Workshop: Open Enrollment (A-1)

Superintendent Kern and Deputy Superintendent of Schools and Student Support Melissa Bassanelli gave a detailed presentation regarding open enrollment. Ms. Bassanelli explained the need to review the district's open enrollment processes through an equity lens, she addressed common assumptions about open enrollment and she also discussed additional factors that impact enrollment. Superintendent Kern provided a historical perspective on open enrollment and the transfer process. Ms. Bassanelli spoke about the district's specialized instructional programs which are accessed through open enrollment or based on placement criteria. Ms. Bassanelli also discussed board policies and education codes related to open enrollment. Board members posed questions and made comments related to the transfer process, education code, wait lists, priority levels and non-boundary schools, which staff addressed. Board members also shared information about their own personal experiences with open enrollment. Ms. Bassanelli went on to present open enrollment and transfer data, noting that low income families participate in the open enrollment and transfer process at a disproportionately lower rate; however, the participation rates for the primary language and ethnicity groups is comparable to the district average. Board members commented on English language learners and transportation. After addressing questions from board members, Superintendent Kent reviewed the existing boundaries and the transfer out data for elementary, middle and high schools. Mr. Kern also provided specific examples about how open enrollment and transfers impact both boundary and non-boundary schools at each level. Ms. Bassanelli concluded by sharing the key findings. After the presentation, staff answered questions from the board. Ms. Creason asked about the timeline for further discussion and action. Dr. McKibbin made comments about equitable access to instructional programs. Ms. Villescaz inquired about transfer rates and possible outreach regarding why people transfer.

Superintendent Kern provided historical background on the item and the effect to the district's transportation system, which includes a shortage of school bus drivers, equipment challenges and other factors for consideration. Superintendent Kern then reviewed the district's current bell schedules and the three proposed options for change to the bell schedules, along with the associated costs for each option. Board members made comments and posed questions, which staff addressed. Mr. Hernandez inquired about the feasibility of the three options and expressed his support for Option B. Ms. Costa stated she supports Option B since it is the least disruptive to the system as a whole, and she noted that start/end times are important to parents and the sooner a decision can be made the better. Ms. Creason asked questions and made comments about the three options and the timeline for deciding. Dr. McKibbin posed questions about before/after school supervision, bus attendants and mandated cost reimbursement, stating that Option B appears to be the best option. ACTION REQUESTED:

The superintendent is recommending that the board adopt Resolution No. 3089 approving the fourth amendment to the lease agreement for the Arden Middle School new construction project no. 002-9512-P1 between San Juan Unified School District and Clark & Sullivan Builders, Inc. dba Clark/Sullivan Construction.

RATIONALE/BACKGROUND:

The construction schedule will be extended to account for delays due to the County of Sacramento review of plans and approval. The costs associated with County delay will be paid for out of previously-approved contingency funds, so this amendment is a no-cost change to the Facilities Lease and revises the lease payments and schedule to provide for a twelve-month post-construction lease period after improvements are anticipated to be complete.

DEPARTMENT: Division of Teaching and Learning

ACTION REQUESTED:

The superintendent is recommending that the board receive a report on Encina Preparatory High School's progress for the 2021-2022 school year.

RATIONALE/BACKGROUND:

The purpose of this report is to provide a detailed update regarding Encina Preparatory High School.

During the 2018-2019 school year Encina engaged in an in-depth exploration for both qualitative and quantitative data. Through a continuous improvement model, Encina engaged in a deep qualitative data study of the school including observations and intensive interviews with students, staff, administration, and community attempt to learn more about the social emotional and academic needs of the students. As a result of this study, the site shared the limitations of the 6-12 model and recommended splitting Encina into a 6-8 and 9-12 model.

As a result of this split in 2020-2021, Encina's design team is currently collaborating to define their vision and mission as a unique high school. This report will provide updates on Encina's focused work which includes a deeper commitment to broadening and leveraging community partnerships, a focus on the specific academic and social emotional needs related to high school students as well as a continued effort to create more engaging courses and Career Technical Education pathways for all students.

Key Points on the West Region

12

- Slightly declining K-5 population over the next seven years
- “Population Bubble” is going to be moving through the District’s 6-8 and 9-12 grade ranges over the next five years
- Need to find best way to address the growth at the middle school grades (high schools should be able to accommodate projected growth)

What we have learned about the demographics on the west region of the district...

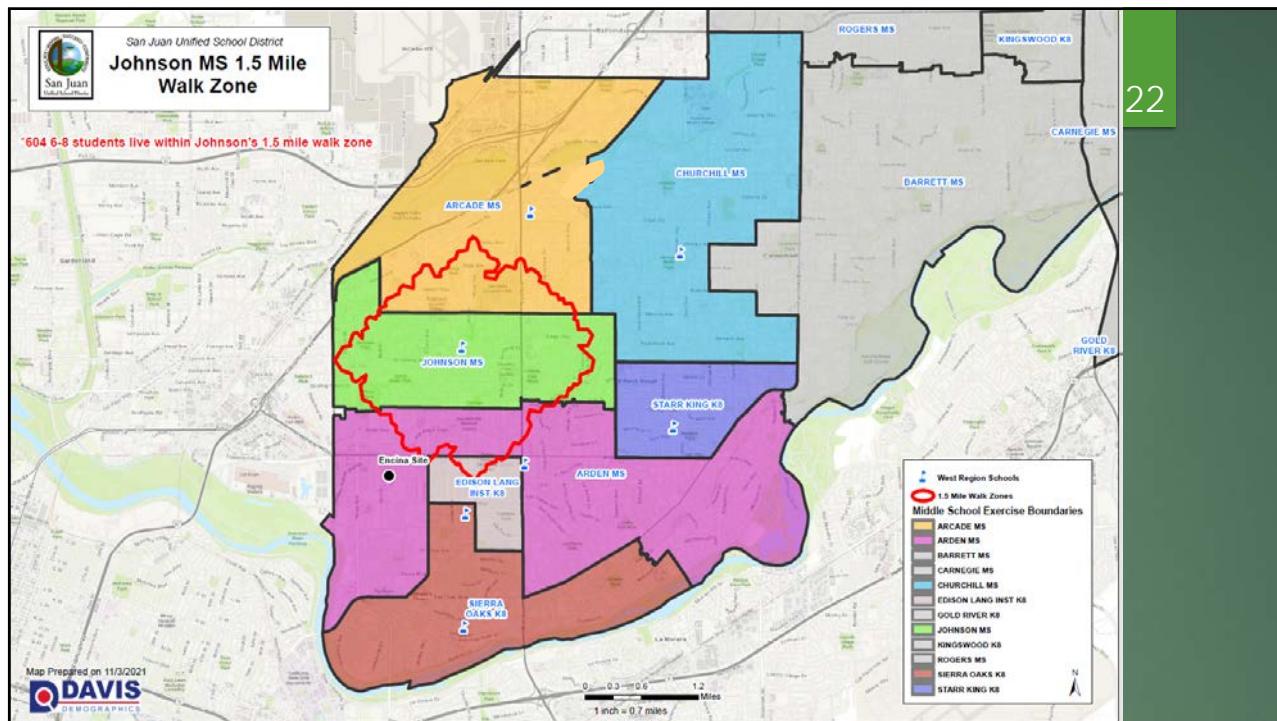

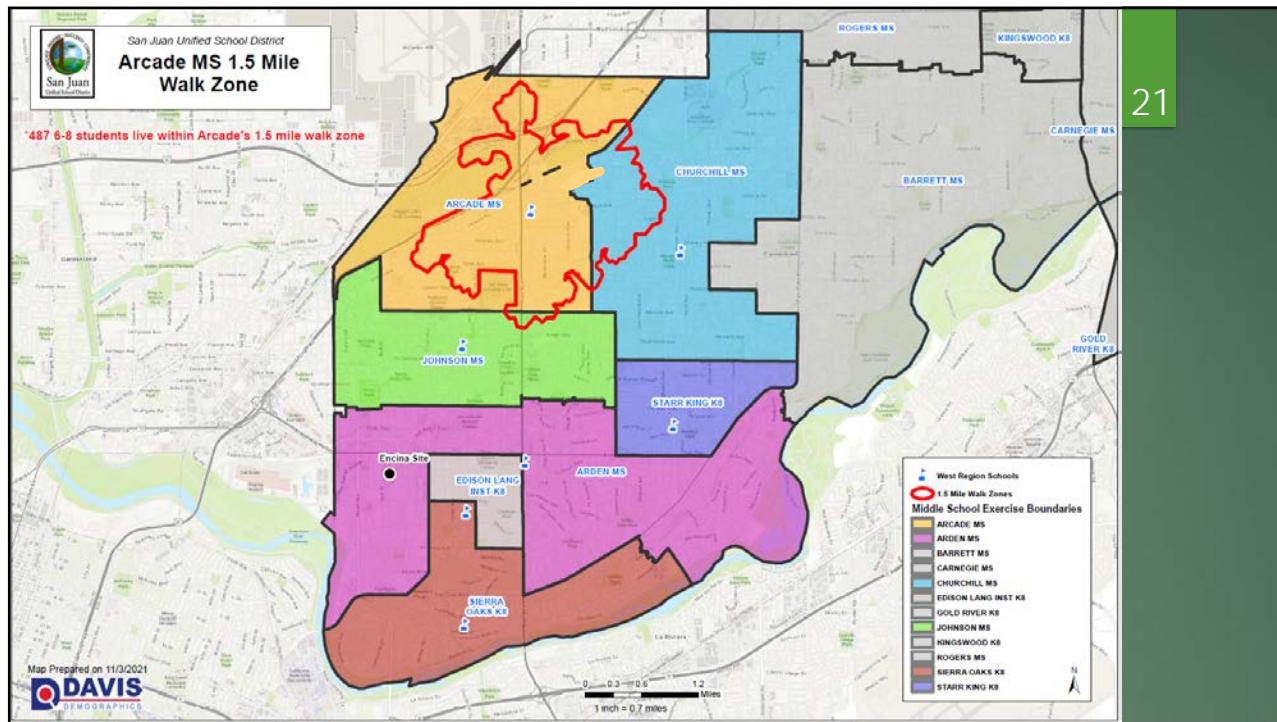

Demographics

- By 2025, the western region is expected to grow from 3,520 resident students to **4,115 students** at the middle school level
- Net growth of **nearly 600 more 6-8 students**
 - How to house them?
- There is a potential model that can work to accommodate this growth

TASK - Produce a middle school scenario that can work with the following criteria:

- Give Arcade Middle School a boundary
- Identify the best location for a new middle school (Katherine Johnson) within the current Encina boundary
- Minimize disruption for the 6-8 boundaries for the K-8 schools on the west side (Edison, Sierra Oaks and Starr King)
- Use the new capacity information for the middle schools on the west side

What we've learned: Capacity

Current & Recommended Capacity

	Current	Recommend
Arden Middle School	1051	1051
Arcade Middle School *	558	850
Churchill Middle School	1011	1011

* Red asterisk – current enrollment

Address the Following:

1. Respond to district growth in the west region, especially in the far west
2. Balance middle school boundaries
3. Support appropriate walking distances to schools in both the northwest and southwest
4. Identify site location for a middle school
5. Provide true separation of Katherine Johnson Middle and Encina High School populations

What's Next?

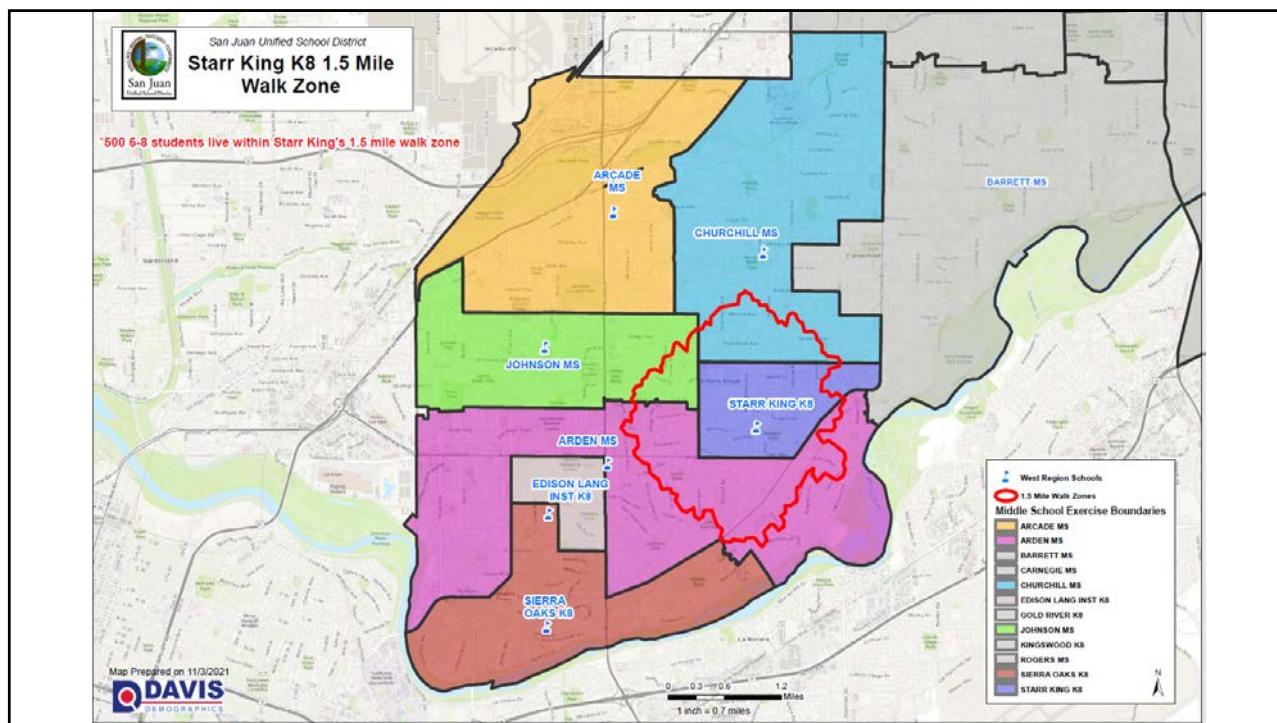

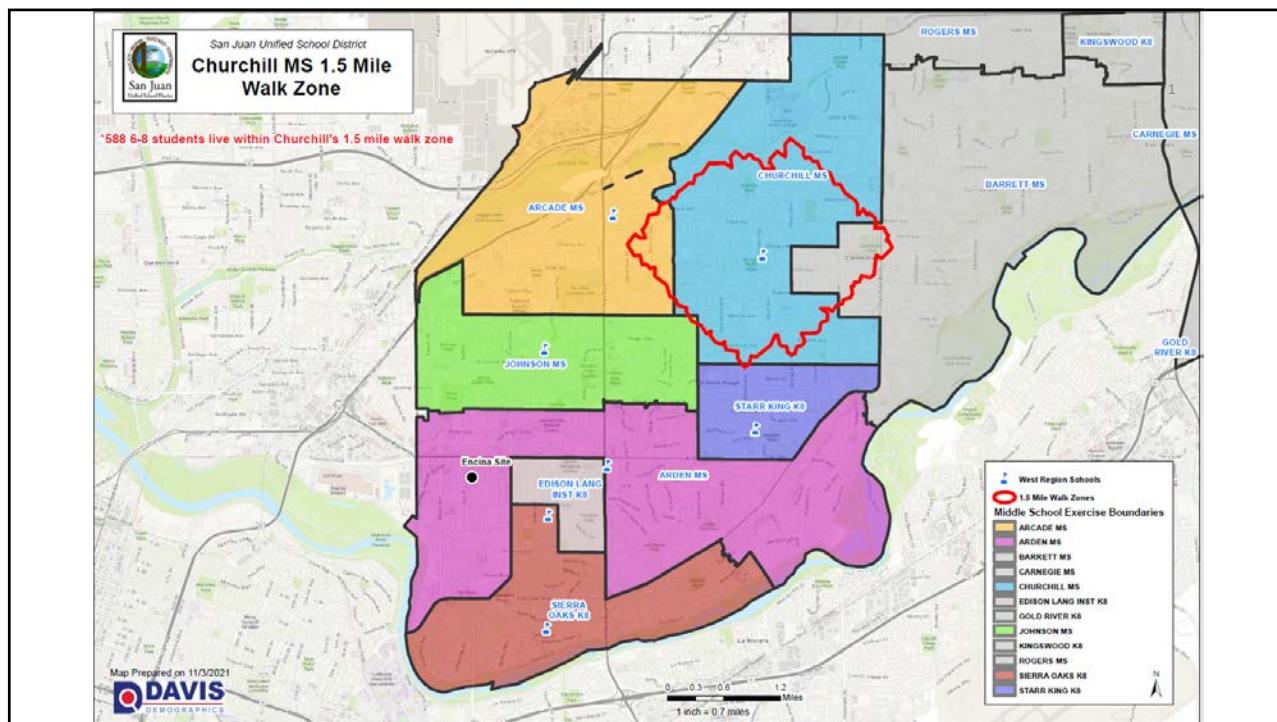

- Board discussion and possible future action
- Build a new Arcade Middle School to approximately **850 student capacity**
- Build a new Katherine Johnson Middle School of similar design on Creekside property for approximately **650 student capacity**
- Relocate Creekside **Adult School** programs to Encina Campus
- Adjust middle school boundaries
- Community forums to gather feedback

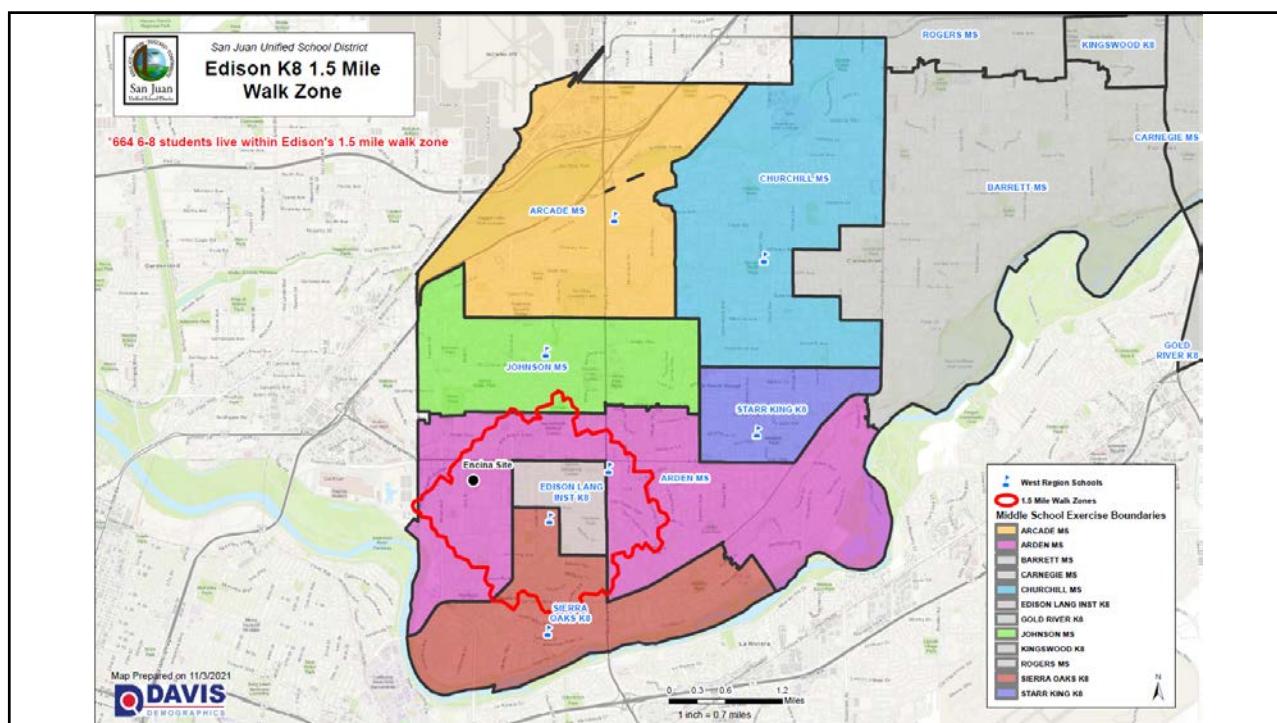

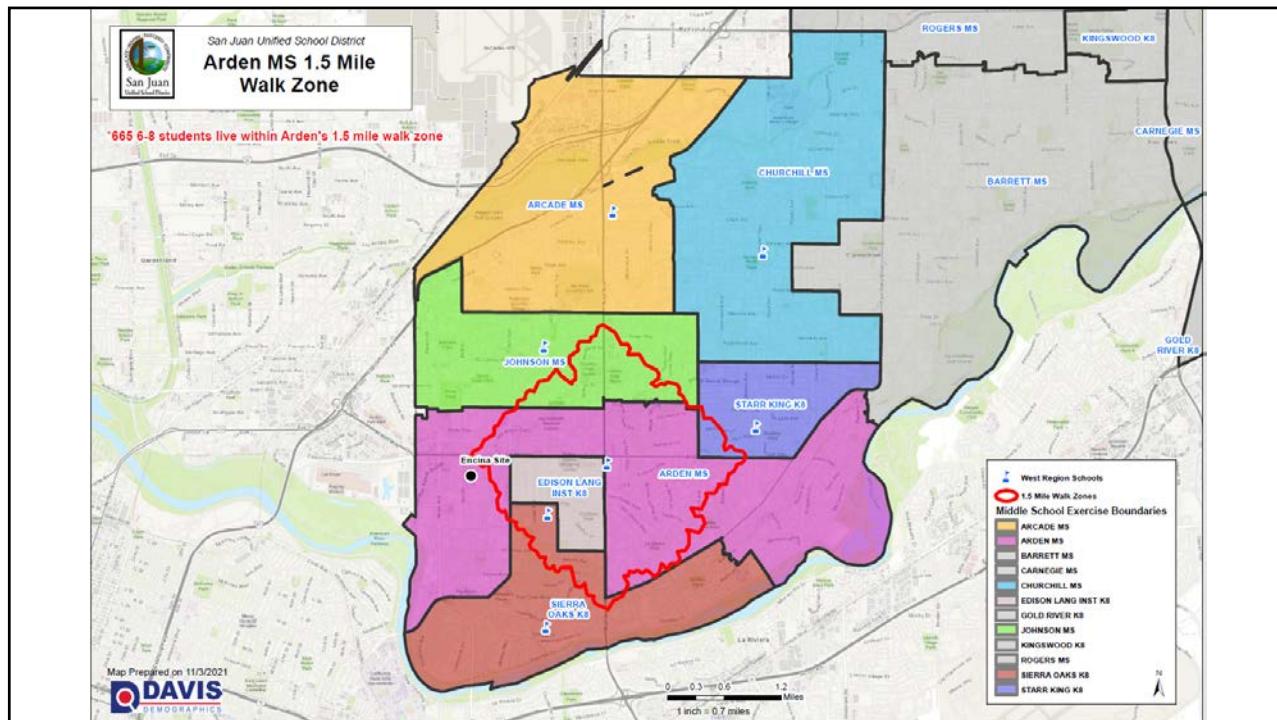

Timeline to Success:

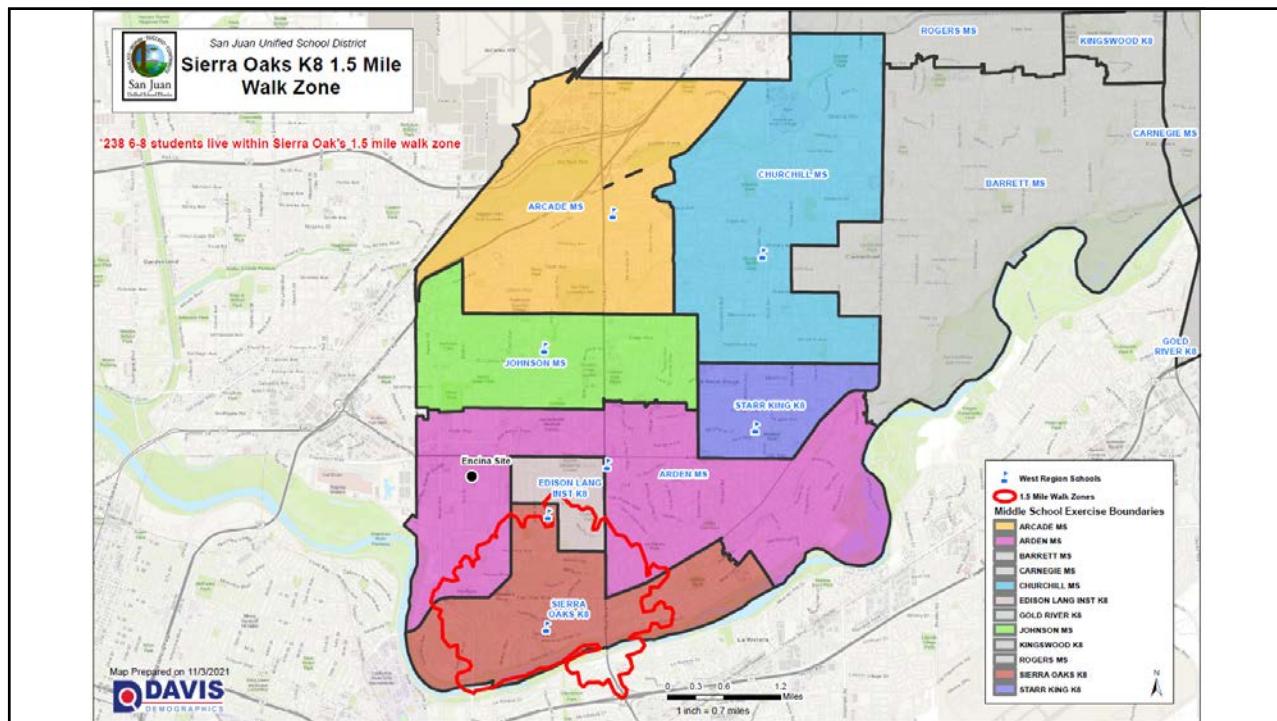

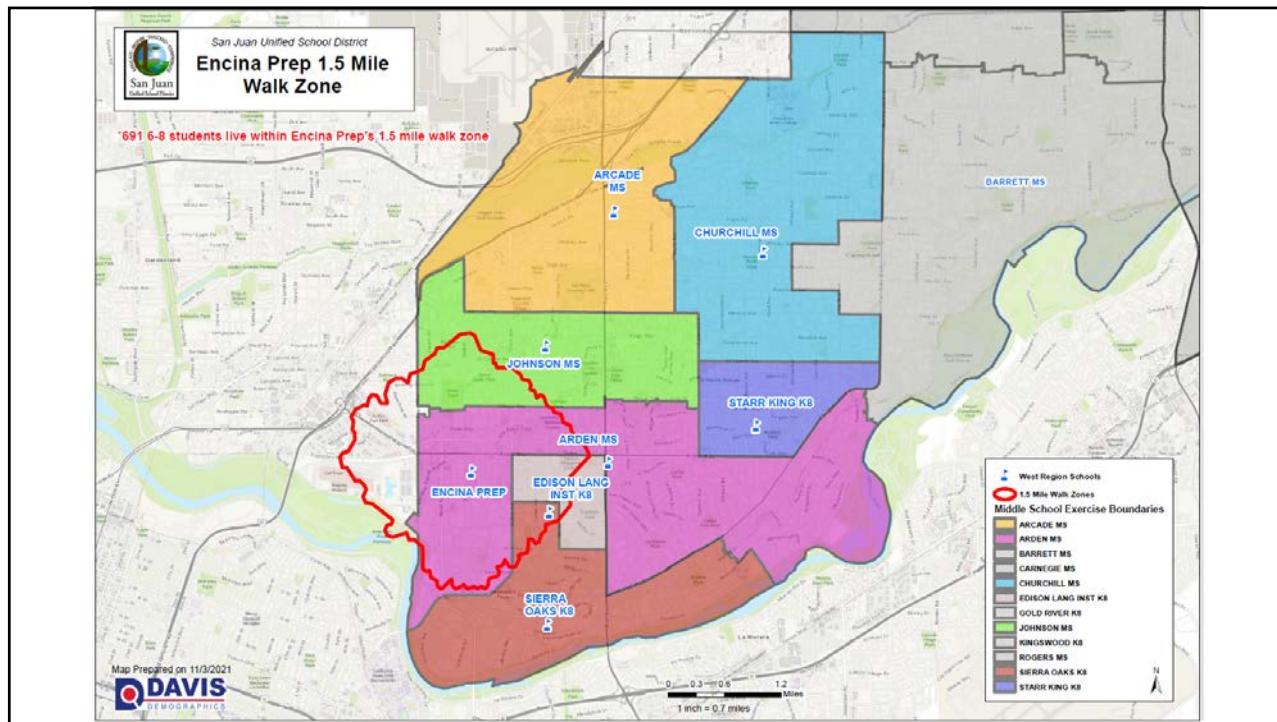

- November 16, 2021 - Board discussion
- December 14, 2021 or January 11, 2022- Possible Board action
- January 2022 - Design
- July 2024 - Construction completion

DEPARTMENT: Admissions and Family Services

ACTION REQUESTED:

The superintendent is recommending that the board approve the on-going salary schedule adjustment and a one-time, off-schedule payment for San Juan Choices Charter School (CCS) as follows:

Base salaries shall be increased by a total of 3.55%, effective July 1, 2021.

CCS shall provide a one-time, off-schedule payment, for all employees employed as of July 1, 2021, and still employed as of November 1, 2021, equal to 3.5% of their annual base salary. If a continuing employee from the 2020-2021 school year is not on a base salary schedule, CCS is requesting a 3.5% one-time, off-schedule payment based on wages and stipends from the fiscal year which ended June 30, 2021.

RATIONALE/BACKGROUND:

San Juan Choices Charter School (CCS) attempts to, when fiscally possible, match the raises and bonuses the district provides to its own employees. On June 22, 2021, the board approved a salary schedule increase of 3.55% for bargaining groups and Cabinet, Confidential and Unrepresented Unit members, as well as a one-time, off-schedule bonus of 3.5% for all continuing members of same groups employed as of July 1, 2021. Because of the timing of the district's approval, CCS was unable to make their request before the end of the 2020-2021 fiscal year.

CCS has a yearly operating surplus that has been generated by school funding and enrollment growth. For fiscal year 2020-2021, CCS ended the year with a surplus of \$178,236, which increased the fund balance to \$1,496,173. The proposed salary schedule increase would increase operating costs an additional \$68,867; the one-time, off-schedule bonus of 3.5% represents 39.6% of the 2020-2021 surplus, and less than 5% of the CCS fund balance. CCS anticipates moderate growth over the next three years, maintaining a growing fund balance during that time.

DEPARTMENT: Legal Services and Superintendent

ACTION REQUESTED:

The superintendent is recommending that the board receive an update on upcoming redistricting requirements, the proposed process, and the recommended timeline.

RATIONALE/BACKGROUND:

On July 27, 2021, the board selected a preferred trustee area map. The map used 2010 census data because the 2020 data had yet to be published. The 2020 census data was validated by the California Department of Finance and finalized on September 27, 2021. Based on the 2020 census data, the current trustee areas are not in compliance based on total population distribution.
