

SAN JUAN WATER DISTRICT

Board of Director's Board Meeting Minutes
January 25, 2023 – 6:00 p.m.

BOARD OF DIRECTORS

Dan Rich	President
Manuel Zamorano	Vice President
Ted Costa	Director
Ken Miller	Director
Pam Tobin	Director

SAN JUAN WATER DISTRICT MANAGEMENT AND STAFF

Paul Helliker	General Manager
Donna Silva	Director of Finance
Tony Barela	Director of Operations
Andrew Pierson	Director of Engineering
Devon Barrett	Customer Service Manager
Adam Larsen	Field Services Manager
Greg Turner	Water Treatment Plant Manager
Greg Zlotnick	Water Resources Manager
Teri Grant	Board Secretary/Administrative Assistant
Ryan Jones	General Counsel

OTHER ATTENDEES

Mitch Dion	Customer
Sandy Harris	Customer
Craig Locke	Sacramento Suburban Water District
Thomas Clark	SJWD Employee
Jacqueline Foley	SJWD Employee
Mark Hargrove	SJWD Employee
Mike Heasley	SJWD Employee
Kenny Jahn	SJWD Employee
Jeff Johnson	SJWD Employee
Daniel	
Kevin	
9 Unidentified Attendees	

AGENDA ITEMS

- I. Roll Call
- II. Public Forum and Comments
- III. Consent Calendar
- IV. New Business
- V. Old Business
- VI. Information Items
- VII. Directors' Reports
- VIII. Committee Meetings
- IX. Upcoming Events
- X. Adjourn

President Rich called the meeting to order at 6:00 p.m.

I. ROLL CALL

The Board Secretary took a roll call of the Board. The following directors were present: Ted Costa, Ken Miller, Dan Rich, Pam Tobin and Manuel Zamorano.

II. PUBLIC FORUM

Mr. Mitch Dion addressed the Board stating that the next election cycle is in 18 months and that Directors Miller and Tobin should not be considered the incumbents for Division 2 since it is a misrepresentation. He further accused the candidate running for Division 5 as lying about being the incumbent in the last election. Director Zamorano called for a point of order to know what the lie was. Mr. Dion stated that Director Zamorano's campaign statement titled himself as *Incumbent Division 5*. Director Zamorano stated that the county elections office removed that title and it was not in the campaign statement. Mr. Dion disagreed with that statement.

Mr. Dion stated that he was not sure why President Rich had to wait two years before he could join the rotation of officers while the newly elected director did not have to wait.

Director Costa commented that Director Zamorano filled out his application as incumbent and it was rejected by the county registrar of voters and he was told to put *Appointed Director* on the campaign statement.

III. CONSENT CALENDAR

All items under the consent calendar are considered to be routine and are approved by one motion. There will be no separate discussion of these items unless a member of the Board, audience, or staff request a specific item removed after the motion to approve the Consent Calendar.

1. Minutes of the Board of Directors Meeting, December 14, 2022 (W & R)

Recommendation: Approve draft minutes

2. Wholesale Water Rate Fee Schedule Revision (W)

Recommendation: Approve revisions to the Wholesale Water Rate Fee Schedule, effective January 1, 2023, to adjust the allocation of the fixed quarterly service charge

3. Hydrant and Valve Maintenance FY 2022/23 (R)

Recommendation: To award a professional services contract to Wachs Water Services (WWS) for professional services related to the inspection and maintenance of the District's hydrants and valves for the fiscal year 2022/23

4. WTP Lime Silo and Clarifier Improvements Project (W)

Recommendation: To award a Professional Services Contract for design services related to improvements at the Water Treatment Plant Lime Silo and Clarifier Tanks

5. WTP Filter Backwash Hood Facilities Rehabilitation Project (W)

Recommendation: To award a Professional Services Contract for design services related to improvements at the Water Treatment Plant Filter Backwash Hood Facilities

Director Tobin moved to approve the Consent Calendar. Director Zamorano seconded the motion and it carried unanimously.

IV. NEW BUSINESS

1. 2023 Board Committees

President Rich stated that he has input from two Board members regarding the appointments to the Board committees; therefore, he will reach out to the other two Board members and make his appointments after discussing the appointments with them.

2. Appoint SGA Alternate Representative (W & R)

GM Helliker informed the Board that the appointment of President Rich as the Alternate Representative to the SGA Board of Directors needs to be submitted for the term ending in 2026. He explained that last January President Rich was appointed as the SGA Alternate; however, we were not aware that the appointment ended in August 2022.

GM Helliker explained that the process to appoint a representative that is defined in SGA's Joint Powers Authority needs to be reviewed and updated to remove the approval by the county Board of Supervisors. Mr. Craig Locke, Sacramento Suburban Water District Director, concurred with GM Helliker's comments.

Director Costa moved to confirm appointment of Dan Rich as the Alternate Representative to the SGA Board of Directors, for submittal to Sacramento County Board of Supervisors for ratification. Director Zamorano seconded the motion and it carried unanimously.

3. Sacramento LAFCo's Special District Advisory Committee (W & R)

GM Helliker informed the Board that Sacramento LAFCo is looking for nominations for vacant seats on the Special District Advisory Board for Office "A" (1/22 – 12/23) term expires on December 2023 and Office "B" for a full two-year term (1/23 – 12/24). After Board discussion, Director Tobin voiced her desire to be nominated to Office B.

Director Costa moved to nominate Pam Tobin to the Sacramento LAFCo Special District Advisory Board - Office B, provided that her schedule allows it. Director Zamorano seconded the motion and it carried unanimously.

4. Proposed Agreement between San Juan Water District and Sacramento Suburban Water District to Provide Conserved Surface Water Supplies to Enhance Groundwater Stabilization (W)

Mr. Greg Zlotnick provided the Board with a written staff report which will be attached to the meeting minutes. He explained that this item is similar to the agreement that was completed in the past with Sacramento Suburban Water District (SSWD). He explained that this agreement will provide up to 4,000 acre-feet of water to SSWD and will be applied to the CVP allocation, if provided this year, which will help in future dry years for the historic use calculation.

Director Costa moved to (1) Adopt Notice of Exemption [CEQA]; (2) to make a finding, concurring with staff's analysis, that the proposed transfer is of water surplus to the needs of the Wholesale Customer Agencies in accordance with their Wholesale Water Supply Agreements; and (3) to authorize the General Manager to sign the Proposed Agreement between San Juan Water District and Sacramento Suburban Water District to Provide Conserved Surface Water Supplies to Enhance Groundwater Stabilization. Director Zamorano seconded the motion and it carried unanimously.

V. OLD BUSINESS

1. Cost of Living Adjustment (W & R)

Ms. Silva reviewed the written staff report which will be attached to the meeting minutes. She explained the Board's policy for setting a COLA and the last action of the Board, which was awarding a 3.8% COLA effective July 2022 and instructing staff to provide an update six months out (December) to review inflation rates and determine if another COLA was warranted.

Ms. Silva reviewed a listing of employee percentage pay increases going back to July 2020 that the Board requested in December and that the Finance Committee reviewed. In addition, she informed the Board that the CPI is basically where it was in July 2022 at 12.5% above March 2021. She reviewed a list of the COLAs awarded by the comparator agencies, which averaged 4.7%. She stated that staff recommends that the Board make a decision regarding a supplemental COLA.

Director Costa informed the Board that the Finance Committee did not make a recommendation regarding the COLA and left it for a Board decision. The Board discussed the COLA, the comparator agencies' data and inflation, and indicated that the COLA should be comparable to the other agencies.

President Rich opened the floor for public comment.

Ms. Sandy Harris addressed the Board and inquired if inflation goes down, then do the salaries get adjusted accordingly. Ms. Silva explained that the salary ranges would get frozen and no COLA would be awarded.

Mr. Barela commented on the COLAs and salary data. He requested that the Board consider the 5.2% COLA in order to keep up with inflation.

Director Costa commented on the salary survey and not wanting to be the highest paid agency in the region.

President Rich summarized some options for the Board to consider which were: not do a supplemental COLA and stay at the 3.8%; award a 0.9% COLA to stay in alignment with the 4.7% average COLA of the comparator agencies; award a 2.4% COLA to align with the December CPI; or award a 5.2% COLA to bring the COLA up to the March 2022 9%.

Ms. Silva provided some estimates on the cost to the District regarding the 2.4% and 0.9% COLAs. She explained that even awarding the 5.2% COLA, retroactive to July 2022, would still keep the District within the salary budget, the retail financial plan and the CalPERS actuary amounts since there were vacant positions throughout this fiscal year. In addition, she informed the Board that a 5.2% COLA should not affect the unfunded pension liability since that is based on investment losses and gains. GM Helliker commented that since a 5.2% COLA would be within the retail financial plan, there would be no impact on rates.

President Rich moved to award a 0.9% COLA, making the total COLA for FY 2022-23 4.7%, effective July 2, 2022. Director Miller seconded the motion.

Mr. Greg Turner addressed the Board and commented that staff is very thankful of the Board's decision regarding the 3.8% COLA; however, the COLA policy is to keep the wage competitive and meet inflation, and should be kept separate from the merit increase. He commented that there were unintended impacts to employees with the change to the market target set to median. He requested that the Board keep staff as close to the cost of living as possible so as not to fall behind and impact staff even further.

Mr. Greg Zlotnick addressed the Board and commented that, over the last three years with the water transfers, an additional \$4-5 million in revenue was collected and should be considered when discussing the impact of \$133,000 to the budget.

Director Tobin made a substitute motion to award a 2.4% COLA. There was no second, the substitute motion failed.

The original motion carried with the following roll call vote:

Ayes: Directors Costa, Miller and Rich
Noes: Directors Tobin and Zamorano
Abstain: None

2. 2023 Hydrology and Operations Update (W & R)

GM Helliker reviewed data on Folsom Reservoir, which included the current storage level at 121% of historical average, data on releases, temperature and precipitation outlooks, storage levels and projections, and current reservoir conditions across the state.

GM Helliker reported that precipitation levels are excellent and the snow levels are at 246% of the April 1st average for the American River watershed (Central). He reviewed the forecast for total run-off at the median level which showed 4.4 million acre-feet. He reviewed the Drought Monitor Main Map and the Drought Monitor Better Map and explained that the latter is a better indicator of the actual drought situation since it is based on suburban water supply.

GM Helliker reviewed the SMUD reservoir storage and snowpack numbers from January 17, 2023, which indicates both are above average. In addition, he explained the Folsom Reservoir Flood Control Curve chart and why releases are happening at this time.

3. Conjunctive Use and Groundwater Banking Activities Update (W & R)

GM Helliker informed the Board that he and Mr. Zlotnick are meeting with Sacramento Suburban Water District at the end of the month to discuss the three different alternatives regarding conjunctive use and groundwater banking. In addition, he reported that there has been no reply to the letter that President Miller sent to Fair Oaks Water District (FOWD) in October. He reported that Orange Vale Water Company is proceeding with the treatment facility on their well and once that is completed then discussions should start regarding a possible partnership on their other well.

In response to Director Tobin's question, GM Helliker informed the Board that he will restart conversations with Citrus Heights Water District (CHWD) regarding their ASR well and will report back.

Director Costa commented that FOWD did appoint a 2x2 two member committee at their last meeting to meet with San Juan regarding water banking. In addition, he mentioned that the CHWD well project might be delayed as they need to locate another site for the well.

VI. INFORMATION ITEMS

1. GENERAL MANAGER'S REPORT

1.1 General Manager's Monthly Report (W & R)

GM Helliker provided the Board with a written report for December which will be attached to the meeting minutes.

1.2 Miscellaneous District Issues and Correspondence

GM Helliker reported that the Solve the Water Crisis group is focused on educating the new legislature on the message of climate change and water storage. He explained that a bill is being drafted, with sponsorship from the California Municipal Utilities Association, that will establish statewide goals for plans for infrastructure investments to be successful during the changing climate.

GM Helliker reported that the State Water Board met last week and discussed the status of the Voluntary Agreement (VA). He explained that the Scientific Basis Report was augmented with a supplement that focused on the voluntary agreement which identified the VAs as beneficial. The next step is for the State Water Board to evaluate the VAs and how they improve the ecosystem compared to their proposal which is the unimpaired flows approach.

2. DIRECTOR OF FINANCE'S REPORT

2.1 Miscellaneous District Issues and Correspondence

Ms. Silva reported that the District received a full waiver on the BABA requirements for the Eureka Road Pipeline Replacement Project, which means that the District is exempt from having to procure American-made materials for the entire project. In addition, the draft financing agreement was received and will be brought to the Board in February. She reported that the interest rate in the draft agreement is 1.1%.

Ms. Silva reported that the wholesale and retail Capital Facility fees were increased 5.68% according to the Construction Cost Index, and the User fees were increased 7.2% according to the November over November CPI.

3. DIRECTOR OF OPERATIONS' REPORT

3.1 Miscellaneous District Issues and Correspondence

Mr. Barela provided an update on the recent storm events that affected operations at the District.

4. DIRECTOR OF ENGINEERING SERVICES' REPORT

4.1 Hinkle Reservoir Replacement Project Update (W)

Mr. Pierson provided an update of the progress of the Hinkle Reservoir Replacement Project.

4.2 Miscellaneous District Issues and Correspondence

No other items were discussed.

5. LEGAL COUNSEL'S REPORT

5.1 Legal Matters

No report.

VII. DIRECTORS' REPORTS

1. SACRAMENTO GROUNDWATER AUTHORITY (SGA)

Director Costa reported that SGA meets February 9th.

2. REGIONAL WATER AUTHORITY (RWA)

Director Costa reported that the RWA elected the officers and Executive Committee of the Board.

3. ASSOCIATION OF CALIFORNIA WATER AGENCIES (ACWA)

3.1 ACWA - Pam Tobin

Director Tobin reviewed her written report that was included in the Board packet.

3.2 Joint Powers Insurance Authority (JPIA) - Pam Tobin

Director Tobin informed the Board that ACWA JPIA conducts a podcast which she provided the link to in her written report.

3.3 Energy Committee - Ted Costa

Director Costa informed the Board that the Energy Committee meets at the ACWA Spring Conference.

4. CVP WATER USERS ASSOCIATION

Director Costa reported that the CVP Water Users Association met January 24th but he was unable to attend due to a medical emergency he had to attend to.

5. OTHER REPORTS, CORRESPONDENCE, COMMENTS, IDEAS AND SUGGESTIONS

There were no other matters discussed.

VIII. COMMITTEE MEETINGS

1. Engineering Committee – January 20, 2023

The committee meeting minutes will be attached to the original board minutes.

2. Finance Committee – January 24, 2023

The committee meeting minutes will be attached to the original board minutes.

IX. UPCOMING EVENTS

1. ACWA DC2023 Conference

February 28 – March 1, 2023
Washington, DC

2. 2023 ACWA Legislative Symposium

March 23, 2023
Sacramento

3. 2023 ACWA Spring Conference

May 9-11, 2023
Monterey, CA

X. ADJOURN

The meeting was adjourned at 8:18 p.m.

DAN RICH, President
Board of Directors
San Juan Water District

ATTEST: _____
TERI GRANT, Board Secretary

AGENDA ITEM III-2

STAFF REPORT

To: Board of Directors

From: Donna Silva, Director of Finance

Date: January 25, 2023

Subject: Wholesale Water Rate Fee Schedule Revision

RECOMMENDED ACTION

Recommend revisions to the Wholesale Water Rate Fee Schedule, effective January 1, 2023, to change the allocation of the fixed service charge. This item will be reviewed by the Finance Committee on January 24, 2023.

BACKGROUND

On December 11, 2019, at the request of the wholesale customer agencies, the Board approved a change in the methodology of allocating the fixed quarterly service charge. The approved changes were as follows:

- Combined the quarterly service charge with the debt services charges;
- Allocate the quarterly service charge annual to reflect a rolling five-year average of water deliveries to the wholesale agency customers;
 - Groundwater pumped in lieu of purchasing surface water is counted as surface water when the pumping agency is compensated for the incremental cost of pumping by SJWD.
 - 2019 Debt Charge remains a separate, but unassessed charge so that the District can delay assessment of the charge until the amount and terms of the debt are known. Once known, it will roll into the quarterly service charge and be subject to the rolling five-year adjustment.
- District to provide 150-day notice of proposed change in rates annually once rolling average five-year water deliveries can be calculated;
- Board to approve allocation of quarterly service charge annually based on the updated rolling average.

CURRENT STATUS

The San Juan Water District (District) implemented the final rate increase in year five of a five-year rate plan last January 1, 2021. There is no net rate increase scheduled at this time. This action simply updates the allocation of the fixed quarterly charge based on the rolling five-year average of water use for the five years ending June 30, 2022. This recommended action does not change the total fees, just the allocation of the quarterly service charges amongst the wholesale customers.

STAFF REPORT

*Wholesale Water Rate Fee Schedule Revision
Donna Silva, Director of Finance*

The 150-day Notice of Proposed Changes in Rates was sent to the wholesale customer agencies on July 15, 2022. The calculation of the updated rolling five-year average and the impact per agency, as provided in the 150-day notice is attached, as is the resulting proposed wholesale rate schedule for calendar year 2023.

The District has not received any communication from the Wholesale Customer Agencies in direct response to the 150-Day notice.

Attachments:

150-Day Notice of Proposed Changes in Water Rates and Charges

July 15, 2022

Joe Duran, General Manager
Orange Vale Water Company

Tom Gray, General Manager
Fair Oaks Water District

Hilary Straus, General Manager
Citrus Heights Water District

Marcus Yasutake, Environmental and Water Resources Director
City of Folsom

Subject: 150-Day Advance Written Notice of Proposed Changes in Water Rates and Charges

Gentlemen:

This letter is sent in accordance with Section 11 of the Wholesale Water Supply Agreements between the San Juan Water District and your agencies, to advise of a proposed change in the allocation of the fixed quarterly charge for calendar year 2023.

In December 2019, at the request of the Wholesale Customer Agencies, the San Juan Water District's Board of Directors approved a change in the allocation of the fixed service charge. Prior to the change, the fixed service charge was allocated to each agency based upon a blend of their average water deliveries during calendar years 2012-2016 and the relative number of customer accounts. In December 2019, the Board approved a new methodology wherein the service charge is allocated each calendar year based upon the rolling 5-year average of water deliveries. Under this new methodology, the total amount of revenue to be collected via the service charge remains as set by the Financial Plan, but the allocation changes each January based upon the past five years of water deliveries per agency.

The Financial Plan set rates for a five year period, with the final rate increase applied January 1, 2021. The District intends to conduct the next Wholesale Financial Plan and Rate Study after the completion of the Wholesale Master Plan, which should be soon. As such, the total quarterly service charge for calendar year 2023 will remain the same as the current year. However, the allocation between the customer agency will change based upon the updated rolling 5-year average of water deliveries. However, the District

Directors

Edward J. "Ted" Costa
Marty Hanneman
Kenneth H. Miller
Dan Rich
Pamela Tobin

General Manager
Paul Helliker

may issue another 150-Day Notice of Proposed Changes in Rates, based upon the recommendations from the upcoming Wholesale Financial Plan.

The calculation of the proposed rate change, as well as the effect upon each agency, and the proposed rate schedule is included as an attachment to this letter. The 150-day comment period provided in Section 11 of the Wholesale Water Supply Agreements will end on December 12, 2022. The District's Board of Directors will consider adopting the revised rates at the December 14, 2022 Board Meeting.

If you have any questions or need further information, please feel free to contact Finance Director Donna Silva, or myself.

Sincerely,

A handwritten signature in blue ink that reads "Paul Helliker".

Paul Helliker, General Manager
San Juan Water District

AGENDA ITEM III-3

STAFF REPORT

To: Board of Directors
From: Adam Larsen, Field Services Manager
Date: January 25, 2023
Subject: Hydrant and Valve Maintenance FY 2022/23

RECOMMENDED ACTION

Staff requests awarding a professional services contract to Wachs Water Services (WWS) for professional services related to the inspection and maintenance of the Districts hydrants and valves for the fiscal year 2022/23, in the amount of \$107,658 plus a 10% contingency, for a total authorized amount of \$118,424. This item will be reviewed by the Engineering Committee on January 20, 2023.

BACKGROUND

On November 30, 2022, the District requested proposals for professional services to complete the hydrant and valve maintenance for fiscal year 2022/23. This project involves the inspection and maintenance of approximately 296 hydrants and their isolation valves, as well as 445 mainline valves in the Districts distribution system.

One proposal was received on January 5, 2023, from the following firm:

- Wachs Water Services

Each proposal submitted included a Technical Proposal and a Cost Proposal. The Technical Proposal was evaluated based on project understanding, work plan, experience and qualifications, and other project-specific criteria. Based on review of the proposals, WWS was the top technical proposal.

Subsequent to the technical ranking, the cost proposals were reviewed. The following table summarizes the proposed costs from each company.

Consultant	Professional Services
Wachs Water Services	\$107,658

The initial Contract duration is for FY 2022/23, with three optional one-year renewals. WWS's will be evaluated to the contract requirements, quality of work, and any proposed cost increases for annual renewals.

Because of WWS's technical qualifications and proposed cost for service, WWS is the best suited for the completion of this project.

FINANCIAL CONSIDERATIONS

This maintenance project is included FY 2022/23 Budget. Project costs are 100% Retail.

AGENDA ITEM III-4

STAFF REPORT

To: Board of Directors
From: Tony Barela, Director of Operations
Date: January 25, 2023
Subject: WTP Lime Silo and Clarifier Improvements Project

RECOMMENDED ACTION

Staff requests approval by the Board of a Professional Services Agreement with Water Systems Consulting, Inc. (WSC) for the WTP Lime Silo and Clarifier Improvements Project in the amount of \$163,590 with a total authorized budget of \$179,950 which includes a 10% contingency. The staff recommendation was reviewed by the Engineering Committee, which recommends approval by the Board of Directors under the Consent Calendar.

BACKGROUND

The WTP Lime Silo and Clarifier Improvements Project includes design for two distinct improvements at the water treatment plant:

1. Lime Silo Structural and Coating Improvements
2. Clarifier (Thickener) Access Improvements

The existing lime silo was constructed in 1979/80. The silo stores up to 99 tons of 3/8" Quicklime (calcium oxide). The slurry is added to the treated water from the WTP to adjust the pH, which in turn assists with corrosion protection within the Wholesale and Retail Distribution Systems. In 2020, the District completed a structural evaluation of the silo to determine if there were any issues with the existing facility. The analysis included a review of the coating and possible corrosion and a review of the silo anchor system. The report concluded that the number of anchors around the base of the silo needed to be doubled in order to meet current seismic code, that corrosion along the walls were minimal, and that the tank should be recoated. The proposed project includes the design of additional anchors around the base of the silo and bid documents to recoat the tank. Replacement of aging equipment on the tank and other miscellaneous appearances will also be included in the design.

The second project is the design of access improvements into three (3) clarifiers at the District's WTP. The tanks are part of the WTP solids handling process. Multiple times a year, District staff enter the tanks to conduct inspections, make repairs, etc. Currently, this entry occurs from the side of the tank via a portable ladder that is tied off to railing, etc. The goal of the project is to construct permanent safe access into each tank. This will likely include structural analysis of the overhead rake system bridge to account for the additional load of the ladder system.

STATUS

On December 19, 2022, the District issued an RFP to eight (8) qualified engineering design firms requesting proposals for the planned Project. Two firms attended the mandatory pre-proposal meeting on January 3, 2023, and two (2) proposals were received on January 17, 2023.

The Technical Proposals were discussed and ranked by the review team. Subsequent to the technical ranking, the Cost Proposals were opened and reviewed. The following table summarizes the proposed costs from each firm for the design tasks as outlined in the RFP.

Consulting Firm	Proposed Cost
Water Systems Consulting, Inc.	\$163,590
Kennedy/Jenks Consultants, Inc.	\$161,575

WSC's proposal was ranked highest during the technical review. The cost difference between the two consultant proposals were not enough to change the recommendation from the technical review team. WSC is the recommended consultant to complete the project.

BUDGET IMPACT

The Project was included in the District's approved Wholesale CIP budget for Fiscal Year 2022-2023.

AGENDA ITEM III-5

STAFF REPORT

To: Board of Directors
From: Mark Hargrove, Senior Engineer
Date: January 25, 2023
Subject: WTP Filter Backwash Hood Facilities Rehabilitation, Engineering Services

RECOMMENDED ACTION

Staff requests approval by the Board of a Professional Services Agreement with Kennedy Jenks (KJ) to provide professional engineering services for the Water Treatment Plant (WTP) Filter Backwash Hood Facilities Rehabilitation Project (Project) in the amount of \$359,210 with a total authorized budget of \$395,131 which includes a 10% contingency. The staff recommendation was reviewed by the Engineering Committee, which recommends approval by the Board of Directors under the Consent Calendar.

BACKGROUND

The WTP filter basins, which included two filter backwash hood facilities and a track and rail system running along the filter basins, were completed in 1983. Two additional filter backwash hood facilities (one in each basin) were added in 2001. Each filter backwash hood facility includes a backwash hood (including injector assemblies), bridge structure, bridge drive assembly, operations deck, pump house, deck drive assembly, backwash pump and piping, backwash trough, surface wash pump and piping, hydraulic system, exhaust fan and heater, electrical, instrumentation, controls and several other components. The original 1983 filter backwash hoods facilities and filter basin the track and rail system, have reached the end of their useful life and have numerous deficiencies that either require rehabilitation or replacement. Deficiencies include the corrosion of the iron and steel materials (backwash hoods, piping, valves, couplings, track, rails, structural beams, etc.), availability of parts for existing equipment, and insufficient access and working space within pump house.

CURRENT STATUS

On November 10, 2022, the District issued an RFP requesting proposals for professional engineering services for the evaluation and design of improvements to the northwest and southwest filter backwash hoods at the WTP. One (1) firm submitted a proposal on January 18, 2023. The Technical Proposal was reviewed by staff and is in conformance with the requirements of the RFP. Subsequent to the technical ranking, the Cost Proposal was opened and reviewed. The following table list the proposal total amount from KJ.

Consultant	Proposal Total Amount
Kennedy Jenks	\$359,210.00

The total amount proposed by KJ appears reasonable and in line with the requested in the RFP.

FINANCIAL CONSIDERATIONS

The Project was included in the District's approved Wholesale CIP budget in FY 22/23. We anticipate spending \$150,000 this fiscal year, and the remaining engineering services costs will be included in Wholesale CIP budget for FY 23/24.

AGENDA ITEM IV-3

SACRAMENTO LOCAL AGENCY FORMATION COMMISSION
1112 I Street, Suite 100 • Sacramento, CA 95814 • (916) 874-6458
www.saclafco.org

DATE: January 12, 2023

TO: Independent Special Districts

SUBJECT: Nominations for Membership on SDAC

You are cordially invited to nominate a Member of your Board to join the Special District Advisory Committee (SDAC). The purpose of the Committee is to provide Sacramento LAFCo with input on issues related to Special Districts, as well as to receive information on issues before the Commission.

The SDAC membership of seventeen is composed of the two LAFCo Special District Commissioners, and the Alternate Special District Commissioner, and representatives from recreation and park, fire, water, flood control, cemetery and other types of special districts.

SDAC members serve 2 year terms without compensation. There will be seven (7) vacant seats for **Office “B” for a full two-year terms (1/23 – 12/24)** on the Committee. There are also three (3) **Office “A” (1/22 – 12/23)** vacancies, and directors applying for those slots will serve the remainder of the two year term that expires on December 2023.

New members will be selected by the SDAC *Sub-committee on Membership* from the pool of nominees provided by the Special Districts, subject to confirmation by the Commission.

SDAC meetings are held quarterly on the fifth Tuesday, or as needed. Currently the SDAC meets at 7 PM virtually; however, there will be a discussion on returning to in-person meetings on the January 31, 2023 meeting.

A nomination form is attached. If you wish to nominate a member of your Board, please complete the form and return it to me no later than ***Friday, February 15, 2023***.

Please feel free to contact me by email or phone if you have questions about this process.

Sincerely,

José C. Henríquez,
Executive Officer

Commissioners

*Sue Frost, Rich Desmond, County Members □ Phil Serna, Alternate
Linda Budge, Sean Loloe, City Members □ Vacant, Katie Valenzuela, Alternates
Chris Little, Public Member □ Timothy Murphy, Alternate
Lindsey Liebig, Gay Jones, Special District Members □ Charlea Moore, Alternate*

Staff

*José C. Henríquez, Executive Officer □ Desirae N. Fox, Policy Analyst □ Diane Thorpe, Clerk of the Commission
Nancy Miller, DeeAnne Gillick, Commission Counsel*

STAFF REPORT

To: Board of Directors
From: Greg Zlotnick, Water Resources Manager
Date: January 25, 2023
Subject: Proposed Agreement Between San Juan Water District and Sacramento Suburban Water District to Provide Surface Water Supplies to Enhance Groundwater Stabilization

RECOMMENDED ACTION

(1) Adopt Notice of Exemption [CEQA]; (2) make a formal finding concurring with staff's analysis, that the proposed transfer is of water surplus to the needs of the Wholesale Customer Agencies in accordance with their Wholesale Water Supply Agreements; and, (3) Authorize the General Manager to sign the Proposed Agreement Between San Juan Water District and Sacramento Suburban Water District to Provide Surface Water Supplies to Enhance Groundwater Stabilization

BACKGROUND

To optimize the utilization of San Juan Water District's (District) surface water supplies; generate revenue for the District's wholesale enterprise; increase regional conjunctive use; enhance groundwater stabilization in Sacramento Suburban Water District's (SSWD) northern service area; and, contribute toward a favorable baseline for future District/SSWD groundwater substitution transfer opportunities, the District and SSWD seek to enter into an agreement whereby the District will sell up to 4,000 acre-feet (AF) of surface water between March 1, 2023 and February 29, 2024.

The proposed agreement incorporates the same terms as prior agreements, adjusted to current rates.

We have also informed the Wholesale Customer Agencies, in accordance with the Wholesale Contract, that we are undertaking this transfer and have determined the transfer water is available as surplus to WCA demands, even if assuming a 10% increase in WCA demands over last year.

If the full 4,000 AF of water is transferred to SSWD, the District will receive over \$880,000 in payments as compensation for treatment of that water. The charge per AF for treatment is the same as the District charges SSWD for treating Placer

County Water Agency (PCWA) water it receives in years, such as this year, when the unimpaired inflow to Folsom Reservoir is 1.6 million AF or more.

The price SSWD is paying the District for the surface water supplies provided (exclusive of treatment) is significantly less than the rate it pays PCWA for water in years when it can access it, however, it also reflects a net revenue amount of approximately \$12.45/AF for the District, which would result in net revenue to the District's wholesale enterprise of up to \$49,800.

Notably, another benefit of the proposed transfer is the District will use more of its "take-or-pay" water to meet demands in its Placer County service area, which will eliminate PCWA entitlement water being left "on the table as a "sunk" cost.

In total, then, it is expected that this agreement to transfer up to 4,000 AF will result in close to \$1,000,000 in positive revenue impact to the District's wholesale enterprise.

CEQA

Adopting and implementing this agreement is exempt from the California Environmental Quality Act (CEQA) because it does not involve the construction of any new facilities or modification or expansion of capacity of existing facilities, and involves water supplies that have historically been consumptively used by the District prior to undertaking conservation actions. Therefore, it can be determined with certainty that the project will not have a significant effect on the environment.

NOTICE OF EXEMPTION

To: County Clerk
County of Sacramento
600 8th Street
Sacramento, CA 95814

To: County Clerk
County of Placer
2954 Richardson Drive
Auburn, CA 95603

From: San Juan Water District
9935 Auburn Folsom Road
Granite Bay, CA 95746

Project Title: Sale of conserved water to Sacramento Suburban Water District

Project Location: San Juan Water District facilities in Sacramento and Placer Counties will be used to receive, treat and convey water to Sacramento Suburban Water District in Sacramento County. See attached map.

Description of Nature, Purpose and Beneficiaries of Project: San Juan Water District (San Juan) will sell up to 4,000 AF of water to Sacramento Suburban Water District (SSWD), which San Juan has previously conserved through various conservation efforts, including primarily the improved water use efficiency of its customers. The project does not involve the construction of any new facilities or the modification or expansion of capacity of existing facilities. San Juan will benefit from the project as a result of being better able to utilize the surface water supplies it has available to it for public benefit, as well as receiving revenue that will improve its wholesale enterprise's financial position. SSWD will benefit from the receipt of surface water to improve the conjunctive management and health of its north groundwater basin.

Name of Public Agency Approving Project: San Juan Water District

Name of Person or Agency Carrying Out Project: San Juan Water District

Exempt Status: (Check One)

- Ministerial
 Declared Emergency (Sec. 15071(a))
 Emergency Project (Sec. 15071(a) and (c))
 Statutory Exemption: Class 1 Exemption, CEQA Guidelines section 15301
 Other: Common Sense Exception, CEQA Guidelines section 15061(b)(3)

Reasons why project is exempt:

This project does not involve the construction of any new facilities or modification or expansion of capacity of existing facilities, and involves water supplies that have historically been consumptively used by San Juan prior to conservation. It therefore can be seen with certainty that the project will not have a significant effect on the environment.

**AGREEMENT BETWEEN SAN JUAN WATER DISTRICT
AND SACRAMENTO SUBURBAN WATER DISTRICT
TO PROVIDE SURFACE WATER SUPPLIES
TO ENHANCE GROUNDWATER STABILIZATION**

This Agreement is entered into as of March 1, 2023, by and between San Juan Water District (“San Juan”), a public entity, and Sacramento Suburban Water District, a public entity (“SSWD”) (together, the “Parties”), to govern SSWD’s purchase of up to 4,000 acre-feet of San Juan surface water supplies, when surplus to the needs of San Juan’s Wholesale Customer Agencies (“WCAs”), from March, 2023 through February, 2024.

RECITALS

- A.** San Juan owns and operates facilities for (a) receiving water diverted from Folsom Reservoir, (b) treatment of water to meet health and safety standards for potable use, and (c) conveyance and delivery of treated water to its customers. San Juan's customers include: (a) its own retail water service customers in Placer and Sacramento Counties; and, (b) its WCAs, namely, the City of Folsom (Ashland area), Citrus Heights Water District, Fair Oaks Water District, and Orange Vale Water Company, in Sacramento County.
- B.** San Juan’s surface water supplies include Pre-1914 and Post-1914 water rights, a contract entitlement to water supplied by Placer County Water Agency (PCWA) for diversion from Folsom Reservoir, and a Central Valley Project Repayment Water Service Contract.
- C.** San Juan and the U.S. Bureau of Reclamation (“Reclamation”) entered into a Warren Act contract on February 26, 2021 providing for payment to Reclamation for delivery of San Juan’s PCWA water entitlement supplies to San Juan via Reclamation facilities at Folsom Reservoir.
- D.** SSWD is a public agency located in northern Sacramento County, authorized to acquire water entitlements to provide water service within its service area. SSWD currently provides water for potable use within its service area primarily from groundwater pumped from its South and North Service Areas, overlying separate groundwater sub-basins, which SSWD conjunctively manages to ensure water supply reliability and groundwater sustainability.

E. SSWD also has an entitlement contract for take-or-pay water supplies from PCWA, which are diverted from Folsom Reservoir by Reclamation to San Juan for water treatment and then delivered to SSWD. These supplies are only available to SSWD when the calculated unimpaired inflow to Folsom Reservoir is 1.6 million acre-feet or more in the delivery year.

F. On September 20, 2017, San Juan and SSWD entered into an **AMENDED AND RESTATED AGREEMENT BETWEEN SAN JUAN WATER DISTRICT AND SACRAMENTO SUBURBAN WATER DISTRICT CONCERNING DIVERSION, TREATMENT AND CONVEYANCE OF WATER**. That 2017 Agreement will govern the measurement, treatment and conveyance (via the Cooperative Transmission Pipeline (CTP) owned by San Juan and in which SSWD owns a portion of the capacity), and payment by SSWD to San Juan for treatment and conveyance, of the water San Juan will provide to SSWD pursuant to this Agreement.

G. All of SSWD's payments for the water provided by San Juan to SSWD pursuant to this Agreement will be made by SSWD to San Juan under the same schedule as that paid for treatment and conveyance in accordance with the 2017 Agreement identified in Recital E above.

H. SSWD has installed a pipeline to convey treated surface water from the terminus of the CTP to its North Service Area to enable SSWD to better conjunctively manage, conserve and utilize its groundwater resources.

I. San Juan has determined, subject to the terms and conditions set forth in this Agreement, it will be able to deliver up to 4,000 acre-feet of its water right water, surplus to the needs of its WCAs, to SSWD for the purpose of enhancing conjunctive management of the groundwater basin underlying its North Service Area, during the period of March 1, 2023 through February 29, 2024, as provided for in this Agreement.

J. San Juan is willing to deliver to SSWD, and SSWD is willing to pay San Juan for, water treated and delivered by San Juan under the terms and conditions set forth in this Agreement.

K. San Juan has made a formal determination that the approval of this Agreement, and implementation of the activities to be undertaken as a result, are categorically exempt from environmental documentation requirements of the California Environmental Quality Act.

Now, therefore, in consideration of the mutual covenants contained, herein, the parties agree as follows:

1. **Recitals Incorporated.** The foregoing recitals are incorporated by reference.
 2. **Term of Agreement.** This Agreement shall be effective as of March 1, 2023, and shall remain in effect through February 29, 2024, unless terminated earlier under the provisions of this Agreement.
 3. **Limitation on Location of Use.** SSWD may only distribute the water purchased from San Juan pursuant to this Agreement to retail customers within its authorized service area, and under no circumstance may SSWD deliver or sell this water outside of its authorized service area.
- 4. Water Shortage Provisions.**
- (a) Deliveries to SSWD shall be subject to reduction or elimination should San Juan notify SSWD that San Juan has determined that it must take such action to ensure the availability of sufficient water supplies to meet the needs of its WCAs or other commitments with priority over continued deliveries to SSWD. Such notification shall be provided at the earliest date feasible.
 - (b) San Juan may temporarily discontinue or reduce the amount of water delivered to SSWD for the purpose of maintaining, repairing, replacing, investigating or inspecting any of the facilities necessary for the storage or furnishing of water to SSWD. In so far as it is feasible, San Juan will give SSWD due notice in advance of such temporary discontinuances or reductions except in cases of emergency, in which case notice will be provided at the earliest date feasible. In the event of any such discontinuance or reduction, San Juan will, upon the resumption of service, attempt, in coordination with SSWD, to deliver the quantity of water to SSWD that would have been furnished to SSWD in the absence of such event.
 - (c) In the event of a water shortage as described in subparagraphs (a) or (b) of this article, SSWD shall be solely responsible for supplying water to meet its customers' needs, and no liability shall accrue against San Juan or any of its directors, officers, agents or employees for any damage, direct or indirect, arising from such shortages.

5. Schedule, Rate and Payment for Water.

- (a) SSWD shall pay San Juan for each acre-foot of water treated and conveyed to SSWD the charges set forth in the 2017 Agreement for such treatment and conveyance with San Juan, identified in Recital E above, and on the same schedule as contained therein. Appendix A attached to this Agreement lists that rate.
- (b) SSWD shall also pay San Juan for each acre-foot of water treated and conveyed to SSWD the equivalent of the following: the acre-foot price PCWA charges San Juan for water made available to San Juan in Folsom Reservoir for use within Placer County pursuant to the agreement between San Juan and PCWA identified in Recital B above, plus one-half of the difference between that price and the price SJWD pays PCWA for water made available in Folsom Reservoir for use within Sacramento County pursuant to that same agreement. Appendix A lists that rate equivalent.
- (i) Should San Juan be required to deliver any portion of its PCWA entitlement to its retail or wholesale customers in Sacramento County to maintain deliveries to SSWD without triggering the shortage provisions set forth in Article 4 above, SSWD shall pay San Juan for each acre-foot of water treated and conveyed to SSWD the equivalent of the charge San Juan pays PCWA for that water made available in Folsom Reservoir for use within Sacramento County pursuant to the agreement between San Juan and PCWA identified in Recital B above. Appendix A lists that rate equivalent.
- (ii) San Juan shall inform SSWD as soon as feasible if the Article 5(b)(i) rate equivalent will be applied to any deliveries and in what quantity, and SSWD may choose to direct San Juan to halt deliveries – at which direction SJWD will halt deliveries as soon as practicable. SSWD will compensate SJWD for water actually delivered prior to any delivery stoppage.
- (c) In addition, SSWD shall pay San Juan for each acre-foot of water treated and conveyed to SSWD the equivalent of the charge San Juan pays Reclamation pursuant to the Warren Act contract identified in Article C in the recitals above. Appendix A lists that rate equivalent.

(d) Charges to SSWD described in Articles 5(a) and 5(b) above may change during the term of this Agreement. SSWD acknowledges such rate adjustments will be made and agrees to pay those new charges in accordance with this Agreement.

6. Responsibilities for Delivery and Distribution of Water. Neither San Juan or its directors, officers, agents or employees shall be liable for the control, carriage, handling, use, disposal or distribution of water furnished to SSWD hereunder outside of facilities then being operated or maintained by San Juan, nor for claims of damages of any nature whatsoever, including but not limited to property damage, personal injury or death, arising out of or connected with the control, carriage, handling, use, disposal or distribution of such water beyond such facilities, and SSWD shall indemnify and hold harmless San Juan and its directors, officers, agents and employees from any such damages or claims of damages.

7. Obligation of SSWD to Make Payments. The obligations of SSWD arising out of or pursuant to this Agreement shall constitute general obligations of SSWD, and SSWD shall use all the powers and resources available to it under the law to collect the funds necessary for and to pay its obligations to San Juan under this Agreement. SSWD as a whole is obligated to pay San Juan the payments coming due under this Agreement, notwithstanding any individual default by its water users, constituents or others in the payment to SSWD of assessments, taxes, tolls or other charges levied by SSWD.

8. Remedies Not Exclusive. The use by either party of any remedy specified for the enforcement of this Agreement is not exclusive and shall not deprive the party using such remedy of, or limit the application of, any other remedy provided by law.

9. Waiver of Rights. Any waiver at any time by either party of its rights with respect to a breach or default, or any other matter arising in connection with this Agreement, shall not be deemed to be a waiver with respect to any other breach, default or matter.

10. Assignment. The provisions of this Agreement shall apply to and bind the successors and assigns of the respective parties, but no assignment or transfer of this Agreement, or any part hereof or interest herein, shall be valid until and unless approved by San Juan.

11. Opinions and Determinations. Where the terms of this Agreement provide for action to be based upon judgment, approval, review or determination of either party, such terms are not intended to be and shall never be construed as permitting such opinion, judgment, approval, review or determination to be arbitrary, capricious or unreasonable.

12. Notices. All notices that are required either expressly or by implication to be given by any party to the other under this Agreement shall be signed for San Juan and for SSWD by such officers as they may from time to time authorize to so act. Any notices to parties required by this Agreement shall be delivered or mailed, U.S. first-class postage prepaid, addressed as follows:

To San Juan:

General Manager
San Juan Water District
9935 Auburn Folsom Road
Granite Bay, California 95746

To SSWD:

General Manager
Sacramento Suburban Water District
3701 Marconi Avenue, Suite 100
Sacramento, CA 95821

Either party may change its address for notice by sending notice of such change to the other party.

13. Inspection of Books and Records. Authorized officers or agents of SSWD shall have full and free access at all reasonable times to the account books and official records of San Juan in so far as the same pertain to the matters and things provided for in this Agreement, with the right at any time during office hours to make copies thereof at SSWD's expense, and the proper representative of San Juan shall have similar rights with respect to the account books and records of SSWD.

14. Integration. This is an integrated agreement and contains all of the terms, considerations, understanding and promises of the parties. It shall be read as a whole.

15. Construction and Interpretation. It is agreed and acknowledged by the parties that this Agreement has been arrived at through negotiation, and that each party has had a full and fair opportunity to revise the terms of this Agreement. Consequently, the normal rule of construction that any ambiguities are to be resolved against the drafting party shall not apply in construing or interpreting this Agreement.

16. Amendment. This Agreement may be modified or amended only by a subsequent written agreement approved by both parties.

17. Attorney's Fees. In any action brought by either party to enforce or construe this Agreement, the prevailing parties shall be entitled to an award of reasonable attorney's fees, expert witness and consulting fees, litigation costs and costs of suit.

18. Counterparts. This Agreement may be executed in counterparts. SSWD shall deliver its counterpart to San Juan, which shall deliver a fully-conformed counterpart to SSWD.

19. Termination. This Agreement may be terminated by either party with notice to the other party provided 10 business days prior to the termination date.

20. Obligations Prior to Termination. The obligations of the parties incurred pursuant to this Agreement prior to the termination of this Agreement shall survive the termination.

21. Supporting Resolutions. Each party represents that it has legal authority to enter into this Agreement and to perform its obligations hereunder, and shall submit to the other party concurrent with execution of this Agreement a duly-authorized resolution or other document evidencing the authority and authorizing the person executing this Agreement to do so.

22. General Indemnity. Each party agrees to protect, defend, indemnify and hold harmless the other party, its directors, officers, agents, employees and consultants from and against any and all losses, claims, liens, demands and causes of action of every kind and character, without limitation by enumeration, occurring or in any wise incident to, connected with, or arising directly or indirectly out of the negligence or willful misconduct of the indemnifying party hereunder.

23. Severability. The invalidity, illegality or unenforceability of any provision of this Agreement shall not render the other provisions unenforceable, invalid or illegal.

24. No Third Party Beneficiaries. This Agreement shall not be construed to create any third party beneficiaries. This Agreement is for the sole benefit of the parties, their respective successors

and permitted transferees and assigns, and no other person or entity shall be entitled to rely upon or receive any benefit from this Agreement or any of its terms.

25. Relationship of Parties. Nothing in this Agreement shall be construed to create an association, joint venture, trust or partnership, or to impose a trust or partnership covenant, obligation or liability on or with regard to anyone or more of the parties.

26. Additional Documents. Each party agrees to make, execute, acknowledge and deliver any and all documents reasonably required to implement this Agreement.

The foregoing is hereby agreed to by the parties.

SAN JUAN WATER DISTRICT:

By: _____
Paul Helliker, General Manager

SACRAMENTO SUBURBAN WATER DISTRICT:

By: _____
Daniel R. York, General Manager

APPENDIX A

RATE EQUIVALENTS TO BE PAID BY SSWD TO SJWD PER ACRE-FOOT (AF)

Article 5(a):

Treatment and Conveyance Cost/AF per the 2017 SJWD/SSWD Agreement as of January 1, 2023 = \$220.16.

[This rate may change in during the term of this agreement, but to what amount is unknown at this time.]

Article 5(b):

Charge/AF SJWD pays PCWA for entitlement water delivered to Placer County plus one-half of the difference between that price and the price San Juan pays PCWA for water made available in Folsom Reservoir for use within Sacramento County = \$45.63.

[Note: This rate may change during the term of the agreement, and will change in January, 2024, but to what amount is unknown at this time.]

Article 5(b)(i):

Charge/AF SJWD pays PCWA for entitlement water delivered to Sacramento County = \$58.07.

[Note: This rate may change during the term of the agreement, and will change in January, 2024, but to what amount is unknown at this time.]

Article 5(c):

SJWD Warren Act Charge/AF = \$34.79.

STAFF REPORT

To: Board of Directors
From: Donna Silva, Director of Finance
Paul Helliker, General Manager
Date: January 25, 2023
Subject: COLA Update

RECOMMENDED ACTION

Award a supplemental COLA of 5.2%.

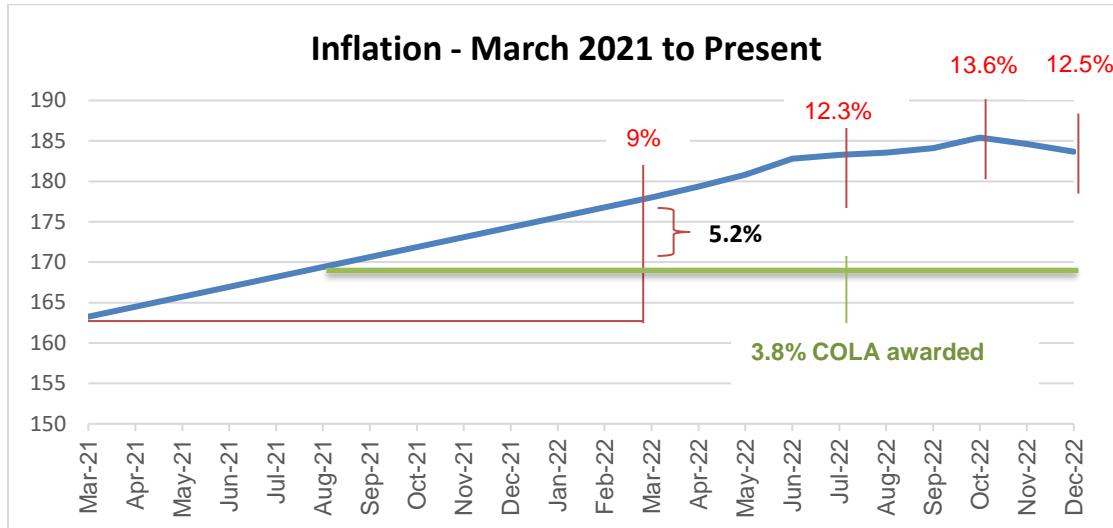

BACKGROUND

The District's Employee Compensation Policy governs the scope and timing of compensation studies, requires the budget to be prepared using estimates from CalPERS on wage growth (unless directed otherwise by the Board) and grants authority to the General Manager to award an annual cost of living adjustment (COLA), unless the combination of the COLA and merit pay increases will exceed the CalPERS actuarial estimate, in which case the COLA would require Board approval.

The Board's policy on Employee Compensation references an annual COLA, which is generally based on the CPI West B/C index. The District's practice has been to use the annual increase from March to March as the metric to calculate the CPI increase, and thus the COLA. The District's practice has been to award a COLA each July, using the March to March metric.

The District conducted a Compensation Study in 2022 resulting in a new salary schedule effective July 2022. The new salary schedule was set at 5% above market median on total cash. The "market" is composed of 14 different comparator agencies, as listed in the compensation policy. The new salary schedule resulted in an increase in the salary range for most of the District's positions, the salaries for many of which had been frozen after the 2019 compensation study. Because of these increased ranges, all employees had become eligible for merit increases and COLAs. We should note that any adjustments to salary schedules do not result in a change in any employee's salary level, unless their existing salary is below the bottom of the new salary range. Merit increases and COLAs are the only mechanisms by which actual pay would be increased. Consequently, even in years in which compensation studies are conducted and salary ranges are adjusted, the District typically continues to award COLAs, so that actual pay levels continue to address inflation. The District also applies the COLA to the salary schedules, so that the relative market position chosen by the Board is maintained, given that

comparator agencies are also adjusting their salary schedules to keep up with inflation.

The blue line, in the above chart, plots the consumer price index from March 2021 through December 2022. As shown via the red triangle above, the March 2022 CPI was 9% above the March 2021 CPI, which was the end of the comparison period for the last COLA. If an award of a 9% COLA would have been within the salary budget, this is what would have been implemented. Because it was not, the COLA required Board approval. In July 2022 the Board awarded a 3.8% COLA, representing the average of the COLA's awarded by the District's comparator agencies subsequent to the time the salary data was collected for the compensation study. At that point in time, inflation had risen to 12.3% above March 2021. The COLA awarded was 5.2% less than the previous March over March change in the CPI and at the time of the COLA award, it was 8.5% less than the actual rate of inflation (July 2022 over March 2021). The Board recognized that this adjustment was less than the existing inflation rate, and directed staff to continue to monitor inflation and return in six months to consider a supplemental COLA to match inflation over the prior year.

Staff brought the item back to the Board at its December 14, 2022 meeting. The CPI peaked in October at 13.6% above the March 2021 level, but by last month had fallen back to 12.5%, just slightly higher than where it had been in July, when the 3.8% COLA was awarded. The Board asked to see a list of all employees and their percentage pay increases going back to July 2020 and for the Finance Committee to discuss this item at its next meeting.

STAFF REPORT
COLA Update
Paul Helliker and Donna Silva

CURRENT STATUS

Attached to this staff report is the listing of employee percentage pay increases going back to July 2020 per Board request. The list is sorted in order of magnitude from lowest to highest. Raises occur from either a COLA, a merit pay increase, or a promotion. Pay increases that were caused in part by a promotion are shown in red text. As shown on the list, the average pay increase over this time period was 7.12%.

As evidenced by the chart below from the Bureau of Labor Statistics, inflation continues to remain high.

CPI for All Urban Consumers (CPI-U) 12-Month Percent Change												
Series	All items in West - Size Class B/C, all urban consumers, not seasonally adjusted											
Title:												
Base	DECEMBER 1996=100											
Period:												
Years:	2012 to 2022											
Year	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
2012	2.6	2.3	2.2	1.8	1.6	1.5	1.1	1.3	1.5	1.6	1.4	1.3
2013	1.0	1.5	1.0	0.8	0.7	1.0	1.6	1.6	1.2	0.8	1.0	1.4
2014	1.5	0.7	0.9	0.9	1.7	1.9	1.8	1.5	1.6	1.6	1.2	0.6
2015	0.0	0.6	0.8	0.9	0.8	0.5	0.3	0.3	0.0	0.1	0.1	0.5
2016	1.3	0.8	0.3	0.5	0.4	0.5	0.6	0.7	1.1	1.3	1.7	1.8
2017	1.8	2.3	2.5	2.3	2.0	2.0	1.9	2.3	2.6	2.7	2.7	2.7
2018	2.8	2.5	2.6	2.6	3.0	3.2	3.2	3.0	2.8	2.9	3.1	2.9
2019	2.5	2.3	2.3	2.7	2.8	2.6	2.6	2.5	2.3	2.5	2.5	2.8
2020	2.8	2.9	2.5	1.5	0.5	0.8	1.5	1.8	2.0	1.6	1.6	1.5
2021	1.6	1.8	2.6	3.9	5.4	6.0	6.0	5.6	5.7	6.3	6.9	7.4
2022	8.1	8.5	9.0	8.6	8.4	8.5	8.3	8.3	8.3	8.3	7.2	6.3

Subsequent to the award of the District's 3.8% COLA, six more of the District's comparator agencies have awarded or announced COLAs, two of which are retroactive to July 2022. The Elk Grove Water District awarded a 7.2% COLA and the City of Folsom awarded a 3% COLA. The Sacramento Suburban Water District approved an 8.3% COLA to go into effect next month. El Dorado Irrigation District recently awarded its staff a 5% COLA and its General Manager a 10.9% adjustment. The Fair Oaks Water District just approved an unscheduled 4% COLA.

Given the persistent inflation, staff recommends a supplemental COLA be awarded. Consistent with past practice and the compensation policy, staff recommends the supplemental COLA be 5.2%, which, combined with the 3.8% previously awarded,

STAFF REPORT
COLA Update
Paul Helliker and Donna Silva

would equal 9% - the March over March change in CPI that is customarily used to set District COLAs.

The increase to salaries would be approximately \$128,600 for the remainder of the fiscal year, and an additional \$115,000 for the first six months of the year, should the Board desire a retroactive application of the supplemental COLA. Due to savings realized in the first half of the year from turnover and open positions, there is room in the current year budget to absorb either increase, which are both within the salary estimates in the Retail Financial Plan.

1050	Water Efficiency Tech I	11/28/2022					
District wide Average Annual Pay Increase						7.12%	
Median Annual Pay Increase						4.66%	

Notes:

Sorted by order of magnitude of average annual pay increases from smallest to largest

Table includes only active employees

Red text indicates percentage increase in pay was due in part or in full due to a promotion.

If an employee was newly hired during the year and received a pay increase prior to the next July, their initial pay rate is shown as if they were hired the previous July. For example, someone hired in March 2021 and received the July 2022 COLA has their initial pay

- A 8% increase to bring to bottom of new range, plus 3.8% COLA
- B Large increase is due to promotion
- C 10.47% increase to bring to bottom of new range, plus 3.8% COLA
- D 9.33% increase to bring to bottom on new range, plus a COLA and a merit pay increase
- E Due to promotion from CS Tech III to Customer Service Manager, a large pay difference, plus an adjustment to bring to bottom of new range
- F Significant increase due to promotion and large increase to bring to bottom of new range

STAFF REPORT

AGENDA ITEM VI-1.1

To: Board of Directors
From: Paul Helliker, General Manager
Date: January 25, 2023
Subject: General Manager's Monthly Report (December)

RECOMMENDED ACTION

For information only, no action requested.

TREATMENT PLANT OPERATIONS

Water Production

Item	2022	2021	Difference
Monthly Production AF	1,500.81	1,451.70	1,500.81
Daily Average MG	15.78	15.26	15.78
Annual Production AF	38,266.05	35,528.39	38,266.05

Water Turbidity

Item	December 2022	November 2022	Difference
Raw Water Turbidity NTU	5.18	3.39	53%
Treated Water Turbidity NTU	0.016	0.015	7%
Monthly Turbidity Percentage Reduction	99.69%	99.57%	

*Folsom Lake Reservoir Storage Level AF**

Item	2022	2021	Difference
Lake Volume AF	614,188	586,138	5%

AF – Acre Feet

MG – Million Gallons

NTU – Nephelometric Turbidity Unit

* Total Reservoir Capacity: 977,000 AF

Other Items of Interest:

- Complete installation of new turbidimeters

SYSTEM OPERATIONS

Distribution Operations:

Item	December 2022	November 2022	Difference
Leaks and Repairs	9	12	-3
Mains Flushed	0	0	0
Valves Exercised	0	0	0
Hydrants Maintenance	0	0	0
Back Flows Tested	0	0	0
Customer Service Calls	42	44	-2

Distribution System Water Quality:

Water Quality Samples Taken	# Failed Samples	Supporting Information
40 Lab	0	
11 In-House	0	

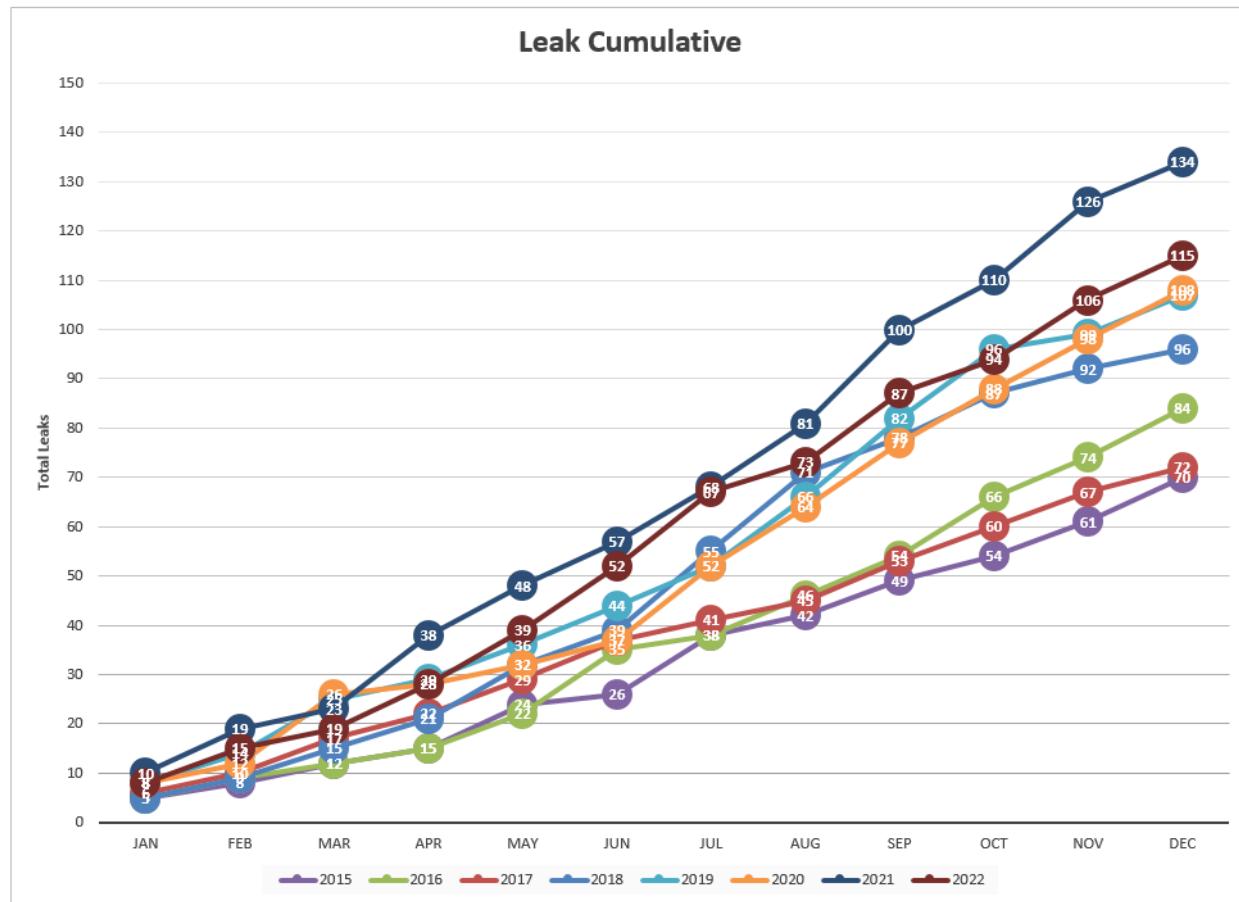

Figure 1: Annual Distribution System Leaks

Other Items of Interest:

- None

ENGINEERING - NEW URBAN DEVELOPMENTS (SJWD Retail Service Area)

Project Title	Description	Status	Issues / Notes
Chula Acres	4-Lot Minor Subdivision (8149 Excelsior Ave)	In Construction	Water main installed. Construction in process.
GB Memory Care	Commercial Business (6400 Douglas Blvd)	In Design Review	Planning to begin construction in 2022
Premier Soleil (formerly Granite Bay Townhomes)	52-Lot Subdivision (Douglas, east of Auburn Folsom)	Construction complete	In project close-out
Greenside Parcel Split (5640 Macargo)	Minor parcel split of 2.0-Ac parcel into 3 lots	Approved for Construction	Design approved
Placer County Retirement Residence (3905 Old Auburn)	Commercial Business (145-Unit Multi-story Assisted Living Facility; 3865 Old Auburn Rd)	In Construction	Construction started October 2021
Pond View	Commercial Business (5620 5630 5640 Douglas Blvd)	Approved for Construction	Planning to begin construction in 2022
The Park at Granite Bay	56 lot Subdivision (SCB south of Annabelle)	In Construction	Construction started June 2022
The Residences at GB	4-Lot Minor Subdivision (NW Cor. Barton & E Rsvl Pkwy)	In Design Review	Project on hold
Ventura of GB	33-Lot High Density Subdivision (6832 Eureka Rd)	In Construction	Initially will only have one source of supply connection, planning for a future 2 nd connection
Whitehawk II	56-Lot Subdivision (Douglas, west of Barton)	In Construction	Construction started January 2022

STAFF REPORT
General Manager's Monthly Report
Paul Helliker

Project Title	Description	Status	Issues / Notes
Rancho Del Oro Estates	89-Lot Subdivision (Olive Ranch Rd, east of Cavitt Stallman)	Construction complete	In project close-out
Canyon Terrace Apartments	Apartment Complex (7 new buildings; 1600 Canyon Terrace Lane)	In Construction	Construction started November 2022
Sierra College Self Storage (8455 Sierra College Blvd)	New 4-building self-storage facility	Approved for Construction	Construction started August 2022

ENGINEERING - CAPITAL PROJECTS

Status Update for Current Retail Projects

Project Title	Description	Status	Issues / Notes
Eureka Rd Transmission Main Replacement	Replace approximately 3,925 LF of aged steel transmission pipeline	In Construction	Contractor waiting for materials. Construction postponed to February 2023.
SCADA Radio Replacements – North Phase	Replace outdated 900 MHz radios with 173 MHz equipment	In Construction	Radio router issues have now been resolved
Spahn Ranch Rd. Main Extension	Install new pipeline; provides looped distribution network	In Design	Construction in FY 24/25
Kokila Reservoir Replacement	Replace existing hypalon lined and covered reservoir with a new concrete tank	In Design	Applying for SRF funding. Construction in FY 23/24
Canyon Falls Village PRS Replacement	Rehabilitation of an existing Pressure Reducing Station (PRV) located near the intersection of Canyon Falls Drive and Santa Juanita Ave.	East PRS is now completed, doing design for West PRS	Construction in FY 22/23
Upper Granite Bay Pump Station Generator Replacement	Replacing generator at Upper Granite Bay Pump Station	In Construction	Construction in FY 22/23
Bacon Pump Station Generator Replacement	Replacing generators at Bacon Pump Station	In Construction	Construction in FY 22/23
Field Services 3-sided Parts Shelter	Construction of a 3-sided material storage shelter	On hold	Planning to rebid project in FY23/24
Service Line Replacement Projects (85/year)	Yearly program to replace 85 services per year as identified in the 2020 Retail Master Plan	In Design	Hidden Oaks (referred to as Shelborne) identified for replacement in FY22/23

STAFF REPORT

General Manager's Monthly Report

Paul Helliker

Project Title	Description	Status	Issues / Notes
Air Release Valve Replacements (45/year for next 20 years)	Replacement of 45 Air Release Valves per year for the next 20 years as identified in the 2020 Retail Master Plan	In Design	Construction in FY22/23
Administration Building Electrical Panel Upgrade	Replacement of the electrical service at the Administration Building (50/50 split W/R)	In Design	Construction in FY22/23

Status Update for Current Wholesale Projects

Project Title	Description	Status (% Complete)	Issues/ Notes
Hinkle Liner & Cover Repl'mt	Replace both the hypalon cover and liner	In Construction	Applying for SRF funding. Construction in FY 22/23
Lime System Improvements	Improvements for the WTP's lime system control and feeder system	In Design	
Baldwin Chnl Lining and Solar Field Culvert Replacement Project	Lining the Baldwin Ditch on the main campus to minimize costs for maintenance within the ditch and the replacement of the Solar Field Culvert to provide emergency discharge capacity to Baldwin Reservoir	In Construction	Construction of Solar Field Culvert underway. Construction of lining postponed until after Hinkle Reservoir is completed.
Wholesale Master Plan	Update of the 2005/07 Wholesale Master Plan	In Design	Draft document completed. Plan to be distributed to WCAs in January 2023.
Administration Building Electrical Panel Upgrade	Replacement of the electrical service at the Administration Building (50/50 split W/R)	In Design	Construction in FY22/23

SAFETY & REGULATORY TRAINING – December 2022

Training Course	Staff
Trench and Excavation	Field Services
CPR/AED/First Aid	Staff
Hearing Test and Fit Test	Field Services, Treatment
Backhoe	Field Services, Treatment

Difference	811.43
	3.6%

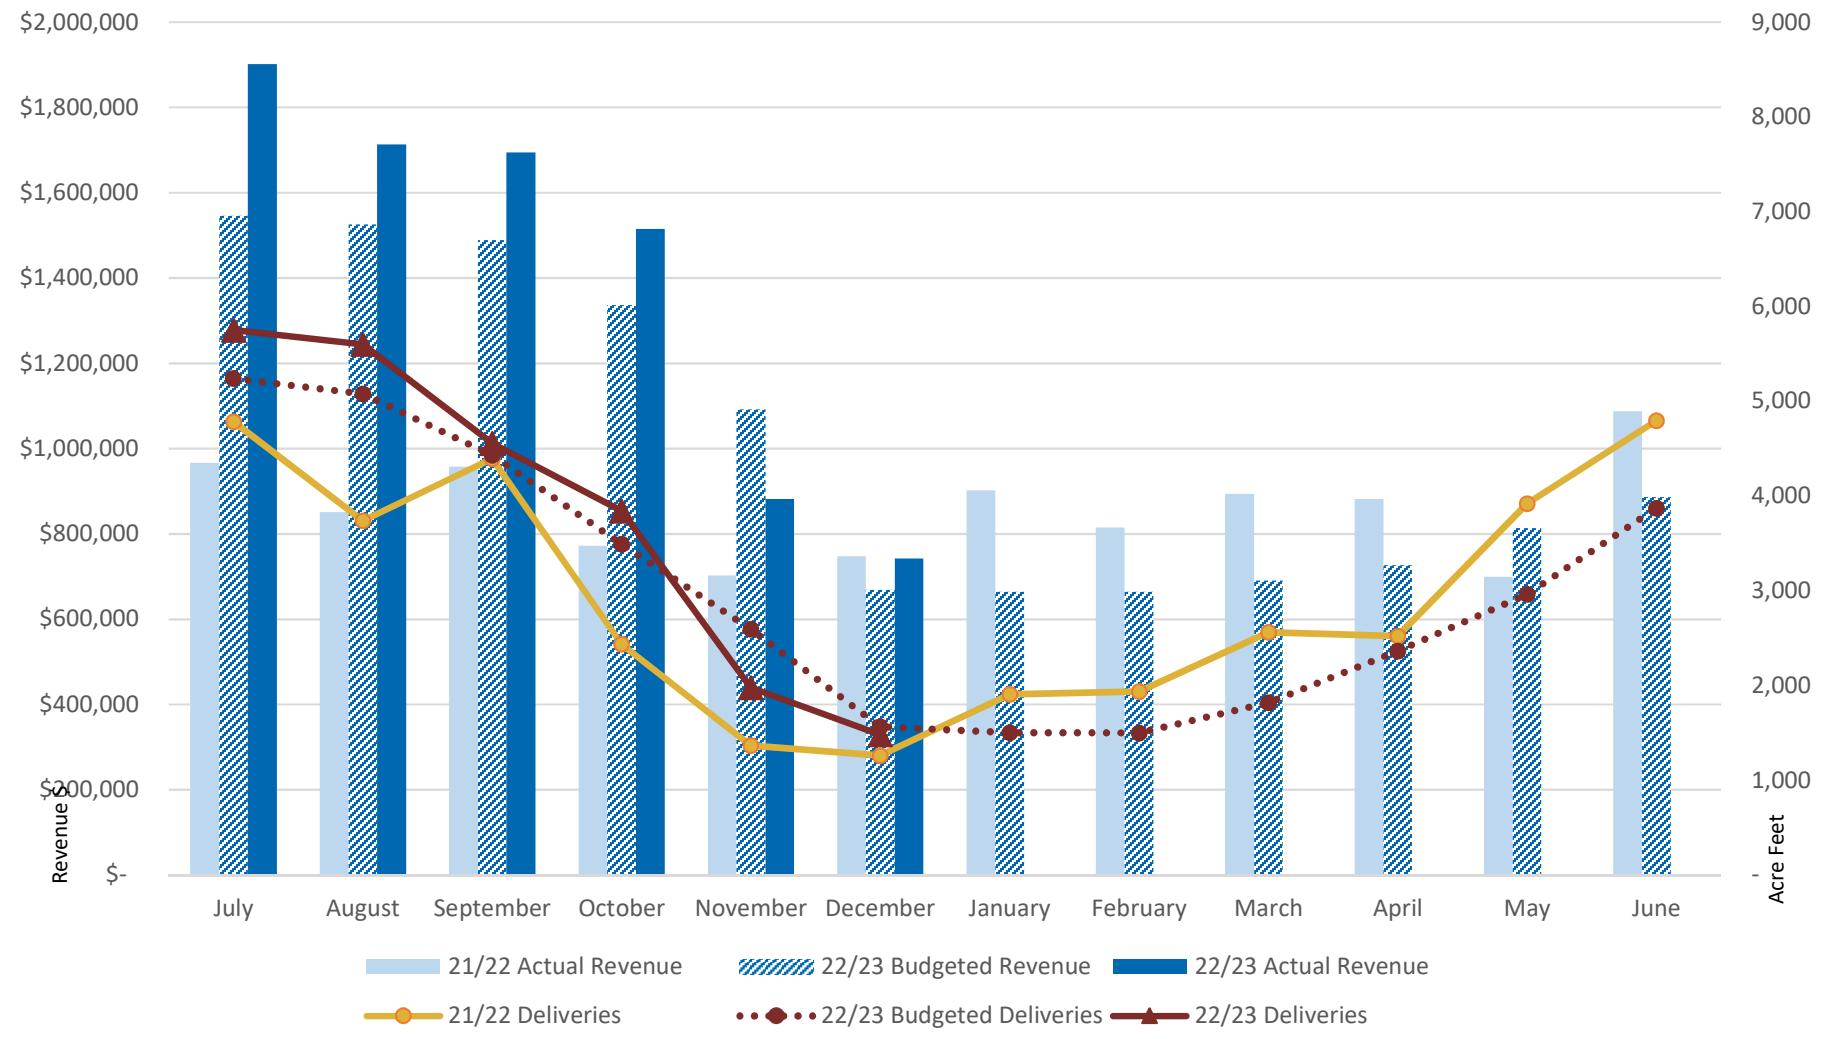

Budgeted Water Sale Revenue	\$ 7,832,987
Actual Water Sale Revenue	<u>\$ 8,450,521</u>
Difference	\$ 617,534
	7.9%

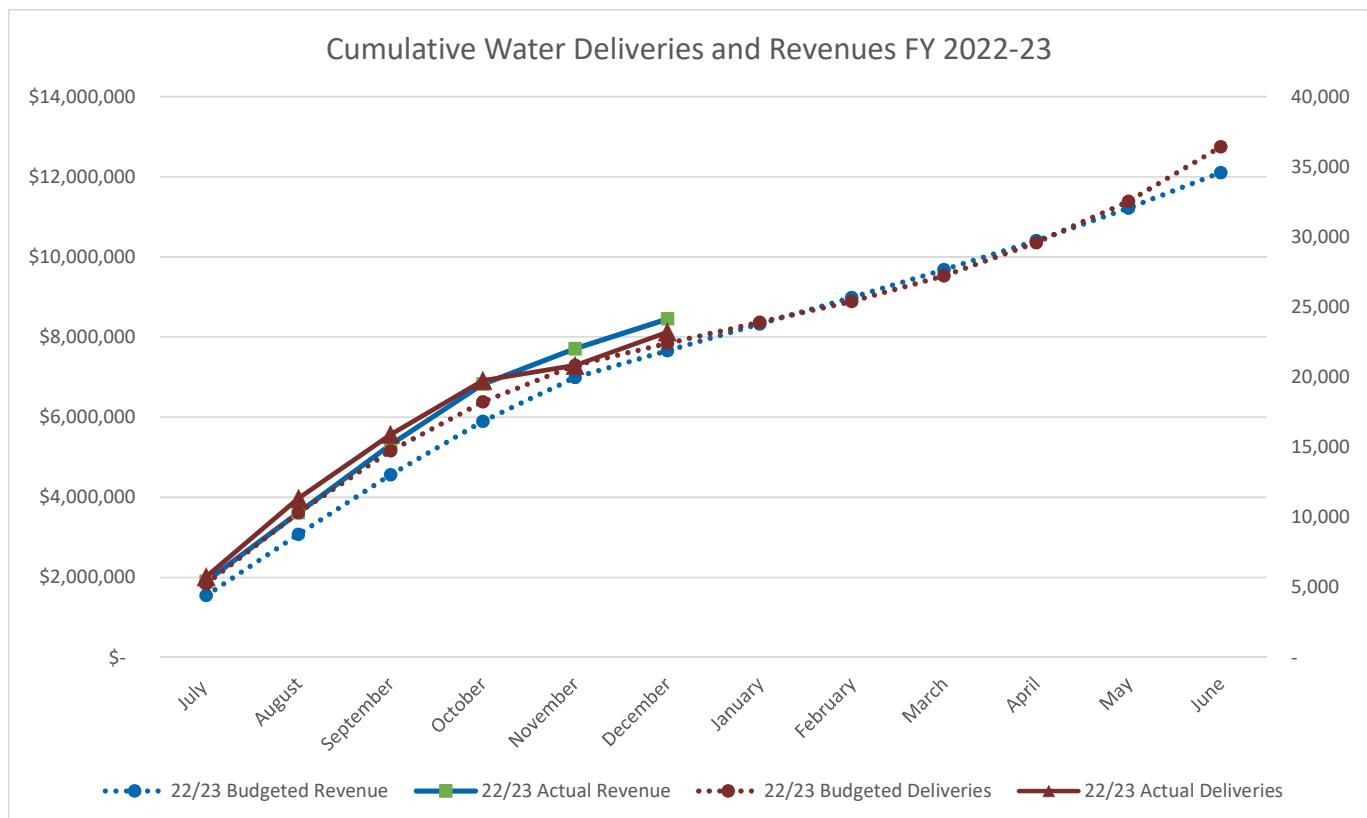

Conclusion:

While deliveries in December were less than anticipated for the month, year to date deliveries through December were 3.6% greater than budget. As shown in the table above, the main drivers of the variance are the Citrus Heights Water District and the Fair Oaks Water District, both taking less than anticipated in the budget. This was offset by the year to date sale of water to SSWD being much higher than anticipated. The budget did not anticipate the sale of water to SSWD to commence until November, but it actually has been happening all year. The positive variance in deliveries results in revenues being 7.9% greater than expected for this time of year.

Excluding SSWD, deliveries were 607 acre feet less than the same time period last year, a 3% decline. The budget anticipated a year over year decline of 7.25%.

Comparison of Fiscal Year 2021/2022 Actuals to 2022/2023 Projections and Actuals of Deliveries and Revenue

AGENDA ITEM VII-3.1

Tobin Report
1/25/2023

State Water Board Issues New Drought & Conservation Reporting Order:

Chelsea and Cindy Tuck met with the State Water Board Deputy Director last week and pulled together an ACWA working group through the Water Management Committee, with Dave Pedersen engaged.

The ACWA working group met last week and we will meet again the week of Feb. 6th. We have scheduled meetings with several of the State Water Board Members to better understand and discuss and will be partnering with the CA Water Data Consortium (they are tasked with streamlining data reporting and Joaquin in on their steering committee) to discuss if we should do something jointly.

The reporting order is problematic for several reasons. From a public process standpoint, there was no public engagement or opportunity for comments prior to issuing the reporting order. From a technical standpoint, some of the expanded reporting doesn't make sense (e.g. monthly reporting of water loss, reporting due by the 7th). The order will be burdensome for many agencies (e.g., quarterly frequency, new reporting of source supply, groundwater source reporting) and some of this is duplicative with existing reporting.

2023-01-20 ~ACWA SLC Meeting

Dave Eggerton –

- DC conference coming up; registration is open
- It will have a slightly different structure than in the past. We are working on the details now.
- WOTUS (Waters of the United States) final rule released, effective March 20, Sackett v. EPA determine scope of EPA authority in determining WOTUS
- Board meeting coming up; new elections process (Bylaws amended at conference); Board will be adopting policy for those new rules; new committee that will interview candidates and designate someone as a "preferred" candidate; unlike in the past, everyone who meets basic criteria will be on ballot; will have webinars re: how this new process works
- discussing and thinking about how we can capitalize on recent storms to increase awareness of water issues. It will be a topic on the ACWA Board Workshop in February.

Deputy ED - Tuck –

-calendars:

- DC registration closes on February 10th
- annual legislative symposium on Thursday, March 23rd

-policy:

- infrastructure: (1) state budget process: example, commitment for dam safety but no appropriation, working on securing an appropriation,
- (2) climate resilience bond,
- (3) permit streamlining: ACWA already sponsoring a permit streamlining bill (SB23)

- (4) water rights: direction from Board to protect current priority of rights system but improving on administration of it
- (5) water rights working group: what other actions does ACWA, state, feds need to be working on
- (6) quench CA: communications campaign, aimed at educating the public re: infrastructure
 - racial equity: state draft racial equity action plan, ACWA member input on plan, ACWA submitted comment letter and SWRCB staff made changes based on our comment letter – (1) does not expand or modify Board's existing authority, (2) actions outlined in plan will be subject to Board's standard engagement and public process processes, (3) does not modify existing policies/plans etc.. adopted by Board, any change to existing policy/plan etc. subject to Board approval], plan presented to Board (didn't take action), so far, a staff document

SLC Overview/Update – Adam Quinonez –

-reviewed certain policies for new members, such as absence procedure etc.

-legislative symposium at the Sutter Club, registration open next week

Bill Proposals

Legislative Proposal 1: Service Charges on the Property Tax Bill

-current status of recommended action: pending committee input

-motion passed: postpone consideration of this proposal until October which would be for next legislative session

Legislative Proposal 2: Water Law: Judges and Adjudications

-current status of recommended action: pending committee input

-motion passed: letter to Judicial Council requesting amendments to Rules of Court and sponsor an intent bill (in the event the Judicial Council does not agree to amendments)

Bill Packet:

AB 30: Atmospheric Rivers: Research, Mitigation, and Climate Forecasting Program

-current status of recommended action: support

SB 3: Discontinuation of residential water service: community water system

-current status of recommended action: watch

SB 23: Water supply and flood risk reduction projects: expedited permitting.

-current status of recommended action: sponsor

Legislative Updates – Adam Quinonez

State budget:

-cut PFAS remediation funding; new funding proposed for flood control in Central Valley; potential for a bond (see below)

Infrastructure:

-desire for major funding for infrastructure not feasible this year; already planning for 2024 – perhaps more like a Prop 1 type bond; state infrastructure work group already identifying priorities (dam safety, conveyance, PFAS, ground water banking, conjunctive use and storage)

Chris Anderson

-Prop 218 leg – this committee sponsored in October 2023; workgroup has convened and started drafting language but concern has arisen; there was a bill 2 years ago implementing statute of limitations re: Prop 218 and policy committee staff think it is too soon to come back for a second bite of the apple; having trouble finding an author; we need to flag this as something to sponsor in 2024; workgroup will continue to meet throughout the year

Poulsen: in response to Ryan Becerra's question; ACWA staff still working on this as directed so no further action needed at this time; will be agendized for future committee discussion

Regulatory Updates – Soren Nelson for Chelsea Haines

-February 15th – regulatory groups meet; meetings will be shorter -1 hr. 15 mins. long and all regulatory updates will be at beginning of day (different structure than past)
-change in state hydrology: as mentioned trying to take advantage of heightened awareness

ACWA Foundation Trustees

- Trustees met and have started setting goals.
- Non-profit foundation was created to advance workforce and leadership development in the water industry.
- Non-profit, tax-exempt structure to solicit funds to educate, mentor, conduct research and invest in the next generation of water leaders.
- Foundation can accept donations that will become tax exempt retroactively following IRS approval letter.

ACWA Eastern Municipal Water District

- **Briefing & Desalination Facility Tour January 12, 2023 (Region 9 Board Meeting)**
- Water, wastewater and recycled water to nearly 1 million people – 558-square mile service area in western Riverside County
- Serves retail customers within cities of Canyon Lake, Hemet, Menifee, Moreno Valley, Murrieta, Perris, San Jacinto & Temecula and unincorporated communities of French Valley, Good Hope, Homeland, Lakeview, Mead Valley, Murietta Hot Springs, Nuevo, Romoland, Valle Vista & Winchester.
- Wholesales water to Hemet, Perris, San Jacinto, Lake Hemet Municipal WD, Nuevo Water Co., Rancho CA WD and Western Municipal WD.
- Leader in prohibition of watering nonfunctional turf.
- Formed in 1954, formerly East San Bernardino County WD

- Build Sterling Natural Resource Center, state-of-the-art facilities in Highland, Ca., treating up to 8 million gallons a day.
- Will recharge Bunker Hill Groundwater Basin
- Creating teaching and learning opportunities for surrounding community in the form of water industry training, mentoring and working with the local high school.

ACWA Spring Conference

- Monterey, CA May 9-11, 2023 (ACWA-JPIA Monterey, May 8, 2023)

Podcast: <https://www.acwajpia.com/podcasts/>

JPIA has extensive resources, and the podcasts covers a lot of topics on claims, funds management, liability, health, property and worker's comp, and cyber security insurance programs as well as training and best practices.

AGENDA ITEM VIII-1

DRAFT

Engineering Committee Meeting Minutes San Juan Water District January 20, 2023 9:00 a.m.

Committee Members: Dan Rich, Chair
Manuel Zamorano, Member

District Staff: Paul Helliker, General Manager
Tony Barela, Operations Manager
Andrew Pierson, Engineering Services Manager
Adam Larsen, Field Services Manager
Mark Hargrove, Senior Engineer
Teri Grant, Board Secretary/Administrative Assistant

Topics: Hydrant and Valve Maintenance FY 2022/23 (R)
WTP Lime Silo and Clarifier Improvements Project (W)
WTP Filter Backwash Hood Facilities Rehabilitation Project (W)
Other Engineering Matters
Public Comment

1. Hydrant and Valve Maintenance FY 2022/23 (R)

Mr. Larsen provided the committee with a staff report, which will be attached to the meeting minutes. He explained that the contract is for inspection and any repairs are completed by District employees.

The Engineering Committee recommends consideration of a motion under the Consent Calendar to award a professional services contract to Wachs Water Services (WWS) for professional services related to the inspection and maintenance of the District's hydrants and valves for the fiscal year 2022/23.

2. WTP Lime Silo and Clarifier Improvements Project (W)

Mr. Barela provided the committee with a staff report, which will be attached to the meeting minutes. The committee discussed the added safety to employees that a permanent access ladder will provide when working in the Clarifier Tanks.

The Engineering Committee recommends consideration of a motion under the Consent Calendar to award a Professional Services Contract for design services related to improvements at the Water Treatment Plant Lime Silo and Clarifier Tanks

3. WTP Filter Backwash Hood Facilities Rehabilitation Project (W)

Mr. Hargrove provided the committee with a staff report, which will be attached to the meeting minutes. He explained that there are 2 filter backwash hoods per filter basin, and when one is off-line the other takes twice as long to complete the cleaning process. In addition, he informed the committee that this was a planned project. The committee discussed the project, scope of work and contract warranties for the projected work. Mr. Pierson informed the committee that until the evaluation of the filter backwash hoods is complete, it is difficult to

determine the cost of the construction for the project since the water treatment plant is customized for the District and the equipment usually needs to be fabricated.

The Engineering Committee recommends consideration of a motion under the Consent Calendar to award a Professional Services Contract for design services related to improvements at the Water Treatment Plant Filter Backwash Hood Facilities

4. Other Engineering Matters

There were no other matters discussed.

5. Public Comment

There were no public comments.

The meeting was adjourned at 9:36 a.m.

DRAFT
AGENDA ITEM VIII-2

Finance Committee Meeting Minutes
San Juan Water District
January 24, 2023
4:00 p.m.

Committee Members: Ted Costa, Director (Chair)
Ken Miller, Director (Member)

District Staff: Paul Helliker, General Manager
Donna Silva, Finance Director
Tony Barela, Director of Operations
Adam Larsen, Field Services Manager
Greg Turner, Water Treatment Plant Manager
Teri Grant, Board Secretary/Administrative Assistant

Members of the Public: Jennifer Farr, DavisFarr, Certified Public Accountants
Mike Heasley, SJWD Employee
Stephen Ehnat, SJWD Employee
Kenny Jahn, SJWD Employee
Jeff Johnson, SJWD Employee
Mark Hargrove, SJWD Employee
Mike
User 1
2 anonymous callers

1. Presentation of Independent Audit Results by DavisFarr, Certified Public Accountants - Fiscal Year Ending June 30, 2022 (W & R)

Ms. Silva introduced Jennifer Farr from DavisFarr, Certified Public Accountants, and explained that they conducted the independent audit of the District's financials for fiscal year ending June 30, 2022. Ms. Farr reviewed the timeline of the audit and informed the committee that next year the audit will be scheduled earlier. She reported that they issued an unmodified audit opinion on the financial statements and that there were no material weaknesses or significant deficiencies in internal controls. She explained that included in their opinion there is an emphasis of a matter for implementation of new lease accounting standard.

Ms. Farr reviewed the areas of focus for the audit, the new lease accounting standard, and the internal controls over key accounting cycles. She reviewed best practice recommendations concerning developer deposits and information systems. In addition, she informed the committee that there were no instances of noncompliance and that District staff were prepared for the audit and responsive to their inquiries.

2. Wholesale Water Rate Fee Schedule Revision (W)

Ms. Silva provided a staff report which will be attached to the meeting minutes. She reported that wholesale water rates have not increased since January 2021. She reported that the wholesale customer agencies were sent the required 150-day Notice of Proposed

Changes in Rates in August 2022, and no direct comments were received from them. She explained that the recommended action does not change the total fees, just the allocation of the quarterly service charges amongst the wholesale customers. This action simply updates the allocation of the fixed quarterly charge based on the rolling five-year average of water use for the five years ending June 30, 2022.

The Finance Committee recommends approval of the revisions to the Wholesale Water Rate Fee Schedule, effective January 1, 2022, to adjust the allocation of the fixed quarterly service charge.

3. Review General Manager Reimbursements (W & R)

The committee reviewed the credit card charges for the General Manager and found them to be in order and there was no reimbursement request from the General Manager.

4. Review Check Register from December 2022 (W & R)

The committee reviewed the December 2022 check register and found them to be in order.

5. Cost of Living Adjustment (W & R)

Ms. Silva informed the committee that the Board requested that the Finance Committee review the data regarding pay increases that each employee received since July 2020. She reviewed the table and explained the sorting and notes on page 2, and stated that the table consists of all active employees and is shown with position titles and employee numbers. In addition, she explained how employees receive pay increases and noted that the COLAs for each year are listed at the top of the table.

In response to Director Miller's comment regarding the list provided, Ms. Silva informed the committee that she provided Director Rich the table and he stated that it contained the information that he requested, which was for three years of salary increase information on each employee. Director Costa voiced concern regarding two 5% increases, the effect on future compensation studies, and the upward spiral of salaries. In addition, Director Costa mentioned that the Board's compensation policy of a market target for salary schedules to be 5% above median might need to be changed. In response to Director Costa's comment on unfunded pension liability, Ms. Silva informed the committee that she talked to the District's CalPERS actuary and was informed that increases to employee salaries above the CalPERS assumptions do not automatically cause an increase in the unfunded pension liability.

Mr. Barela commented that he feels the Board made the right decision to change the Board policy to 5% above median which helps maintain and attract employees. He commented that the COLA is given to maintain that position in the market. In response to Director Miller's comment on the rate of inflation, Mr. Barela stated that the COLA is always looking in the arrears and the District has to pick a moment in time to base the COLA on, which was selected as March over March in the Board policy. Ms. Silva informed the committee that, due to vacancies at the District, the 5.2% COLA that is being discussed now falls within the CalPERS assumptions and the budget for salaries at the District, even if made retroactive to July 1, 2022.

Director Costa opened the floor to the public for comments.

Mr. Adam Larsen addressed the committee and informed them that employee feedback shows that they are very appreciative of the changes that the Board has made. Mr. Barela informed the committee that there have been discussions with staff to keep them apprised of this agenda topic and that the employees selected representatives to attend this meeting. Mr. Mike Heasley agreed with Mr. Larsen and stated that the changes from the recent compensation study will help recruit and retain talented employees.

Mr. Stephen Ehnat addressed the committee and shared his personal position with the committee, stating that he did not receive, as well as most employees, an automatic 5% raise based on the compensation study – the 5% over median moved the bar for potential pay increases in the future. He stated that evaluations are happening now and he might be eligible to receive a merit increase, but it is not guaranteed. He explained that the COLA in July 2022 was the first one he received since 2018. He stated that these two items are totally different. Director Miller commented that providing a COLA increases the salary range, which affects the compensation studies and potentially places employees out of range of the other agencies.

Director Costa stated that the Board will discuss this matter at the January 25, 2023, meeting.

6. Other Finance Matters (W & R)

There were no other matters discussed.

7. Public Comment

There were no public comments.

The meeting was adjourned at 4:59 p.m.
