President Costa called the meeting to order at 6:00 p.m.

I. ROLL CALL

The Board Secretary took a roll call of the Board. The following directors were present via teleconference: Ted Costa, Marty Hanneman, Ken Miller, Dan Rich and Pam Tobin.

II. PUBLIC FORUM

Mr. Mike McRae requested to speak on Agenda Item IV-2 and will do so at the time that item is discussed.

III. CONSENT CALENDAR

All items under the consent calendar are considered to be routine and are approved by one motion. There will be no separate discussion of these items unless a member of the Board, audience, or staff request a specific item removed after the motion to approve the Consent Calendar.

- 1. Minutes of the Board of Directors Meeting, March 25, 2020 (W & R)**
Recommendation: Approve draft minutes
- 2. Minutes of the Board of Directors Special Meeting, April 7, 2020 (W & R)**
Recommendation: Approve draft minutes
- 3. Minutes of the Board of Directors Special Meeting, April 14, 2020 (W & R)**
Recommendation: Approve draft minutes

Director Hanneman moved to approve Consent Calendar. Director Rich seconded the motion and it carried with the following roll call vote:

Ayes: Directors Costa, Hanneman, Miller, Rich, and Tobin

Noes: None

Absent: None

IV. OLD BUSINESS

1. FY 2019-20 Operations Plan Report Card (W & R)

GM Helliker reviewed the 3rd quarter progress on the FY 2019-20 Operations Plan Report Card. He informed the Board that some items will be updated with new target dates.

2. Transition to Division-Based Elections (W & R)

GM Helliker provided a written staff report which will be attached to the meeting minutes. In response to Director Miller's question, Mr. Horowitz informed the Board that he spoke with the plaintiff's attorney and the plaintiffs are willing to enter into a settlement agreement to allow the Board to have an extended schedule to wait until after the 2020 Census data is available before the redistricting is completed. Mr. Horowitz referred to the staff report for the three schedule options for the 2022 elections which are: complete within 90 days; request an extension for an additional 90 days; or enter into a settlement agreement to extend until the release of the 2020 Census data and have the redistricting completed by the end of 2021.

President Costa opened the floor to public comment. Several members of the public provided their comments in support of reconsidering redistricting and changing it to the 2020 elections, and others in support of keeping redistricting with the 2022 elections.

President Costa opened the floor for discussion from the Board. The Board discussed and replied to some of the comments made from the public and voiced their opinions on the issue.

Director Rich moved to hold over Resolution 20-03 until a Special Board meeting on May 13, 2020. Director Hanneman seconded the motion and it carried with the following roll call vote:

Ayes: Directors Hanneman, Miller, Rich, and Tobin

Noes: Director Costa

Absent: None

GM Helliker reviewed the three schedule options that were included with the resolution. The Board discussed the schedule options.

Director Hanneman moved to direct General Counsel Horowitz and General Manager Helliker to develop the materials for Alternative 2 (the additional 90-day schedule) in negotiations with Attorney Shenkman. Director Rich seconded the motion and it carried with the following roll call vote:

Ayes: Directors Costa, Hanneman, Miller, and Rich

Noes: Director Tobin

Absent: None

V. NEW BUSINESS

1. SJWD Board Policy Update (W & R)

GM Helliker provided a written report which will be attached to the meeting minutes. He explained that this policy is not needed since the authority it confers is already provided by the Government Code.

Director Hanneman moved to adopt Resolution 20-04 repealing Board Policy 1000 Overview (OV-1 Overview). Director Miller seconded the motion and it carried with the following roll call vote:

Ayes: Directors Costa, Hanneman, Miller, Rich, and Tobin

Noes: None

Absent: None

2. Potential Financial Impacts of Covid-19 and Fiscal Year 2020-21 Budget Assumptions (W & R)

Ms. Silva conducted a presentation which will be attached to the meeting minutes. She provided information on the budget assumptions and the financial impacts from the Covid-19 orders. She informed the Board that the Budget Workshop will be held on May 27th and anticipates that the budget will be adopted at the June 24th board meeting.

VI. INFORMATION ITEMS

1. GENERAL MANAGER'S REPORT

1.1 General Manager's Monthly Report (W & R)

GM Helliker provided the Board with a written report for March which will be attached to the meeting minutes.

1.2 Miscellaneous District Issues and Correspondence

GM Helliker reported that Folsom Reservoir storage is about 92% full and 66% of average. He reported that precipitation is 60% of normal and snowpack is at 58% of average for the year. In addition, he reported that there is a below normal probability for precipitation for the next three months, with the temperature forecast above normal.

GM Helliker reported that Reclamation predicts that the end of December storage projection for Folsom Reservoir will be above the 300,000 acre feet level, which is the planning minimum that staff has been negotiating with Reclamation.

GM Helliker reported that water transfer discussions are proceeding; however, the District will not be a part of those discussions. He informed the Board that Fair Oaks Water District is planning to do a water transfer with Carmichael Water District, even though their net revenue will be less

than what they could have received had they pursued a water transfer with the District.

GM Helliker reported that the State Water Board is proceeding with the monthly reporting regulations, which will require monthly production data and an estimate of residential use so that they can calculate the residential gallons per capita per day. He expects this to go into effect in October.

GM Helliker gave an update on the Biological Opinion and informed the Board that Jennifer Buckman, legal counsel with BKS, is working on getting the final paperwork ready.

GM Helliker reported that a summary of the final cost for the Fair Oaks 40 Pipeline Relining Project was sent to Fair Oaks Water District and Orange Vale Water Company on March 30th and an invoice was sent on April 10th.

He informed the Board that Fair Oaks Water District is disputing the cost allocation. President Costa referred this issue to the Finance Committee for review.

GM Helliker informed the Board that the special meeting on May 13th will be for the division-based elections issue, then the May 27th Board agenda items will include the draft budget and some more policy updates. In addition, he stated that Mr. Greg Zlotnick will email an update on federal legislation.

2. DIRECTOR OF FINANCE'S REPORT

- 2.1 Miscellaneous District Issues and Correspondence**
No report.

3. OPERATION MANAGER'S REPORT

- 3.1 Miscellaneous District Issues and Correspondence**
Mr. Barela provided a report regarding the District's Covid-19 response plan and the recovery plan. In addition, he announced that Mike Heasley was promoted to the Lead Distribution Worker to replace Adam Larsen who was recently promoted to Field Services Manager.

4. ENGINEERING SERVICES MANAGER'S REPORT

- 4.1 Miscellaneous District Issues and Correspondence**
No report.

5. LEGAL COUNSEL'S REPORT

- 5.1 Legal Matters**
No report.

VII. DIRECTORS' REPORTS

1. SGA

Director Costa reported that SGA met April 9th and discussed the budget.

2. RWA

Director Hanneman reported that RWA Executive Committee met this morning and the notes were emailed to the Board. The notes will be attached to the meeting minutes.

3. ACWA

3.1 ACWA - Pam Tobin

Vice President Tobin emailed her report, which will be attached to the meeting minutes. She reviewed some of the highlights of the meeting.

3.2 JPIA - Pam Tobin

Vice President Tobin reported that JPIA has postponed the refund check presentations and is trying to reschedule their Board meeting for later in May.

3.3 Energy Committee - Ted Costa

No report.

4. CVP WATER ASSOCIATION

President Costa reported that they met on April 21, 2020. He reported that they finished the cost allocation project and are now working on the improvement act.

5. OTHER REPORTS, CORRESPONDENCE, COMMENTS, IDEAS AND SUGGESTIONS

There were no other matters discussed.

VIII. COMMITTEE MEETINGS

1. Finance Committee – April 21, 2020

The committee meeting minutes will be attached to the original board minutes.

IX. UPCOMING EVENTS

1. 2020 ACWA Summer Conference

July 28-31, 2020
Monterey, CA

2. 2020 Cap To Cap – Metro Chamber

September 8-12, 2020
Washington DC

President Costa announced that there would be no Closed Session.

X. CLOSED SESSION

1. Conference with legal counsel--anticipated litigation; Government Code sections 54954.5(c) and 54956.9(b); significant exposure to litigation involving claim of violation of the California Voting Rights Act asserted by the Southwest Voter Registration Education Project.

XI. OPEN SESSION

There was no closed session.

XII. ADJOURN

The meeting was adjourned at 8:10 p.m.

STAFF REPORT

To: Board of Directors
From: Paul Helliker, General Manager
Date: April 22, 2020
Subject: Division-based Elections

RECOMMENDED ACTION

Adopt Resolution 20-03 declaring San Juan Water District's intent to transition from at-large elections to division-based elections and establishing a process for the transition.

BACKGROUND

On March 30, San Juan Water District received a letter from Shenkman and Hughes, concerning alleged violations of the California Voting Rights Act by the District, as a result of the at-large election process that the District employs. That letter is attached.

We do not agree that the at-large voting process is necessarily discriminatory. However, the prospect of that position prevailing in court is not good. Shenkman and Hughes has successfully challenged at-large voting procedures in a number of jurisdictions in California, and many of these decisions resulted in six- and seven-figure costs to these jurisdictions for attorney's fees paid to Shenkman and Hughes. We do not recommend pursuing such litigation. At its meeting on April 7, the Board directed Legal Counsel and me to develop the information and draft documents to implement division-based elections.

Elections Code Section 10010 provides a "safe harbor" process to minimize the legal cost of a transition to district (division) -based elections. That section limits the payment to all plaintiffs such as Shenkman and Hughes to a maximum of \$30,000 (subject to documentation by the plaintiff and mutual agreement on the amount by the District and the plaintiff), if the District meets the following requirements:

1. Within 45 days of receipt of the letter from the first plaintiff, adopt a resolution laying out the steps the District will take to implement division-based elections and the schedule for doing so
2. Within 90 days of adoption of the resolution, conduct at least four hearings
3. The first two of these hearings will be conducted over no more than 30 days, to receive input from the public prior to the release of electoral division maps
4. The third and fourth hearings would be held over a period of no more than 45 days, the first of which would be no earlier than 7 days after the release of at least one draft electoral map

Attachment A of Resolution 20-03 lays out this series of hearings, and requirements associated with them. The Board would need to adopt an ordinance defining the electoral map at a regular meeting. If the Board wants to select a date for that regular meeting which is different from the current set of regular meetings each year defined in Board Policy 2.1 (the 4th Wednesday of the month, except in November and December), it will need to specify by resolution the time and date of the additional regular meeting(s).

Given the decision the Board made at its April 14, 2020, meeting concerning the timing of the effectiveness of the division-based map it will adopt, the new map will be implemented during the November 1, 2022, election. The map will need to be submitted to the elections offices in Sacramento and Placer Counties no later than June 29, 2022, to be effective in that election. Three different potential schedule examples are provided in the additional versions of Attachment A that are also attached to this report, reflecting schedules that would meet a completion within the 90-day statutory deadline (July 22, 2020); completion within an additional 90-day window (October 19, 2020), which would require the agreement of the plaintiff; and a schedule in 2021 after the 2020 census data is available, which would also require agreement by the plaintiff.

Re: Violation of California Voting Rights Act

I write on behalf of our client, Southwest Voter Registration Education Project and its members residing in the San Juan Water District. The San Juan Water District (“SJWD” or “District”) relies upon an at-large election system for electing candidates to its governing board. Moreover, voting within the District is racially polarized, resulting in minority vote dilution, and therefore SJWD’s at-large elections violate the California Voting Rights Act of 2001 (“CVRA”).

The CVRA disfavors the use of so-called “at-large” voting – an election method that permits voters of an entire jurisdiction to elect candidates to each open seat. *See generally Sanchez v. City of Modesto* (2006) 145 Cal.App.4th 660, 667 (“Sanchez”). For example, if the U.S. Congress were elected through a nationwide at-large election, rather than through typical single-member districts, each voter could cast up to 435 votes and vote for any candidate in the country, not just the candidates in the voter’s district, and the 435 candidates receiving the most nationwide votes would be elected. At-large elections thus allow a bare majority of voters to control *every* seat, not just the seats in a particular district or a proportional majority of seats.

Voting rights advocates have targeted “at-large” election schemes for decades, because they often result in “vote dilution,” or the impairment of minority groups’ ability to elect their preferred candidates or influence the outcome of elections, which occurs when the electorate votes in a racially polarized manner. *See Thornburg v. Gingles*, 478 U.S. 30, 46 (1986) (“Gingles”). The U.S. Supreme Court “has long recognized that multi-member districts and at-large voting schemes may operate to minimize or cancel out the voting strength” of minorities. *Id.* at 47; *see also id.* at 48, fn. 14 (at-large elections may also cause elected officials to “ignore [minority]

interests without fear of political consequences”), citing *Rogers v. Lodge*, 458 U.S. 613, 623 (1982); *White v. Register*, 412 U.S. 755, 769 (1973). “[T]he majority, by virtue of its numerical superiority, will regularly defeat the choices of minority voters.” *Gingles*, at 47. When racially polarized voting occurs, dividing the political unit into single-member districts, or some other appropriate remedy, may facilitate a minority group’s ability to elect its preferred representatives. *Rogers*, at 616.

Section 2 of the federal Voting Rights Act (“FVRA”), 42 U.S.C. § 1973, which Congress enacted in 1965 and amended in 1982, targets, among other things, at-large election schemes. *Gingles* at 37; see also Boyd & Markman, *The 1982 Amendments to the Voting Rights Act: A Legislative History* (1983) 40 Wash. & Lee L. Rev. 1347, 1402. Although enforcement of the FVRA was successful in many states, California was an exception. By enacting the CVRA, “[t]he Legislature intended to expand protections against vote dilution over those provided by the federal Voting Rights Act of 1965.” *Jauregui v. City of Palmdale* (2014) 226 Cal. App. 4th 781, 808. Thus, while the CVRA is similar to the FVRA in several respects, it is also different in several key respects, as the Legislature sought to remedy what it considered “restrictive interpretations given to the federal act.” Assem. Com. on Judiciary, Analysis of Sen. Bill No. 976 (2001-2002 Reg. Sess.) as amended Apr. 9, 2002, p. 2.

The California Legislature dispensed with the requirement in *Gingles* that a minority group demonstrate that it is sufficiently large and geographically compact to constitute a “majority-minority district.” *Sanchez*, at 669. Rather, the CVRA requires only that a plaintiff show the existence of racially polarized voting to establish that an at-large method of election violates the CVRA, not the desirability of any particular remedy. See Cal. Elec. Code § 14028 (“A violation of Section 14027 **is established** if it is shown that racially polarized voting occurs . . .”) (emphasis added); also see Assem. Com. on Judiciary, Analysis of Sen. Bill No. 976 (2001–2002 Reg. Sess.) as amended Apr. 9, 2002, p. 3 (“Thus, this bill puts the voting rights horse (the discrimination issue) back where it sensibly belongs in front of the cart (what type of remedy is appropriate once racially polarized voting has been shown).”)

To establish a violation of the CVRA, a plaintiff must generally show that “racially polarized voting occurs in elections for members of the governing body of the political subdivision or in elections incorporating other electoral choices by the voters of the political subdivision.” Elec. Code § 14028(a). The CVRA specifies the elections that are most probative: “elections in which at least one candidate is a member of a protected class or elections involving ballot measures, or other electoral choices that affect the rights and privileges of members of a protected class.” Elec. Code § 14028(a). The CVRA also makes clear that “[e]lections conducted prior to

the filing of an action ... are more probative to establish the existence of racially polarized voting than elections conducted after the filing of the action.” *Id.*

Factors other than “racially polarized voting” that are required to make out a claim under the FVRA – under the “totality of the circumstances” test – “are probative, but not necessary factors to establish a violation of” the CVRA. Elec. Code § 14028(e). These “other factors” include “the history of discrimination, the use of electoral devices or other voting practices or procedures that may enhance the dilutive effects of at-large elections, denial of access to those processes determining which groups of candidates will receive financial or other support in a given election, the extent to which members of a protected class bear the effects of past discrimination in areas such as education, employment, and health, which hinder their ability to participate effectively in the political process, and the use of overt or subtle racial appeals in political campaigns.” *Id.*

SJWD’s at-large system dilutes the ability of Latinos (a “protected class”) – to elect candidates of their choice or otherwise influence the outcome of the District’s board elections.

As of the 2010 Census, Latinos comprised approximately 13% of the District’s population, and likely a greater proportion today. However, in recent history (at least the past two decades) there appears to have been a complete absence of Latinos on the District’s Board, and that lack of representation continues today. The contrast between the significant Latino proportion of the electorate and the complete absence of Latinos to be elected to the SJWD Board is outwardly disturbing and fundamentally hostile towards participation from members of this protected class.

In light of the District’s underrepresentation of Latinos, it is no wonder why Latino residents do not emerge as candidates. During the past two decades, there seem to have been no Latinos to emerge as candidates for the SJWD Board. Opponents of fair, district-based elections may attempt to attribute the lack of candidates within protected classes to a lack of interest from their respective communities within the District. On the contrary, the virtual absence of Latino candidates reveals vote dilution. *See Westwego Citizens for Better Government v. City of Westwego*, 872 F. 2d 1201, 1208-1209, n. 9 (5th Cir. 1989).

Where there are no “endogenous” elections involving candidates who are members of the protected class, the analysis under the CVRA necessarily turns to “elections involving ballot measures, or other electoral choices that affect the rights and privileges of members of a protected class.” *See Elec. Code § 14028.* Typically, Propositions 187, 209 and 227 are analyzed for this purpose in California voting

rights cases. Each of these propositions, though strongly opposed by the Latino community, were supported by the majority non-Hispanic white electorate in SJWD, resulting in their victory within SJWD.

Recently, this underrepresentation has manifested itself in decisions by the SJWD Board. For example, we understand that SJWD recently decided to use two different water sources for its customers – providing the better water to the more-affluent less-Latino portions of SJWD, while refusing to do the same for the less-affluent more-Latino portions of SJWD. This lack of responsiveness to the minority community is exactly what the U.S. Supreme Court cautioned is the inevitable result of at-large elections. (See *Thornburg v. Gingles* (1986) 478 U.S. 30, 48, n. 14 [at-large election system tends to cause elected officials to “ignore [minority] interests without fear of political consequences.”].)

As you may be aware, in 2012, we sued the City of Palmdale for violating the CVRA. After an eight-day trial, we prevailed. After spending millions of dollars, a district-based remedy was ultimately imposed upon the Palmdale City Council, with districts that combine all incumbents into one of the four districts.

More recently, after a 7-week trial, we also prevailed against the City of Santa Monica, after that city needlessly spent millions of dollars defending its illegal election system – far in excess of what was spent in the Palmdale litigation - taxpayer dollars which could have been more appropriately spent on indispensable municipal services and critical infrastructure improvements. Just prior to the trial in that case, counsel for the City of Santa Monica – Kahn Scolnick, a partner at Gibson Dunn & Crutcher LLP proclaimed that, “the reality is that if Santa Monica fails the CVRA test, then no city could pass, because Santa Monica is doing really well in terms of full representation and success of minority candidates.” (“In Rare California Voting Rights Trial, Gibson Dunn Steps Up for Santa Monica”, Law.com, August 1, 2018). Notwithstanding Mr. Scolnick’s prediction, Plaintiffs succeeded in proving that Santa Monica’s election system was in violation of the CVRA and the Equal Protection Clause of the California Constitution.

Given the historical lack of representation of those from this protected class on the SJWD Board in the context of racially polarized elections, we urge the District to voluntarily change its at-large system of electing board members. Otherwise, on behalf of residents within the jurisdiction, we will be forced to seek judicial relief. Please advise us no later than May 15, 2020 as to whether you would like to discuss a voluntary change to your current at-large system.

We look forward to your response.

Very truly yours,

Kevin I. Shenkman

RESOLUTION NO. 20-03

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE SAN JUAN WATER DISTRICT DECLARING ITS INTENT TO TRANSITION FROM AT-LARGE ELECTIONS TO DIVISION-BASED ELECTIONS AND ESTABLISHING A PROCESS FOR THE TRANSITION

WHEREAS, the Directors of the San Juan Water District ("District") are currently elected in "at-large" elections, in which each Board member is elected by all registered voters residing within the District's wholesale service area;

WHEREAS, on March 30, 2020, the District received a certified letter from the law firm of Shenkman & Hughes(the "Letter") alleging on behalf of the Southwest Voter Education Project that the District's at-large electoral system for its Board of Directors ("Board") violates the California Voting Rights Act (Elections Code sections 14025- 14032; the "CVRA") and threatening litigation if the District did not transition to a by-division system for electing its Directors in accordance with the safe harbor provisions set forth in California Elections Code section 10010;

WHEREAS, the Letter alleges that the District's at-large electoral system results in "racially polarized voting" as defined in Sections 14026(e) and 14028 of the CVRA, but the Letter was not accompanied by any evidence to support the claim of a CVRA violation, and the Board denies that its existing at-large electoral system violates the CVRA or any other provision of law;

WHEREAS, the Letter also alleges that the District has decided to use two different water sources for its customers -- providing better-quality water to the more-affluent parts of its wholesale service area and lower-quality water to less-affluent portions of SJWD -- an allegation which is false because the District provides the same high-quality surface water supplies to all of its retail and wholesale customers, and the only other water supply provided to water users in the District's wholesale service area is groundwater pumped by the District's wholesale customers at their sole discretion;

WHEREAS, the Board has considered the significant resources incurred by multiple cities and other public entities in litigating similar CVRA claims, and the impact that the expenditure of such costs could have on the District's ability to provide essential services at a fair cost to the District's residents and businesses;

WHEREAS, Elections Code section 10010 provides a method whereby the District may transition to a by-division electoral system and thereby avoid the high cost and risk of litigation under the CVRA;

WHEREAS, prior to the Board's consideration of an ordinance to establish a by- division electoral system, Elections Code Section 10010 requires all of the following:

1. Before drawing one or more draft maps of the boundaries of the proposed electoral divisions: (a) the Board may direct staff to conduct public outreach, including to non-English-speaking communities, to explain the process of divisioning the District and to encourage public participation in the process; and (b) after conducting initial public outreach, if any, the Board must hold at least two public hearings over a period of no more than 30 days to solicit public input regarding the proposed division boundaries.
2. After all maps are drawn, the District must select, publish and make available to the public at least one draft map and, if Directors will be elected by their divisions at different times to provide for staggered terms, publish the potential sequence of the elections.
3. The Board also must hold at least two additional hearings over a period of no more than 45 days to receive public input regarding the content of the draft map or maps and the proposed sequence of elections.
4. The first version of a draft map must be published at least seven days before it is considered at a hearing, and if a draft map is revised at or following a hearing, it must be republished and made available to the public for at least seven days before it is adopted;

WHEREAS, the District was formed and has continued to hold its elections for the office of Director using staggered terms under a rotation in which two Directors are elected at one election and the other three Directors are elected at the subsequent election;

WHEREAS, the Board will retain the Sacramento County's or Placer County's Registrars of Voters' offices or an experienced private demographer to assist the District in developing a proposal for a by-division electoral system that complies with the CVRA and other federal and state legal requirements; and

WHEREAS, the Board's adoption of a by-division electoral system will not affect the terms of any sitting Director, each of whom shall serve out his or her existing term; and

WHEREAS, the Board now desires to declare its intention to adopt a resolution consistent with Elections Code section 10010 to transition the District's electoral system from at-large to by-division beginning with the 2022 District Election, establish the process to complete this transition, and to establish an estimated schedule for the transition.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the San Juan Water District as follows:

1. The above recitals are true and are incorporated herein by reference.

2. This resolution states the Board's intention to consider enacting an ordinance to transition its electoral system from at-large to by-division for the purpose of electing its Directors beginning with the November 2022 election, pursuant to Elections Code section 10010.

3. Subject to Board approval and direction, staff shall retain and work with elections officials of Sacramento County or Placer County or an experienced private demographer, and with other appropriate consultants as needed, to provide a detailed analysis of the District's current demographics and any other information or data necessary to prepare one or more draft maps as directed by the Board which divides the District into five electoral divisions consistent with the intent and purpose of the California Voting Rights Act, the Federal Voting Rights Act, and appellate decisions interpreting those Acts. The General Manager is also directed to prepare a proposal for Board consideration for conducting public outreach on the proposed transition of the District electoral system.

4. The Board Secretary is directed to post information on the District's website regarding the proposed transition to a by-division electoral system, including maps, notices, agendas and other information, and to establish a means of communication to answer questions from the public.

5. The Board hereby approves the estimated timelines set forth in Exhibit A, attached to and made a part of this resolution, for conducting a process to solicit public input and testimony on proposed district-based electoral maps before the Board enacts an ordinance approving the final map.

6. The actions set forth in this resolution are exempt from review under the Environmental Quality Act and the Guidelines interpreting it (collectively "CEQA"), specifically under CEQA Guidelines sections 15061(b)(3) and 15320. In addition, the adoption of this resolution and the actions provided in it are organizational and administrative activities of the District that will not have the potential to result in either a direct or reasonably foreseeable indirect physical change in the environment, and therefore is not a project as defined under CEQA Guidelines section 15378(b)(3).

STAFF REPORT

To: Board of Directors
From: Paul Helliker, General Manager
Date: April 22, 2020
Subject: SJWD Board Policy Update

RECOMMENDED ACTION

Staff recommends a motion adopt Resolution 20-04 repealing Board Policy 1000 Overview (OV-1 Overview).

BACKGROUND

The SJWD Board Policies are designed to record policies adopted by the Board of Directors of San Juan Water District. The policies are periodically reviewed and amended as needed.

CURRENT STATUS

In 2019, staff reformatted the Board Policies and are continuing to review and propose revisions to various policies. One of the policies that we have identified as in need of revision is Policy 1000 Overview.

This policy simply states that the Board can add, modify or delete provisions of policies at any time. Pursuant to the sections of the Government Code referenced in the attached resolution, the Board has the power to add, modify or delete provisions of policies regardless of a policy expressly stating the authority. Consequently, the policy is unnecessary and staff recommends repealing it.

RESOLUTION 20-04

REPEAL BOARD POLICY 1000 OVERVIEW (OV-1 OVERVIEW)

WHEREAS, the Board of Directors has the authority to adopt, revise and rescind policies to govern the operation of the District, pursuant to Sections 61060(e) and 61051(a) of the Government Code; and

WHEREAS, Board policy 1000 (OV-1 Overview) merely restates this authority.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the San Juan Water District that Policy 1000 Overview is hereby rescinded.

PASSED AND ADOPTED by the Board of Directors of the San Juan Water District on the 22nd day of April 2020, by the following vote:

1000.00 Overview

1000.01 Purpose of the Board Policies

The Board Policies are designed to record policies adopted by the Board of Directors of San Juan Water District.

1000.02 Adoption/Amendment of Policies

The District reserves full discretion to add to, modify or delete provisions of the Policies at any time and without advance notice. Adoption/amendment of these policies will be by Board Resolution. The District also reserves the right to interpret any of the provisions set forth in the Policies in any manner it deems reasonable and appropriate. No individual other than the District Board of Directors has the authority to enter into any agreement regarding these policies.

When amending the wholesale water service policies the District Board will, where feasible and appropriate, solicit input from the wholesale agencies.

Conclusion:

With the exception of the month of August, water deliveries in July through November were greater than anticipated. Water deliveries in the months of December through February were slightly lower than anticipated, but deliveries in March exceeded expectations. The combined effect, at the end of March, is that water deliveries as a whole are in line with budget expectations, varying by just 202 acre feet to the positive. Resulting revenues are also on track, with a positive budget to actual variance of just over one percent.

AGENDA ITEM VII-2

RWA Exec Comm notes

4/22/20

Budget

Includes additional funding for communications

Budget is “modest” with “right-sized” dues increases (7%)

There is a structural deficit, even with a 7% dues increase, of \$176,779, which will be offset by funds from subscription programs and from non-designated cash

Non-designated cash reserves are likely to run out in FY 23, even with ongoing 7% increases in dues

The only additional staffing is a half-time retired annuitant at SGA, to help develop the Groundwater Sustainability Plan

Questions/comments:

Folsom is now big enough to be a “large” agency, but Jim proposes letting them pay at that level, starting in FY 22

Schubert – keep dues increase to 5% (and reduce expenses where possible) – many EC members agreed

Water Transfer

RWA subscription program agreement with SSWD to provide technical support for the transfer – approved by the EC.

SCGA – John Woodling is currently under contract with them as GEI consultant. Have SCGA identify needs and functions and level of staff before RWA considers what its role would be while maintaining RWA/SGA functions considering already dedicated resources. Instead of being transactional between SCGA and RWA, see how 3 organizations can best be organized. Jim was receptive to that. Dialogue instead of “proposal” from RWA. Kerry and Paul Schubert concurred. SGCA Board unanimously wants to work something out, but almost unanimous not to merge and keep itself a separate legal entity.

Federal Affairs

Sean gave a good description of the process, expected Congressional timing/needs for info, and what's been done recently vis-à-vis the compilation of the list of projects, etc.

He threw to Ryan B. re Brown Act situation. Paul Schubert, what about moving from AdHoc to standing cmte. Ryan said that could be even more complicated and sounded like it make it more likely to be a notice problem. Ended up with essentially no change, guidance sent to all RWA folks prior to next ad hoc meeting, just try not to break the rules put forth by Ryan, and if people end up attending that break the rules, will have to cancel meeting. Dan York commented online as that being a “good approach”. [Please don't shoot the messenger.]

How organize infrastructure “ask”? Sean suggests offering multiple “views” to the Board along with the full list. Because it's now 11:00, Kerry asks folks to think about questions and send feedback to Sean by next Tuesday. Feedback to Sean, no need to copy entire ExCom.

Legislative Items

State Budget update. Lots of red ink. Spending is going to be down. Picture unclear until end of August probably, which will impact “policy” initiatives. Legislative “process” still unclear other than Senate Pro Tem directing reduce bill load, and on Assembly side Committee Chairs supposed to talk with authors of

bills in their committees to cull them. Hertzberg supposedly reducing from 20 to 3 bills. Doesn't think water efficiency and water quality will be moving any time soon, since focus will be on stimulus and response to issues driven by COVID crisis.

AB2887 Ryan O. recommends Support if Amended while ACWA at Watch and Amend, since many RWA members already doing this. Approved.

SB950 Ryan O. recommends Support if Amended. Approved.

ED Report

US Water Alliance Covid-19 Principles: Kerry cut conversation but allowed Greg Z. to raise the issue of affordability. Ryan had intended to highlight as well, did a little, and folks approved anyhow.

Jim gave a status of Water Forum Agreement update, and turn-on issue for vacant buildings, GW Bank identified in draft WRDA legislation, but it was unclear if even a quorum was still on the call.

Roll call: Michele Carrey – City of Sacramento has implemented temperature checks for staff or visitors to facilities.

Adjourn: 11:31

AGENDA ITEM VII-3.1

April 22, 2020

ACWA has been having a series of information Webinars as well as requests for support letters for and from our membership.

Letters Requests from ACWA:

- April 20, 2020 Request for COVID-19 Federal Relief Funding the COVID-19 relief bills. It talks about the needs of local government agencies water systems. ACWA's 455 public water agency members supply over 90 percent of the water delivered in California for residential, agricultural, and business uses.
- April 10, 2020 Request for Tax Credit for State and Local Governments (HR 6201)
- March 10, 2020 Coalition Letter: Coronavirus Response Act, Water Sector Sick Leave expands paid sick leave and family medical leave benefits for all public sector employees who are affected by the coronavirus crisis. While we support this provision, with appropriate limitations to ensure that certain critical operational water system staffs are available at to maintain water service, the enacted legislation includes a glaring flaw that will place a strain on taxpayers across the country.

On April 21, 2020 the State of California's Attorney General Xavier Becerra has filed a motion for a preliminary injunction in the state's lawsuit that seeks to halt expanded federal water export operations in the Central Valley based on biological opinions updated in February. That would force the U.S. Bureau of Reclamation to immediately resume limited Central Valley Project (CVP) water deliveries based on the previous biological opinions while the state's lawsuit is litigated.

On April 21, 2020 the State Water Board requires monthly reporting regulation. ACWA staff and member agencies advocated for a number of amendments to the draft regulation that would clarify data requirements and limitations and ensure consistency with Water Shortage Contingency Plans. The amendments were included in the adopted regulation and resolution. The new regulation is expected to take effect Oct. 1, 2020.

On Jan 31, 2020 marked the deadline for Groundwater Sustainability Agencies (GSAs) in critically overdrafted basins to submit their Groundwater Sustainability Plans (GSPs) to the Department of Water Resources.

ACWA is meeting with USBR Mid-Pacific Regional Director with updates on pandemic related workgroups under the Federal Infrastructure Funding Workgroup and State Shut-off Prohibitions Workgroup.

ACWA has Climate-Driven Megadrought Study on it's radar. Predictions of Megadroughts – defined as intense droughts that last for decades or longer –

once plagued the Desert Southwest. Thanks to global warming, an especially fierce one appears to be coming back
