates that African American students with disabilities were 3.47 times more likely to be suspended than other students with disabilities.

Planning: Focus Groups Feedback

One outcome of staff implicit bias is when in conflict with a student they send students out of class.

One of the key barriers to these relationships is the implicit bias that staff have towards students of color and are unaware of how these biases and impact students.

Training is voluntary in the district and therefore only staff who are aware of their implicit bias participate in these training sessions.

Sites need to build a comprehensive system for both behavioral and academic intervention.

Need to increase clarity around specific prevention and intervention systems.

Inconsistent implementation across the district for universal support programs and strategies, including implementation of the PBIS framework.

A need for consistent use of de-escalation techniques in combination with restorative practices to solve these conflicts pre-referral.

Planning: Identified Root Causes

- Implicit bias and lack of cultural awareness results in disproportionate suspension of African American students
- Lack of consistency in practice across the district Multi-Tiered System of Support (MTSS)
- Lack of implementation of consistent discipline procedures and practices, including pre-referral strategies not being implemented to interrupt student suspension

Identified Sites

Cameron Ranch, Encina, Greer, Howe, Pasadena, Sierra Oaks, Starr King and Thomas Edison

Sites have been selected based on data demonstrating that a sufficient sampling of the target population can be found at those sites

Target Population

Students with one or more days of suspension at the selected sites

San Juan Unified CCEIS Plan 2019 and 2020

Measurable Outcomes and Activities #1

Measurable Outcome:

The district will build a culturally responsive framework that leads to a reduction of 5% in suspensions.

Activities:

- Provide professional development (PD) in alignment with the 8 point commitment to educational justice
- Support sites to create equity teams (classified, certificated, parents, administration, district administrative support) who will assist at site level in conversations around equitable practices
- Expand and prioritize family and student voice

Measurable Outcomes and Activities #2

Measurable Outcome:

Identified sites will utilize the MTSS framework to build a tiered system of student support and intervention resulting in a 5% reduction in suspension

Activities:

- Identified target students placed on Student Support Center staff caseloads and Student Learning Plans created for each student
- Utilization of Social, Emotional, Behavior Risk Screener (SAEBRs) as a Universal Screener
- Continued training and support in Positive Behavioral Interventions and Supports (PBIS)

Measurable Outcome and Activities #3

Measurable Outcome:

Identified sites will increase their use of alternatives to suspension and other means of correction that lead to a reduction of 5% in suspensions.

Activities:

- Revise district behavior and suspension handbook to include other means of correction and alternatives to suspension
- Support identified sites with PBIS and Restorative Practices implementation
- Conduct monthly review of suspension data

Significant Disproportionality

2019 Comprehensive Coordinated Early Intervening Services Plan (CCEIS)

The California Department of Education (CDE) has identified certain Local Educational Agencies (LEAs) as significantly disproportionate based on race or ethnicity with respect to the identification of children with disabilities; the identification of children in specific disability categories; the placement of children with disabilities in particular educational settings; or the incidence, duration, and type of disciplinary actions, including suspensions and expulsions.

The purpose of this document is to describe requirements regarding significant disproportionality and Comprehensive Coordinated Early Intervening Services (CCEIS). The CCEIS requirements and instructions and budget and plan forms are designed to meet federal requirements for the use of CCEIS funds.

Federal Individuals with Disabilities Education Act Requirements (See Title 34 *Code of Federal Regulations* (34 CFR) section 300.647 determining significant disproportionality)

Under the federal Individuals with Disabilities Education Act (IDEA), determining significant disproportionality requirements, if a LEA is identified as significantly disproportionate, the LEA must reserve 15 percent of its 611 and 619 IDEA grant funds to address factors contributing to the significant disproportionality (See 34 CFR sections 300.646(c) and (d).) These services are for both students who currently receive special education services and who do not currently receive special education services, but who need additional academic and behavioral support to succeed in a general education environment. An LEA must develop a CCEIS plan to identify and address the factors contributing to the significant disproportionality in the LEA for the identified category (See 34 CFR section 300.646(d)(1).)

CCEIS activities must:

- Include children not currently identified as needing special education or related services but who need additional academic and behavioral support to succeed in a general education environment
- Address the needs of those student subgroups that were identified as the basis for the LEA's identification as significantly disproportionate, but not exclusively, for those student subgroups
- Focus on instructional activities for children age three through twelfth grade with primary focus on age three through third grade
- Allow expenditures on children ages three through five if an LEA has an established preschool program as part of the educational system
- Focus on academic and behavioral instructional services and professional development
- Occur within the allowable CCEIS budget period (27 months)

(See 34 CFR sections 300.646(d)(3) and (4).)

Budget and Allowable Expenditures Information for 2019 (See 34 CFR section 300.646(d)(1)(iii).)

The following are required for the development of the CCEIS Budget:

- CCEIS expenses for 2019 must conform to the U.S. Office of Special Education Programs (OSEP) IDEA part B regulations significant disproportionality (Equity in IDEA). For detailed allowable comprehensive Coordinated Early Intervening Services (comprehensive CEIS), please refer specifically to questions C-3-1 through C-3-10, pages 19 through 24, on the U.S. Department of Education web page at
<https://www2.ed.gov/policy/speced/guid/idea/memosdcltrs/significant-disproportionality-qa-2-23-17.pdf>
- Reserve 15 percent of the fiscal year 2019–20 IDEA grant funds for CCEIS. (refer to the OSEP regulations, questions C-3-6, page 21)
- IDEA funds budgeted for the 2019 CCEIS plan must be exhausted within the 27-month report period: July 1, 2019 through September 30, 2021. Implementation of CCEIS cannot begin until written approval of the CCEIS plan is provided by the CDE
- Clarification on appropriate use of CCEIS funds:
 - **Supplement not supplant:** CCEIS funds should only be used to supplement and not supplant, activities funded with and implemented utilizing, Part B funds or other federal funds (see 34 CFR section 300.266(e).) (refer to the OSEP regulations, question C-3-7, page 21 of 28).
 - **Professional development:** CCEIS professional development events are for preschool through grade twelve personnel who are responsible for students who need additional academic and behavioral support to succeed in the general education environment. (refer to the OSEP regulations, questions C-3-8, page 22)

Personnel who exclusively serve students with individualized education programs (IEPs) cannot be funded using CCEIS funds. However, special education personnel can be included in professional development activities associated with the implementation of CCEIS under certain circumstances. For example, if they do not increase the cost of the professional development, the quality of the professional development does not decrease and their participation does not lead to the exclusion of personnel who are serving students defined as needing additional support, then special education personnel may be included in professional development.

CCEIS planning process: Support the CCEIS planning process with a clear relationship to the development of the CCEIS plan. CCEIS funds may be used to hire a CDE-approved technical assistance facilitator to assist with development and the implementation of the CCEIS plan. To the extent that special education personnel are involved in developing the CCEIS plan, the LEA may use CCEIS funds to pay for this involvement.

Phase 1

1.1 Leadership Team: List members' names, emails, titles/roles and responsibilities related to the CCEIS plan. In small LEAs, there may be a group that covers both the leadership and stakeholder functions. Multiple roles may be assigned to one administrator or team member.

Name	Title/Role	CCEIS Team Responsibility for Development and Implementation of CCEIS Plan	Email
Dr. Debra Calvin	Assistant Superintendent of Educational Services	Assistant Superintendent of Educational Services, budget support and leadership, Superintendent's designee and cabinet liaison, Multi Tiered System of Support (MTSS) oversight, equity lens and cultural broker support, Student Support Center (SSC) leadership	debra.calvin@sanjuan.edu

Roxanne Mitchell	Director of Student Learning/Site Level Administrator	Oversee implementation of action plan at school site	roxanne.mitchell@sanjuan.edu

Do the members of this team have decision-making authority? What is the process for LEA approval of this CCEIS plan? Type answer here:

SJUSD leadership team is a cross-section of staff who have a variety of decision-making abilities within the organization and a single SELPA district. The CCEIS leadership team has quarterly meetings to review progress on plan initiatives and to collect data points. Key members of the CCEIS leadership team have decision making authority. The CCEIS leadership team has met weekly to complete the plan receiving technical assistance and meeting with stakeholders for feedback and approval.

Has your district been previously identified as significantly disproportionate? Yes or No.

Yes

If your district been previously identified as significantly disproportionate, list previous year(s) of identification (please include indicator(s) and race/ethnicity for each year ie 2017 Indicator 10, White Emotional Disturbance): **Indicator 10, emotional Disturbance 2013, 2014 Discipline, African American- 2014, 2015, 2015, 2016, 2016, 2017, 2017, 2018**

1.2 Stakeholder Group: List members' names, roles and CCEIS related responsibilities.

Provide the dates the Stakeholder group met and a summary of the work completed by the Stakeholder Group:

https://drive.google.com/drive/folders/1gOo_OKTZ92lsi2AvAapPjseOW5ksmTzg?usp=sharing

On the following dates 9/23/2019; 9/25/2019; 10/14/2019; 12/11/2019: Staff looked at suspension data, absenteeism data, and CAASP scores across schools, ethnicity, english language learners and students with disabilities. Staff developed commonalities and questions to look deeper at data. Staff participated in activities to challenge core beliefs about student success.

On the following dates 9/30/2019; 11/14/2019; 1/16/2020: With leadership support, individual school sites looked at their suspension data, graduation rates and attendance for students with disabilities. Individual sites looked at root causes and developed action plans.

Staff, students, parents, board members, and community members participated in data equity walks and LCAP meetings during the 2019-2020 school year. The parents representing the student group identified as significantly disproportionate are left blank intentionally. Unfortunately the team did not have a diverse parent representative on the stakeholder meetings to discuss data throughout the school year. Parents and community members attended LCAP meetings, listening sessions, and parent engagement nights that were not clearly identified as CEIS related. For the 2020-2021 school year two representatives have been invited to participate in the upcoming school year.

In June 2020, The district had 6 listening sessions including all stakeholders (parents, community partners, staff, students, administration) to discuss the institutional racism in the organization and what steps can be implemented to decrease the barriers to access and opportunity as well as increase students of color success in both behavior and academics.

1.3 List the activities the LEA has completed to support the development of the CCEIS Plan*:

Technical Assistance Support: accessing information via the SPP-TAP website, communicating with CDE FMTA consultants, communicating with SPP-TAP staff, participating in the virtual community of practice meetings, attending a regional session, Spring CCEIS workshops, and Fall CCEIS workshops.

*Communicated with CDE FMTA Consultant and Technical Assistance Facilitator; Participated in virtual Community of Practice (CoP) meetings; Attended CCEIS Workshop Phase 1 and 2; Attended CCEIS Workshop Phase 3 and 4

1.4 Choose Technical Assistance (TA) Facilitator(s)

Name the TA Facilitator(s) and describe current and anticipated services. LEAs are required to contract for a minimum of 10 hours or TA Facilitation for each area of identification. You must supply a copy of the contract or MOU for each TA facilitator. If you are using a non-SPP-TAP TA facilitator you must obtain prior permission from the CDE and supply a copy of the TA facilitator's resume and contract to the FMTA consultant.

1.5 Gather Relevant Data

List the relevant sources of data that are used to inform decision-making. Are there any additional data sources that would be beneficial but data was not available (e.g., Referral data by teacher, etc.)? (See *State Performance Plan Technical Assistance Project's website*:

<https://spptap.org/significant-disproportionality/sd-ceis-guidance-documents-and-forms/> for additional information.)

To inform practices and decision making, several types of data were collected. The following data points were utilized: disaggregated data by program and ethnicity in the areas of academic achievement, attendance, and discipline from the SJUSD information system, SEIS, CDE Dataquest, On Track in Illuminate, and CALPADS.

The following documents below were reviewed from years 2017-2018 to 2018-2019:

Types of data:

1. [CDE Dashboard](#)
2. [LCAP Data on Actions and Services](#)
3. [Climate Survey](#)
4. Achievement Data
5. LRE Analysis
6. Parent Surveys
7. Staff Surveys
8. California Healthy Kids Survey

9. [Suspension Data](#)
10. [Graduation Rates](#)
11. [Advanced placement classes](#) and [other advanced programs](#)
12. Students and staff interviews
13. Parent Interviews
14. [LCAP items addressing areas of disproportionality](#)
15. Cultural competency
16. Cultural lens in response to behavior and academic supports and interventions
17. Alternatives to suspension utilizing a culturally responsive approach

SJUSD data gaps fall in the category of needing more in depth data. We have an abundant amount of surface level data but when looking at root causes we have little to no data around more detailed information:

Examples include that we have accurate levels of suspension data but have data gaps in the number of referrals to the office or removal from class. In the AP data, we see that we are consistently tracking data such as the number of students who enroll in AP/IB classes yet we have data gaps in the completion rates and passing of the test. Student and staff interviews are often general prompts that ask about strengths and areas of growth and the gaps are around closing feedback loops as we plan to take actions and get feedback on actions taken. In addition, we have gaps in the area of Section 504. With further research we learned the data collected around Section 504 in the system was overwritten every year. With this discovery, this has been corrected moving forward. We have tried to collect data around students receiving intervention services, we purchased edoclimer to collect this data and learned during implementation that it was unable to produce the data reports that we were trying to track. So moving forward we will be tracking the support center interventions in the Illuminate MIS program and we are working on the protocols for this to be effective.

2.2 Complete a Programmatic Self-Assessment

Identify one or more of the approved Self-Assessment Tools used and describe the process of completion:

The annotated Checklist for Addressing Racial Ethnic Disproportionality (Wisconsin) provides three checklists that address: 1) district and school resource issues, 2) system policy, procedures, and practice issues at district, school and classroom levels, 3) environmental factors to identify possible root causes of disproportionality. This checklist helps stakeholders analyze racial and ethnic disparities in Special Education, restrictiveness of setting, and discipline. It is also useful in identifying inappropriate policies and practices that may be contributing to the disparities.

During the programmatic self-assessment process, members of the Technical Assistant Facilitator Team conducted two separate 90 minute focus groups on 6/12/2020. On June 12, 2020, Mike Giambona, Licensed School Psychologist and Suwinder Cooper, both Technical Assistant Facilitator team members, met with 13 of district school psychologists via Zoom. The SELPA director, provided an introduction and overview of the data with regard to the significant disproportionality of African American - discipline. The facilitators provided the context and the use of the identified self-assessment tool to formulate potential hypotheses around the contributing factors. The conversation was focused using specific questions from the Annotated Checklist that relate to the role of the psychologists from the three checklists which include: district and school resources; system policy, procedures & practice issues at the district, school and classroom levels and environmental factors.

On June 12, 2020, Technical Assistant Facilitators, Gary McHenry and Suwinder Cooper conducted a second 90 minute focus group with 28 elementary and secondary principals via Zoom. The SELPA director, provided an introduction and overview of the data with regard to the significant disproportionality of African American - discipline. The facilitators provided the context and the use of the identified self-assessment tool to formulate hypotheses around the contributing factors. Probing questions from the Annotated Checklist, relating to the role of the administrators were used to focus the conversation around district school and classroom levels, discipline, system policies, procedures and practises.

Anecdotal data was captured through written notes and compiled into summaries for both groups. Review of the anecdotal data from both groups revealed common themes around contributing factors. The results from the focus groups were shared with the leadership team via Zoom for discussion upon completion on June 23, 2020. The key themes that emerged include: implicit bias and teacher mindset; lack of consistent use of MTSS and interventions and lack of consistent procedures and practices in referrals.

These comments are reflected in the identified focus areas of the plan and are aligned with activities to address the root causes of disproportionality.

Some of the comments captured from the focus groups include the following:

Implicit Bias and Teacher Mindset

- Not a strong message from the top down
- Principals meet with students. We have systems in place but cobbling things together. No accountability on part of the district
- Explicit work around creating safe classrooms and student engagement
- Establishing safe climate for all students
- Are you listening to the students?
- Not about listening to the students at all
- Teachers bring their implicit bias into the classroom
- We do not engage in self-reflection and listen to our students
- What are our cultural norms? My eyes are still opening up. I am a White male from a middle class background. I started teaching, applying my cultural norms in my classroom, expecting them to act the way I grew up. Holding them to our expectations. I am learning? What is right and wrong is different for different people.
- Teachers need to do more relationship building
- Culture of the school- not really a welcoming environment at schools
- Teachers are angry. Pissed off. Angry adults. “I don’t want that kid in my sight”
- Adults have to be willing to admit that they own part of the problem
- We need to help teachers mend their relationship with the students
- K-5 equity issue is even bigger for ELL’s and for students of color
- Mindset: “those are not really our kids”, “I can’t teach” “The other kids can’t learn”.
- Culture of the district – “there is always another place for these students”
- Equity issues in SJUSD revolve around race, poverty and culture specifically indicating implicit bias creating barriers.
- Teacher mindset: there is still another place to move these kids to “push these kids out” and many English Language Learners, refugees, students of color demographics have changed but teacher attitudes and practices have not changed.
- West side feels different than the east side

- Equity issues in the district around race, poverty, culture
- Teachers can opt out of trainings and many do
- Teachers need cultural trainings, classroom management trainings
- Handful of students (students of color), we want the kids out, gunning for ED
- The demographics in our community has changed but the staff in the district has not changed. The staff have not been able to make the shift
- Systemic racism. Staff is not diverse. Not a lot of representation in our staff. People of color are pushed out, do not feel welcomed. It's an issue. You can't detangle the issues.
- A lot of ELL's & refugees, students of color, the demographics have changed but teacher attitudes and practices have not changed

- Teacher mindset – there is still another place to move these kids to” “Push these kids out

Lack of consistent use of MTSS and Interventions

- SJUSD is not consistent with interventions and independence given to sites creates wiggle room which leads to inconsistency across the district.
- There are both academic and behavioral interventions but they are not consistently implemented
- Interventions not done with fidelity
- PBIS – site specific. Not consistently implemented across all sites
- A lot of schools have PBIS but classrooms are not at all PBIS classrooms. Teachers get four trainings from Placer County but no follow up coaching for implementation in the classroom
- Inconsistencies in structure and procedures in intervention instruction and access to intervention curriculum.
- There is a need for consistency in procedures and practices. We have site based decision making and need more direction from the district on critical issues.

Lack of Consistent Procedures and Practices in Preferrals

- The leadership team makes decisions about professional development, at my site, they are part of the problem. If they are not willing to do the work, then I have to ask “What could I have done differently?” We are the adults on campus.
- As administrators we have received training on culture, de-escalation techniques, etc. personnel may not have had the training. There is actually a notebook for administrators on “Response to Behavior”
- We need to be more consistent in procedures and practices across schools in the district. We have site-based decision-making. Some of us believe that more direction from the district would help on some of these critical issues.
- We (principals) are in the middle with our classified staff. We are reactive, retroactively after the fact, once the incident has escalated.

- When there is an incident in a teachers class and there is a confrontation many teachers will insist on suspensions.
- Many discipline problems are caused by the reaction of adults
- Many Adults of campus see themselves in power. The students see them that way as well. If the Adult feels that the student is not respecting their power and authority they may go after the student or demand that something happens
- Many incidents start out small and because of the behavior of the adult escalate.
- What are we suspending for? Defiance – not the initial
- When the adult (teacher) comes to the interaction, things get amped up, way over responsive “Then what?” Escalating the situation- now there is a power struggle. Now the adult who does not know the student, has called in another teacher to side with them and they are now escalating with the student. Then we step in. We are reacting.
- Student behavior, immaturity, use conflict resolutions, restorative practices
- Pre-referrals – inconsistent across sites, some have great procedures in place, some don’t, no interventions going on
- Combination of teachers not having learned alternatives to suspension and struggling to work with trauma. They get scared, triggered, push for ED, “Get the kid out of here”
- Strong teacher’s union – Ed Code 48910 - Teachers can suspend students, so they do

During leadership training the principals were required to participate in action research using the continuous improvement cycle and the district equity lens. The district equity lens is: Through policies, practices, programs and decisions, San Juan Unified will reduce the predictability of which students fail by utilizing an Equity Lens to eliminate barriers for our unique populations. The principals selected a site specific problem of practice and spent a year collecting data and implementing an action plan to find solutions to the problem of practice. In review of the action plans 40% of the participants focused on exclusionary practices both in the classroom and as a whole site. Many of the action plans focused on exclusionary practices specifically called out the African American sub group. Actions focused on determining alternatives to home suspension calling out professional development on bias and culturally relevant pedagogy. In reviewing next steps, leaders believe there needs to be increased support and training in supporting staff in implementing culturally relevant strategies including but not limited to restorative practices, increasing student voice, creating inclusive, safe cultures for African American students. Individual schools participated with a facilitator using the Carnegie Principles of Improvement Plan to identify and design change for students at their school sites. Each site created a prototype based on data from the CA dashboard and developed a prototype overview, guiding questions, planning for implementation, prototype testing and indicators for success. School teams met weekly to review data and update plans.

While SJUSD was not identified for CCEIS in 2018, a review of the 2017 plan identified PBIS training, MTSS implementation and Restorative Practices as strategies. The current plan continues to utilize these strategies because we were moved out of CCEIS from 2017 to 2018. Further review shows us that we need to target our African American population specifically, therefore activities will be specific to our identified target population and specific schools who had 10% or more African American students and 80% socio-economically disadvantaged population and schools with high chronic absenteeism and suspension rates. In comparison to the 2017 plan, this plan will incorporate a specific progress monitoring plan, data analysis and stakeholder engagement.

2.3 Complete Reflective Data Analysis

In the quantitative data below, suspension rates, chronic absenteeism and identification of special education services will validate the anecdotal data that was collected in the focus groups. As we drill down to the root cause, it is becoming evident that there are three areas that will drive the work and have the greatest leverage in moving the district to more equitable practices and remove the identity of being significantly disproportionate for African American students.

SJUSD Data summary for select groups: There are charts in the document between section 1.5 and 2.1 that show programs disaggregated by ethnicity. To help support understanding of disproportionality, a summary is provided below: In 2016, African Americans comprised 7.4% of district enrollment of 39,726 students that were not enrolled in independent charter schools. African American students

- were 11.94% in special education
- 10.6% of socioeconomically disadvantaged students
- 19.9% of foster youth
- 20.2% of homeless students
- had a suspension rate of 18% and
- a chronic absenteeism rate of 29.8%

Hispanic Students comprised 23.1% of the district population and

- were 25.08% of students in special education
- 30.95 of socioeconomically disadvantaged students
- 24.9% of foster youth
- 33.6% of homeless students and had a
- suspension rate of 7.1% and
- a chronic absenteeism rate of 17.70%

White Students comprised 56.32% of the population in 2016 and

- were 56.09 % of students in special education
- 41.9% of socioeconomically disadvantaged students

- .48% of foster youth
- 34.5% of homeless students and had
- a suspension rate of 5.7% and
- a chronic absenteeism rate of 13.5%

In 2017 African American students comprised 7.1% of the district population of 39,805 students. African Americans

- were 11.54% in special education
- 10.60% socioeconomically disadvantaged
- 23.80% of foster youth
- 23.38% of homeless students and had
- suspension rate of 18%
- and a chronic absenteeism rate of 29.7%

Hispanics comprised 22.99% of the district population and

- were 26.22% of students in special education
- 30.98% of socioeconomically disadvantaged students
- 22.10% of foster youth
- 32.41% of homeless students
- had a suspension rate of 8.20% and
- a chronic absenteeism rate of 17.30%

White students composed 55.87% of the district population and

- were 54.29% of students in special education
- 43.73% of socioeconomically disadvantaged students
- 48.80% of foster youth
- 32.35% of homeless students and had
- a suspension rate of 5.8% and
- a chronic absenteeism rate of 12.80%

In 2018 African Americans comprised 6.79% of the district population of 39779 students and

- were 12.01% of students in special education
- 10.6% of socioeconomically disadvantaged students
- 21.46% of foster youth
- 21.00% of homeless students and had
- a suspension rate of 15.6% and
- a chronic absenteeism rate of 29.6%

Hispanics were 24.07% of the district population and

- were 25.74% of students in special education
- 27.70% of socioeconomically disadvantaged students
- 25.32% of foster youth
- 34.10% of homeless students and had
- a suspension rate of 6.10% and

- a chronic absenteeism rate of 16.70%

White students comprised 53.10% of students and

- were 54.25% of students in special education
- 43.73% of socioeconomically disadvantaged students
- 45.92% of foster youth
- 32.60% of homeless students
- 74.22% of students with a section 504 plan and had
- a suspension rate of 5.00% and
- a chronic absenteeism rate of 12.50%

African American students are suspended over two times their percentage in the population. African American students comprise approximately 20% of students who are foster youth or homeless and have a chronic absenteeism rate of over 29%. African American students are missing over 50 days of school each year. 74% of White students had a section 504 plan in 2018 compared to 5.8% of African Americans and 19.98% of Latino students.

Attendance data is collected by school site and ethnicity, disability, ELL, foster youth and students in special education. The district's overall attendance rate for 2018 is 95%. Attendance rates for African American students is 93%, foster youth students is 94% and students in special education is 94%. Student's with chronic absenteeism, which is calculated at more than 10% of days enrolled for all students, is 13.8%. The data for African American students is 26%, foster youth students is 19.5% and students in special education is 20.5%, while white students comprise 11.4% of chronically absent students. Data analysis revealed that African American students have a chronic absenteeism rate of 22% compared to white students comprising 12.5%. Further analysis of site specific data indicates that our special education center's have lower average attendance and higher chronic absenteeism for all students. Site specific attendance plans are developed to address individual student needs.

It is not surprising with the suspension rate and the chronic absenteeism rate of African American students that achievement is also disproportionately below. ELA and Math underperforming in CAASP with only 24% having met or exceed in ELA with district average of 45.1% and 14% in Math with a district average of 36.9%.

2.4 Determine Root Cause(s) Based on Data

Provide the identified Root Cause of disproportionality and describe the Root Cause (including supporting data).

Root causes of disproportionality include an intersection between beliefs and practices.

Root Cause	Description of Root Cause with Supporting Data
Implicit bias and lack of cultural awareness results in a disproportionate suspension of African American students	<p>Through leadership team analysis of focus group reports, the data indicate that the high rate of suspension for African American students is due to a lack of consistent system-wide discipline practices. In review of the leadership action plans from the professional development “Leading for Equity” it is evident that next steps will need to focus on implementing culturally responsive practices. These disparities in discipline practices by race, gender and perceived ability is evidenced by office referrals of African American students. While they continue to represent 7% of the student population African American students are suspended at a rate of 18% which is over two times their percentage in the population. This trend has continued over the last 5 years. Feedback from district surveys and district-wide listening sessions in June report that there is a bias towards African American students. The evidence collected in both suggests there is a negative perception of African American students and socioeconomic background contributing to bias. It also indicates that there is a need for clear systemic inclusive approaches to classroom discipline procedures, interventions and expectations. In conclusion, there is a belief that equitable practices are in action and in place, however, the evidence indicates that there is a high level of cultural bias when looking at African American students that are being suspended at a rate two times higher than other subgroups of students.</p> <p>Qualitative data from the CCEIS focus groups suggests:</p> <ul style="list-style-type: none"> ● Staff need to build stronger relationships with the students they serve. ● One of the key barriers to these relationships is the implicit bias that staff have towards students of color and are unaware of how these biases and impact students. ● Training is voluntary in the district and therefore only staff who are aware of their implicit bias participate in these training sessions. ● One outcome of staff implicit bias is when in conflict with a student they send to students out of class. <p>Connection between Qualitative and Quantitative Data</p> <ul style="list-style-type: none"> ● Without any culturally responsive strategies being used our students of color often feel the treatment towards them is unfair thus staff and students escalate the situation often resulting in suspensions for defiance. The suspension rate of African American students is tied to implicit bias as seen in this data: African Americans have a suspension rate of 15.6% compared to 6.10% for Latino Students and 5% for White students. ● In addition when trying to use in house suspension as an alternative to suspension this data still shows a disproportionate number of African American students. Inschool suspension rate for all students in SJUSD was 5.3% and for AA students it was 14.7%, Hispanic was 5.6% and white was 4.3%. ● Focus group data implies that the African American students are perceived as not belonging to the class as seen in this quote from the

	<p>focus group, “those are not really our kids”. Students who have experienced this mindset may disengage and have a higher rate of absenteeism and may explain this data point: African American have a chronic absenteeism rate of 29.6% compared to 16.7% for Latino students and 12.5% for White students.</p>
Lack of consistency in practice across the district Multi- Tiered System of Support	<p>The focus group consisting of secondary school vice principals and school psychologists indicate the lack of consistency across sites regarding response to intervention practices. The team also identified the need for procedures and practices creating consistency regarding student discipline.</p> <p>The following is a summary from the focus group:</p> <ul style="list-style-type: none"> ● Need to increase clarity around specific prevention and intervention systems ● Sites need to build a comprehensive system for both behavioral and academic intervention. ● Inconsistent implementation across the district for universal support programs and strategies, including implementation of the PBIS framework ● Inconsistent use of behavioral and academic assessment to support early intervention planning for students <p>While we have not yet had specific feedback loops in other stakeholder groups regarding MTSS, our actions moving forward will include other stakeholder groups, leadership and parent groups.</p>
Lack of Implementation of Consistent Discipline Procedures and Practices including preferral strategies not being implemented to interrupt student suspension	<p>Lack of Implementation of Consistent Discipline Procedures and Practices</p> <p>Data suggests a disproportionate number of African American students have higher rates of exclusionary discipline in comparison to other student ethnic groups. An evaluation of policies, practices, and procedures by our focus groups suggests that district policies be reexamined. A review of the focus group qualitative data suggests:</p> <ul style="list-style-type: none"> ● When conflict between students and staff occurs there is often an escalation of that conflict resulting in students being sent to the office. ● A need for consistent use of de-escalation techniques in combination with restorative practices to solve these conflicts pre-referral. ● Escalated situations are then used to remove students from a class for defiance/disruption. ● The teacher mindset is that the situation has met the criteria and it is their right to suspend the students under Ed code 48910. ● This mindset can be tied to the lack of consistent implementation of PBIS and Restorative practice strategies. ● This results in the disproportionate rate of African American students being suspended. <p>A separate review of suspension data was completed with Principals and</p>

	<p>Vice Principals during a meeting with the Director of Student Services and it was discovered that specific policies were not being adhered to related to student discipline practices.</p> <ul style="list-style-type: none"> • Suspensions were administered for a “first offense” with no prior documentation of “other means of correction” nor evidence of student danger to the campus. • In other instances, students were suspended for incidents not allowable under state or district policy (e.g. failure to attend Saturday School). • These suspensions were in violation of state and district policies. <p>Stakeholder feedback was collected utilizing district LCAP data walks by all schools, including community members, students, parents, and cabinet members.</p> <p>While we have not yet had specific feedback loops in other groups regarding suspension, our actions moving forward will include other stakeholder groups, leadership and parent groups.</p>

Phase 3

3.1 Develop a Programmatic Improvement Action Plan

Complete information below for each measurable outcome (cut and paste empty boxes for additional outcomes).

3.1a Area of Focus

Root Cause	Areas of Focus	Connection between Root Cause and Areas of Focus
Implicit bias and lack of cultural awareness results in a disproportionate suspension of African American students	Increase the site level capacity to support African American students success through staff training around and compassionate dialogue, forming equity teams to establish protocols and procedures around equitable practices, and increase student and family voice through listening sessions.	There is a staff cultural dissonance and staff mindset regarding staff lowering expectations of African American students and improving the outcomes for the students of this specific population for success. Through the implementation of a multi-faceted approach to the root cause it is believed that this will assist in changing mindset and

		changing practices across sites while also building site capacity to sustain newly formed practices and procedures.
Lack of consistency in practice across the district Multi- Tiered System of Support	Identify and implement strategies to ensure there is fidelity in the implementation of comprehensive MTSS support across the district.	Lack of consistent systems of prevention and intervention has led to increased exclusionary practices. Support Center staff will provide direct support to students and assist sites in building their prevention and intervention systems utilizing the district MTSS framework and the PBIS framework
Lack of Implementation of Consistent Discipline Procedures and Practices including preferral strategies not being implemented to interrupt student suspension	Identify and implement appropriate prevention and intervention systems at school sites using restorative practices and PBIS framework	Lack of implementation of consistent practices to address student behavior utilizing alternatives to suspension strategies

3.1b Complete Review of Policies, Practices and Procedures

PPP Matrix

The policies, practices, and procedures were reviewed and updated for the 2020-2021 plan.

Describe how the budget allocation aligns with the Programmatic Improvement Action Plan. (*See Section 3.2b.*)

Measurable Outcome #1:

By September 2021, the district will build a culturally responsive framework that leads to a reduction of 5% in suspensions.

Indicator/Element(s):

Discipline/ Suspensions

Root Cause(s):

Implicit bias and lack of cultural awareness results in a disproportionate suspension of African American students.

Lack of Implementation of Consistent Discipline Procedures and Practices including preferral strategies not being implemented to interrupt student suspension

Target Population:

Target Eight of our K-8 and middle schools were chosen as our **Target Schools** because they have over 10% AA students. These sites are Cameron Ranch, Encina, Greer, Howe Ave, Pasadena, Sierra Oaks, Starr King, and Thomas Edison. Our target population at these sites is students with one or more suspension. 128 students have been identified and we will track their attendance, suspension and referrals to special education.

Activity:

1. The **Target Schools** have been involved at varying levels in the improvement cycle in the area of school culture and decreasing exclusionary practices as seen in the review of the Single Plan for Student Achievement. In order to align the site SPSA and the CCEIS plan, initial collaborative meetings with site leadership teams and co-facilitated staff meetings will be held with members of the CCEIS leadership team. The goal of these meetings will be to increase the staff's active engagement in the improvement process as related to serving the African American youth. This will be the first priority and will be completed before the SPSA are due in December so that there can be alignment.
2. Design and implement nine hours of professional development for administration and certificated staff in strategies to build an inclusive school culture and increasing diverse representation across the site, building collective capacity to have courageous conversations and interrupting both implicit and explicit inequities, and build Anti- Racist/ Anti Bias Instruction within the curriculum. Participants will explore their personal and institutional biases and identify more culturally relevant approaches for serving the identified students by June 2020. The professional development will include actions of the staff to create improvement cycles for their grade level/department focused on the African American students population and the identified students. This is linked to a careful examination of discipline actions taken and strategies to address patterns of concern. Professional Development for classified staff with a focus on cultural responsiveness and skill building will be held with culturally responsive strategies to be used outside the classroom. Other professional development will be offered to all staff to support staff in moving along their equity journey that is differentiated and based on the cultural awareness of the staff member.
3. Support the above mentioned school sites to create equity teams (Classified, Certificated, Parents, Administration, District admin support) who will assist in systematizing site level conversations around equitable practices as well as anti-racist/antibias actions. Each site will use equity walks/ audits that will be recommended by the district to determine areas of growth for their site. From this data, each site will determine site specific actionable goals to implement and progress monitor through the year. Each site will be supported with district equity liaisons to support site level conversations, determining goals, and implementing actions at least three times during the 20/21 school year. Other coaching and mentoring will be made available upon request. The Equity site team will support the implementation of actions that may include improving inclusive classroom culture, improving inclusive playground culture, integrating multiple

perspectives in the curriculum and will monitor levels of implementation of actions and will share with staff, parents and families at least 2 times through the year.

4. Target schools will expand and prioritize family and student voice in making decisions about the best ways to support students both academically and behaviorally. Sites will invite all community stakeholders of the identified students (teachers, support staff, students, families) in listening sessions at least 2 times a year to report progress in activities of the #CCEIS plan and provide a forum for continuing conversations about institutional and structural racism. This data will be shared with the site and CCEIS leadership teams, site equity team, whole staff and at District Stakeholder meetings to determine if adjustments need to be made to current actions.

5. Staff Responsible:

Director of Equity, Director of Student Services, Director of MTSS, Director of Special Education

Timeline:

By January 1, 2021

Data Sources/Methods for Evaluating Progress:

1. Minutes of collaborative meetings at Target Schools, Results of Survey of Target School Staff
2. Examples of Target Site improvement cycles, Zoom attendance reports of the 9 hours of PD, Report of findings from staff self reflection survey along their equity journey
3. Samples of the Target Site Equity Walks outcomes and a summary of Target Site findings, Implementation plan of Target Sites, and Minutes of Role groups (staff, parents, and families) feedback meetings
4. Listening sessions data will be collected through jamboards. Themes and patterns will be created through a review by the leadership team, equity team and staff
5. Baseline suspension data will be collected by ethnicity and by offense to monitor evaluation of progress by selected sites and students.
6. District will measure change with regards to this root cause through improvement in student outcome data (chronic absence, discipline referrals, and suspensions). This data will be gathered and reported on a quarterly basis.

Measurable Outcome #2:

By September 2021, identified sites will utilize the San Juan MTSS framework to build a tiered student support and intervention resulting in a 5% reduction in suspension.

Provide Indicator/Element(s):

Illuminate On Track Reporting System (grades, academic performance, attendance and behavior)

Suspension and attendance data

Root Cause(s):

Lack of consistency in practice across the district Multi- Tiered System of Support

Lack of Implementation of Consistent Discipline Procedures and Practices including preferral strategies not being implemented to interrupt student suspension

Target Population:

Eight of our K-8 and middle schools were chosen as our **Target schools** because they have over 10% AA students. These sites are Cameron Ranch, Encina, Greer, Howe Ave, Pasadena, Sierra Oaks, Starr King, and Thomas Edison. Our **targeted student population** at these sites is students with one or more suspension. 128 students have been identified and we will track their attendance, suspension and referrals to special education.

Activity:

1. Each targeted site is supported with Student Support Center staff 3 half days per week. The Support center staff consists of counselors, social workers and/or academic intervention specialists that provide direct intervention to students as well as support for teachers at the site. Targeted students will be placed on support center staff caseloads and staff will check-in with students weekly and document their progress in our Student Information System (Q).
2. Support center staff will develop learning plans with each of the target group students to identify areas of support or intervention that will be provided as well as what progress monitoring tool will be used to be collected to measure effectiveness. Based on each of the students individual needs, examples of what may be offered to the students include tutoring, anger management, and social skills lessons. Student progress will be monitored and reported quarterly. Monthly collaborative meetings will be held with support center staff, classroom teachers and school staff to review the plans, monitor data and modify as needed.
3. Support center staff will attend listening sessions with parents of target group students to identify needs for support. The information gathered during these sessions will be shared with targeted site leadership teams.
4. Training will be provided to targeted sites on using SAEBRs and mySAEBRs as a universal screener as a proactive approach to providing support to students identified as at risk for social behavior problems, academic behavior problems and emotional behavior problems. The data collected from administering will then be utilized by support center staff to assist the sites in building a tiered intervention system that matches support and interventions to the identified needs of students measuring at risk on the screeners. SAEBRs might be challenging to complete due to distance learning and not meeting recommended time for teacher /student interaction. My SAEBRs is student self identifying and will be used more heavily if distance learning remains in effect.
5. Support center staff will receive additional leadership training and coaching from our Technical Assistance partners at Placer County Office of Education on how to further support their targeted sites with

the implementation of PBIS. After the training, support center staff will complete a self-reflection and action plan to outline their next steps in supporting their sites.

Phase 4

4.1 Implement Programmatic Improvement Action Plan

List staff responsible for oversight of CCEIS activities (including submission of Progress Report and Quarterly Expenditure Reporting Forms). If these are submitted from different departments (such as business and program), two individuals may be identified.

Staff Name	Reports to Submit (Progress, Budget, or Both)	Email
Vanessa Adolphson	Progress Monitoring & Report	vadolphson@sanjuan.edu
Diana Marshall	Attendance of training- Equity	diana_marshall.@[sanjuan.edu]
Christine Moran & Susan Green	School Site Data for Target Population	christine.moran@sanjuan.edu sgreen@sanjuan.edu
Dominic Covello & Susan Green	School Site Data	dcovello@sanjuan.edu sgreen@sanjuan.edu

4.2 Evaluate Effectiveness

Describe the process for ongoing collection and analysis of data related to the measurable outcomes outlined in the Programmatic Improvement Action Plan. This includes tracking of target students, sending out feedback surveys, gathering and sharing data with stakeholders, and adapting the action plan based on data.

The leadership and implementation teams will be responsible for collecting, reviewing, and analyzing data on a quarterly basis to make informed decisions and adjust the plan as appropriate. The data points will continue to be drawn from suspension data in Q SIS, SEIS, CalPADS, and the CDE Dashboard. Targeted students will be addressed to gauge the success of the intervention and supports during these convenings.

4.3 Build Supports and Sustainability

Describe the process for adding support for sustainability of CCEIS activities that demonstrate success in reducing disproportionality. Consider LCFF/LCAP, blended funding, grant writing, and other funding sources.

In order to build support and sustainability, each of the action items is aligned with the district's LCAP goals and action steps and thus tied to sustained funding. The alignment of SPSAs to the CCEIS plan will help ensure sustainability as well at site level.

The Director of Special Education will meet quarterly with the Leadership Team. The goal of these meetings are to ensure continued alignment of the CCEIS Plan with the district's LCAP Goal 2: Foster respectful, equitable, collaborative, and reflective school and district cultures that ensure academic success and social-emotional well-being for each student.

Stakeholder meetings held quarterly to discuss data on the implementation of the sites intervention plans and activities. The activities are leading to sustainability as we are building capacity of school sites to continue the work. For example, equity teams, collaborative meetings at identified Target schools, and improvement cycles at schools.

Funding will be reviewed in regards to the CCEIS plan's measurable outcomes' success in addressing disproportionality. Target data will be collected, reviewed, and analyzed on a quarterly basis to determine that measurable outcomes have been achieved to reduce disproportionality. With the flux of the COVID 19 pandemic we will need to make budget adjustments based on services virtually and/or in person.

4.5 Complete and Submit CDE Feedback survey

List staff responsible for completing and submitting surveys provided by CDE at the end of the CCEIS period.

The superintendent is recommending that the board adopt Resolution No. 3045 amending the district's graduation requirements for the Class of 2021, by reducing the requirements to align with the minimum State of California graduation requirements due to the impact of the COVID-19 pandemic.

RATIONALE/BACKGROUND:

Since the shutdown of schools on March 13, 2020, due to the COVID-19 pandemic, the Class of 2021 has struggled academically, socially and emotionally. Even though the district has developed both academic and social emotional supports to help the seniors, many have fallen behind and will not be able to recover by the end of the school year. Through an analysis of data and state requirements, district staff are recommending the board consider a reduction of district required courses and credits for the Class of 2021.

SAN JUAN UNIFIED SCHOOL DISTRICT Resolution No. 3045

Resolution to Amend District Required Graduation Requirements

WHEREAS, the SAN JUAN UNIFIED SCHOOL DISTRICT has been in distance learning since March 2020 due to the COVID-19 global pandemic. Students have experienced significant challenges in receiving the instructional support needed to succeed and recover credits that would have been possible during normal conditions. It is unlikely that seniors will return to full in-person instruction prior to the conclusion of the 2020-2021 school year, and

WHEREAS, District Board Policy 6146.1, High School Graduation Requirements, sets forth the district's requirements for graduation from high school in accordance with the minimum graduation requirements as determined by the California Department of Education and as set forth in Education Code section 51225.3, and

WHEREAS, in some areas, the district's graduation requirements exceed the minimum graduation requirements determined by the California Department of Education and as set forth in Education Code section 51225.3, and

WHEREAS, a number of seniors will not have the required credits to graduate in accordance with the existing board approved graduation criteria that exceeds the criteria established by the California Department of Education but will have earned the credits required to graduate pursuant to the minimum criteria set by the California Department of Education, and

WHEREAS, the San Juan Unified School District Superintendent and Board of Education recognize the responsibility to support students in gaining their high school diploma in these unprecedented times, and

WHEREAS, the below recommendation has been presented by Kristan Schnepp, Senior Director, Secondary Education and Programs, and

WHEREAS, this Board Resolution will provide the resources necessary to ensure an optimal opportunity for students to graduate on time, and

WHEREAS, the district administration and counselors shall work directly with affected students and parents, in order to maximize the success of seniors;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Education as follows: Board Policy 6146.1 will be amended for the class of 2021, and the required credits for graduation will be decreased from 220/280 to 130 for all high schools.

BE IT FURTHER RESOLVED, that the following graduation requirements, will be amended/omitted for the class of 2021:

- 1 year (10 credits) of English Language Arts;
- 1 quarter (2.5 credits) of Health;
- 1 semester (5 credits) Social Studies elective;
- All elective credits; and
- Any site-based, board-approved, graduation requirement

IN WITNESS WHEREOF, we, the members of the Board of Education of the SAN JUAN UNIFIED SCHOOL DISTRICT of Sacramento County, California, hereunto set our hands this 13th day of April 2021.

San Juan Campuses Charter School Renewal Petition

ACTION REQUESTED:

The superintendent is recommending that the Board of Education grant the California Montessori Project - San Juan Campuses Charter School (CMP) renewal petition for a term of five years starting July 1, 2021, through June 30, 2026. The term for this charter will expire on June 30, 2021, unless approved for renewal by the Board of Education.

RATIONALE/BACKGROUND:

CMP has operated in San Juan as an independent charter for the past 14 years. CMP serves students in grades TK-8.

Education Code section 47607, subdivision (b) states that “[r]enewals and material revisions of charters are governed by the standards and criteria described in 47605 and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.” The Board of Education may deny a renewal petition if the charter school fails to meet the standard for renewal outlined within the *Criteria for Renewal* Education Code section 47605.

The district's charter review team has thoroughly studied the charter renewal petition and CMP has provided all necessary information, additions and/or changes as requested during the review process.

An MOU agreement will continue to define the specific financial and operational relationship between CMP and the district and resolve other matters of mutual interest not otherwise contained within the terms of each charter petition. It is the intent of the MOU that CMP not be a fiscal burden to the district.

A copy of the charter petition is available for review in the Board of Education office.

**FINDINGS OF FACT AND RECOMMENDATIONS REGARDING CHARTER PETITION RENEWAL
FOR
CALIFORNIA MONTESSORI PROJECT - SAN JUAN CAMPUSES CHARTER SCHOOL**

March 29, 2021

INTRODUCTION

On January 14, 2021, California Montessori Project - San Juan Campuses charter school (“CMP”) submitted a charter school renewal petition to the San Juan Unified School District (“district”). This renewal petition was submitted for a five year term starting July 1, 2021 and continuing through June 30, 2026. CMP is an independent charter school authorized by the district since 2014. CMP serves students in grades TK-8.

The Board of Education held a public hearing on February 23, 2021, to hear from the petitioners and consider the level of support for the petition. The district’s charter review team has thoroughly studied the charter renewal petition and CMP has provided all necessary information, additions and/or changes requested during the review process. Under new state law Assembly Bill (AB) 1505, resulting in Education Code section 47605(b), district staff recommendations, including the recommended findings, will be published 15 days prior to the public hearing at which the Board of Education will take action to either grant or deny the charter renewal petition.

APPLICABLE LAW

Education Code section 47607, subdivision (b) states that “[r]enewals and material revisions of charters are governed by the standards and criteria described in 47605 and shall include, but not be limited to, a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed.” The Board of Education may deny a renewal petition if the charter school fails to meet the standard for renewal outlined within the *Criteria for Renewal* Education Code section 47605. A renewal petition shall not be denied unless the district makes written factual findings that support one or more of the following findings:

- (1) The charter school presents an unsound educational program for students during the term of its charter. (Education Code section 47605(c)(1).)
- (2) The charter school is demonstrably unlikely to successfully implement the program set forth in the petition. (Education Code section 47605(c)(2).)
- (3) The petition does not contain the necessary affirmations set forth in the Charter Schools Act. (Education Code section 47605(c)(4).)

- (4) The petition does not contain reasonably comprehensive descriptions of the 15 required elements set forth in the Charter Schools Act. (Education Code 47605(c)(5).)
- (5) The petition does not contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with section 3540) of Division 4 of Title 1 of the Government Code.

SUMMARY OF FINDINGS OF FACT

1. For a charter school's renewal petition to be approved, it must present a sound educational program for its students, based on the past performance of the charter school. Under new state law AB 1505, Education Code 47607, a charter authorizer must consider the charter school's performance on indicators included in the California School Dashboard when evaluating a renewal petition. This new renewal process creates three tiers of renewal:
 - a. High Performing Charter Schools
 - b. Middle Performing Charter Schools
 - c. Low Performing Charter Schools

A school's identification as belonging to one of the above tiers is determined by the California Department of Education ("CDE") based on Dashboard data. The CDE publishes the list of charter schools and their renewal tiers.

California Montessori Project - San Juan Campuses charter school falls in the Middle Performing tier. Schools in the Middle Performing tier may be renewed for a term of five years. (Education Code 47607.2(b).)

When evaluating charter schools that are in this tier, authorizers shall consider schoolwide performance and performance of all subgroups on the Dashboard and shall provide "greater weight" to performance on measurements of academic performance in determining whether to grant a charter renewal. The authorizer shall also consider clear and convincing evidence, demonstrated by verified data, showing either the school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school, or strong postsecondary outcomes equal to similar peers. In addition, authorizers shall consider "verified data" for renewal of charter schools. According to Education Code section 47607.2(c), "verified data" is defined as "data derived from nationally-recognized, valid, peer-reviewed and reliable sources that are externally produced," including postsecondary outcomes.

On June 29, 2020, Governor Newsom signed the 2020 Budget Act and accompanying budget-implementing legislation, including Senate Bill (SB) 98 (Chapter 24, Statutes of 2020), the Education Omnibus Trailer Bill. Included in this bill is the following: “The new renewal standards in Education Code sections 47607 and 47607.2 that depend on Dashboard indicators and state-average performance levels for the two consecutive years immediately preceding renewal have been modified for renewals that would depend on such results for 2019-2020 since there will be no results for that year. In those cases, the renewal standards are now keyed to the results in two of the three years immediately preceding renewal.”

After analyzing the Dashboard data, the review team found the following results in overall performance level and significant subgroup performance level. (In the renewal petition, charter element “Measurable Student Outcomes,” CMP provides a comparison to San Juan Unified School District and similar schools within San Juan Unified School District). CMP made measurable increases in academic achievement in both English Language Arts (ELA) and Math during the previous two years 2017-2018 and 2018-2019. Increases also occurred between 2017-2019 overall with significant subgroups.

Education Code section 47604.32 identifies the oversight duties of a charter authorizer, including a visit to each charter school at least annually and ensuring that each charter school under its authority complies with all reports required of charter schools by law. In carrying out the oversight duties, the charter authorizer representatives will continue to monitor academic performance through the annual report (informational report due in May of each year - Education Code section 47604.33) and the Local Control Accountability Plan (LCAP) and any other reports required by CDE (i.e. Learning Continuity Plan, etc.) in order to verify that the charter school is taking meaningful steps to improve academic performance.

During the week of February 22 through February 26, 2021, a district representative conducted virtual classroom visitations at CMP. These visitations, conducted across grade levels, verified the implementation of the educational program outlined in the renewal petition. The representative observed standards-based lessons in all classrooms, as well as cohesive practices and strategies that reflect the Montessori approach to education and support the school mission and vision.

The district’s charter review team has thoroughly studied the charter renewal petition and has determined that CMP presents a sound educational program as evidenced by student academic performance and therefore meets this requirement for renewal.

2. For a charter school’s renewal petition to be approved, it must provide evidence that it has the capacity to implement the program set forth in the petition. This includes (but is not limited to) a sound financial and administrative plan, a description of facilities (including location(s) and current and projected availability), etc.

The district's charter review team has thoroughly studied the charter renewal petition and has determined that CMP has provided the necessary evidence in the petition to meet this requirement for renewal.

3. For a charter school's renewal petition to be approved, it must include the necessary affirmations set forth in the Charter Schools Act. (Education Code section 47605(c)(4).)

The district's charter review team has thoroughly studied the charter renewal petition and has determined that CMP has provided the necessary affirmations in the petition to meet this requirement for renewal.

4. For a charter school's renewal petition to be approved, it must contain reasonably comprehensive descriptions of the 15 required elements set forth in the Charter Schools Act. (Education Code section 47605(c)(5).)

The district's charter review team has thoroughly studied the charter renewal petition and has determined that CMP has included reasonably comprehensive descriptions of the 15 required elements set forth in the Charter Schools Act.

5. For a charter school's renewal petition to be approved, it must contain a declaration of whether or not the charter school shall be deemed the exclusive public employer of the employees of the charter school for purposes of Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

The district's charter review team has thoroughly studied the charter renewal petition and has determined that CMP has included the appropriate declaration.

CONCLUSION AND RECOMMENDATION

Accordingly, based on the above findings, the district's charter review team recommends to the superintendent that the renewal petition for California Montessori Project-San Juan Campuses charter school be granted for a term of five years, commencing on July 1, 2021 and continuing through June 30, 2026.

**RESOLUTION CONVEYING EASEMENT IN REAL PROPERTY TO COUNTY OF
SACRAMENTO**

WHEREAS, San Juan Unified School District (“District”) owns real property located at 4925 Dewey Drive, Fair Oaks, California, in the County of Sacramento, State of California, bearing Assessor’s Parcel Number (APN 236-0060-026 & 009);

WHEREAS, Sacramento County (“County”) has requested that the District convey to County, Public Roadway, and Public Facilities Easement (“ROW Easements”) for right of way purposes, over an area real property on APN (236-0060-026 & 009) of approximately 0.59 acres +/-, as generally described and depicted in Attachment B (“Easement Area”);

WHEREAS, the purpose of the ROW Easement is for County to construct, reconstruct, repair and forever maintain an easement for a public roadway and public utilities;

WHEREAS, Sacramento County (“County”) has requested that the District convey to County, Drainage Pipeline Easement (“Drainage Easements”) for construction purposes, over an area real property on APN (236-0060-026 & 009) of approximately 1.16 acres +/-, as generally described and depicted in Attachment B (“Easement Area”);

WHEREAS, the purpose of the Drainage Easement is for County to construct, reconstruct, maintain, repair, replace and operate a storm water drainage pipeline that currently runs thru the Del Campo High School campus;

WHEREAS, the Easements are not now and will not at the time of delivery of possession to County be needed exclusively for classroom or other purposes by the District;

WHEREAS, it is in the best interest of the District to transfer the Easements to County in that County will maintain the public utility improvements;

WHEREAS, pursuant to Education Code section 17557, et seq., the District adopted a Resolution of Intention to Convey Easements at its meeting of March 9, 2021, published and posted such Resolution as prescribed, and thereafter held a public hearing on such conveyance on April 13, 2021;

WHEREAS, no written protest were filed in connection with the proposed conveyance of said Easements.

NOW, THEREFORE, the San Juan Unified School District Board of Education does hereby resolve as follows:

Section 1 Recitals. The foregoing recitals are hereby adopted as true and correct.

Section 2 Conveyance of Easement. Pursuant to Education Code sections 17556, et seq., the District hereby conveys to County the above-described Easements for so long as such Easements are used for the aforesaid purposes. Whenever the Easements are no longer used for said purpose, the interest hereby conveyed shall automatically revert to the District or its successors.

Section 3 Execution of Easement Deed. The Secretary of Board of Education of the District is hereby authorized to execute an easement deed or deeds for the conveyance of the Easements to County on behalf of the District, subject to such changes to the terms of the easement deed or deeds as may be necessary or appropriate to carry out the provisions of this authorizing Resolution.

EASEMENT FOR DRAINAGE PIPELINE

San Juan Unified School District, a political subdivision of the State of California,

hereinafter referred to as GRANTOR, does hereby grant to the COUNTY OF SACRAMENTO, a political subdivision of the State of California, hereinafter referred to as the COUNTY, an easement for drainage, ingress and egress and maintenance purposes (hereinafter referred to as the "Drainage Pipeline Easement") including installing, constructing, reconstructing, improving, operating, maintaining and repairing a storm water drainage pipeline and inclusive of ingress and egress thereto for pedestrians, vehicles and equipment necessary or convenient to access, operate, maintain, restore or repair said Drainage Pipeline as the COUNTY may require, together with all necessary appurtenances appertaining thereto, a perpetual right of way over, under, upon and across all that real property situated in the County of Sacramento, State of California, described as follows:

SEE EXHIBITS "A" and "B" ATTACHED HERETO AND MADE A PART HEREOF

Notwithstanding the Drainage Pipeline Easement granted hereby, but subject to the limitations stated below, GRANTOR, without first seeking COUNTY approval, retains the right to install improvements within the above-described easement area limited to landscape irrigation systems, groundcover and shrubs that do not exceed five feet in height. Installation of all other improvements within the easement area or that may extend into the easement area, shall first require permitting by the Sacramento County Water Agency, or its successor agency. Damage to said herein authorized or permitted improvements caused by the COUNTY'S use of the easement shall be either repaired or replaced, or the costs therefore shall be paid by the COUNTY to the GRANTOR, as the COUNTY in its sole discretion shall elect. Any use of the easement area which is not compatible with, or interferes with, the rights herein granted shall not be allowed. Improvements installed in violation hereof may be removed and the cost of removal shall be at the expense of the GRANTOR or successors in interest.

**RESOLUTION BY THE SAN JUAN UNIFIED SCHOOL DISTRICT
BOARD OF EDUCATION**

**RESOLUTION CONVEYING EASEMENT IN REAL PROPERTY TO CITY OF
CITRUS HEIGHTS**

WHEREAS, San Juan Unified School District (“District”) owns real property located at 8248 Villa Oak Drive, Citrus Heights, California, in the County of Sacramento, State of California, bearing Assessor’s Parcel Number (APN 224-0162-024-0000);

WHEREAS, City of Citrus Heights (“City”) has requested that the District convey to the City, Multi-Use Trail Easement (“Easements”) for easement purposes, over an area real property on APN (224-0162-024-0000) of approximately 22,763 sqft +/-, as generally described and depicted in Attachment A (“Easement Area”);

WHEREAS, the purpose of the Easement is for the City to construct, reconstruct, repair and forever maintain an easement for a public multi-use trail;

WHEREAS, the Easements are not now and will not at the time of delivery of possession to County be needed exclusively for classroom or other purposes by the District;

WHEREAS, it is in the best interest of the District to transfer the Easements to City in that the City will maintain the public multi-use trail improvements;

WHEREAS, pursuant to Education Code section 17557, et seq., the District adopted a Resolution of Intention to Convey Easement at its meeting of March 23, 2021, published and posted such Resolution as prescribed, and thereafter held a public hearing on such conveyance on April 13, 2021;

WHEREAS, no written protest were filed in connection with the proposed conveyance of said Easements.

NOW, THEREFORE, the San Juan Unified School District Board of Education does hereby resolve as follows:

Section 1 Recitals. The foregoing recitals are hereby adopted as true and correct.

Section 2 Conveyance of Easement. Pursuant to Education Code sections 17556, et seq., the District hereby conveys to City the above-described Easements for so long as such Easement is used for the aforesaid purposes. Whenever the Easement is no longer used for said purpose, the interest hereby conveyed shall automatically revert to the District or its successors.

Section 3 Execution of Easement Deed. The Secretary of Board of Education of the District is hereby authorized to execute an easement deed or deeds for the conveyance of the Easement to

City on behalf of the District, subject to such changes to the terms of the easement deed or deeds as may be necessary or appropriate to carry out the provisions of this authorizing Resolution.

RESOLUTION BEFORE THE SAN JUAN UNIFIED SCHOOL DISTRICT
BOARD OF EDUCATION TO SIGN A RESOLUTION
 (Intent to Convey an Easement)

WHEREAS, section 17556, et seq. of the Education Code authorizes the San Juan Unified School District (“District”) to dedicate or convey an easement/real property to municipal corporations for public streets or highways and to a public corporation, to lay, construct, reconstruct, maintain and operate water, sewer, gas, or storm drain facilities or ditches, electric or telephone lines, and access roads used in connection therewith, either with or without consideration and without a vote of the electors of the District being taken;

WHEREAS, the District desires to dedicate a permanent easement for access and maintenance to the Citrus Heights Water District for the purpose of construction, reconstruction, installation, replacement, removal, repair, alteration, operation, maintenance, inspection and use, of a four inch water main and fire hydrant within the easement area and through that certain real property in the City of Citrus Heights, County of Sacramento, State of California, at Skycrest Elementary School, located at 5641 Mariposa Avenue, Citrus Heights, CA 95610. The proposed easement is specifically described in **Exhibit “A”** attached hereto and incorporated herein by the reference (hereinafter referred to as the “Easement”); and

WHEREAS, the District desires to give notice of its intent to dedicate to the Citrus Heights Water District the Easement described above and to call a public hearing in connection therewith.

NOW, THEREFORE, the Board of Education of San Juan Unified School District does hereby resolve as follows:

Section 1. The foregoing recitals are hereby adopted as true and correct.

Section 2. The District declares its intent to dedicate and convey the Easement to the Citrus Heights Water District, as described and depicted in **Exhibit “A”** for the purposes set forth in the Grant of Easement Document attached here forth.

Section 3. The Superintendent or a designee thereof is hereby directed to give notice that on May 11, 2021 at 6:30 p.m. or as soon thereafter as practicable, at the District Board Room, located at 3738 Walnut Avenue, Carmichael, CA, the board will hold a public hearing on the question of making the conveyance of the Easement to the Citrus Heights Water District. The public hearing shall be held during a regularly scheduled public meeting of the board. Notice of the public hearing shall be given by posting copies of this resolution, signed by the majority of the board, in three public places within the District at least ten (10) days prior to the hearing, and by publishing the notice once in a newspaper of general circulation in the District, at least five (5) days prior to the hearing. At the time and place of the hearing, if no legal protest is entered, the board may adopt a resolution by a two-thirds vote of all its members authorizing and directing the conveyance of the Easement to the Citrus Heights Water District.

The foregoing resolution was adopted by the Governing Board of the San Juan Unified School District at a meeting of the board on April 13, 2021, by the following vote:

*Subject: Carmichael Water District Water Pipeline Easement Request
For --- 6000 Stanley Avenue, Carmichael, CA, 95608 (APN 273-0020-001)*

Dear Sir or Madam,

Carmichael Water District (CWD) is requesting the San Juan Unified School District's (District) cooperation by a Grant of Easement for new water utility assets that CWD is proposing to upgrade and install on your property located at 6000 Stanley Avenue in Carmichael, CA.

In order to update and install this infrastructure, CWD is proposing to relocate the two (2) existing water services, two (2) existing backflow devices, one (1) existing water sampling station, one (1) existing fire hydrant, and install one (1) new fire hydrant. This request is part of a larger project to replace aging existing infrastructure in the area, as well as provide better maintenance access for CWD staff and a safer pathway for pedestrians by relocating assets out of the sidewalk.

CWD is requesting utility easements on the north and east side of your property. This easement will ensure that CWD has access to relocate/install the assets and perform routine inspection and maintenance.

CWD will prepare all the easement documentation including filing the documents with the County Recorder's office. Enclosed are the following exhibits for your review:

- Exhibit A includes the legal descriptions of the easements.
- Exhibit B includes the overview easement locations and their respective details.

The CWD recognizes the project work will impact the sidewalk at the existing and relocated areas, and CWD intends to replace in kind any areas that is disturbed or damaged in the process of the improvements.

Please call CWD office (916) 483-2452 if you have any questions or contact Scott Bair, CWD's Distribution Superintendent, by email at ScottB@carmichaelwd.org.

Thank you for your time and consideration.

Sincerely,

Scott Bair, CWD District Superintendent

DEPARTMENT: Administration

ACTION REQUESTED:

The superintendent is recommending that the board discuss and approve the proposed board meeting dates for the 2021-2022 school year.

RATIONALE/BACKGROUND:

Regular board meetings are held on the second and fourth Tuesday of each month, unless noted otherwise. There are no board meetings held in July. Due to the holidays and winter break, the superintendent is proposing that one (regular) meeting be held during the months of November, December and February. The December meeting must take place after the second Friday in December in order to comply with the provisions of AB 2449.
