Re: Notification Regarding Proposed Operation of Countywide Charter School

Dear Superintendent Miller:

Pursuant to Education Code §47605.6(a)(1)(A-B), the purpose of this letter is to notify you that Capital College & Career Academy (CCCA) is submitting to the Sacramento County Board of Education a petition for approval of Capital College & Career Academy, a countywide benefit charter school, which is considering operating a facility located within the boundaries of your district. CCCA is exploring private facility options only at this time.

Pending approval by SCOE, CCCA plans to begin operations in August 2023 with an initial cohort of approximately 80 ninth grade students. At scale, the school will serve approximately 400 students in grades 9-12. As a countywide benefit charter school, enrollment will be open to all Sacramento County students.

Capital College & Career Academy seeks to complement the traditional public schools in Sacramento with an innovative educational model intensely focused on dual enrollment and the construction trades. At graduation, all students will be prepared to enroll in college and/or a well-paying career in the construction industry.

I would appreciate an opportunity to meet and answer any questions you may have about CCCA or our plans for facilities. I am also eager to explore opportunities for partnership between CCCA and your district. Please do not hesitate to reach out directly via email (kdobson@capcca.org) or phone (916) 917-0574.

Thank you for your consideration,

Re: Notification Regarding Proposed Operation of Countywide Charter School

Dear Superintendent Martinez:

Pursuant to Education Code §47605.6(a)(1)(A-B), the purpose of this letter is to notify you that Capital College & Career Academy (CCCA) is submitting to the Sacramento County Board of Education a petition for approval of Capital College & Career Academy, a countywide benefit charter school, which is considering operating a facility located within the boundaries of your district. CCCA is exploring private facility options only at this time.

Pending approval by SCOE, CCCA plans to begin operations in August 2023 with an initial cohort of approximately 80 ninth grade students. At scale, the school will serve approximately 400 students in grades 9-12. As a countywide benefit charter school, enrollment will be open to all Sacramento County students.

Capital College & Career Academy seeks to complement the traditional public schools in Sacramento with an innovative educational model intensely focused on dual enrollment and the construction trades. At graduation, all students will be prepared to enroll in college and/or a well-paying career in the construction industry.

I would appreciate an opportunity to meet and answer any questions you may have about CCCA or our plans for facilities. I am also eager to explore opportunities for partnership between CCCA and your district. Please do not hesitate to reach out directly via email (kdobson@capcca.org) or phone (916) 917-0574.

Thank you for your consideration,

Kevin K. Dobson

FACILITIES

CCCA has a pending formal lease agreement with the Boys and Girls Club of America located at 1117 G St, Sacramento, CA 95814. This is included in Appendix A. We also included a letter of support for the Girl Scouts Heart of Central California facility located at 6601 Elvas Ave, Sacramento, CA 95819. As described extensively on page 23 of the petition the future satellite learning centers are phased in beginning in the 2025-2026 school year. This is reflective of the fact that we are starting with a single freshman class and because students do not begin to participate in their off campus career explorations until their second semester on campus.

As we do not currently have a pending lease agreement at the other satellite campuses we did not include specific locations in the charter petition. Additionally, the second satellite campus would not have an executed agreement for another three years which makes any concrete commitments nearly impossible. With that being said we have had a range of discussions with the Boys and Girls Club who is currently renting space across from Cosumnes River College, The Simmons Center who we are partnering with on a collaborative grant, and the City of Sacramento.

For the map and corresponding charts shown in Appendix F we used the following general locations to represent the “Florin Road” and “Citrus Heights” locations.

8200 Florin Road, Sacramento, CA, 95828
7741 Auburn Blvd, Citrus Heights, CA, 95610

FINANCIAL

In the attachments below we have included our most recent bank statement. Please note that the projected budget in the petition includes the promissory letters from Silicon Schools Fund and Roebbelan Contracting Inc, which totals \$250,000. Their letters of commitment are included in Appendix V of the submitted petition but also included here for reference as well. In addition, as noted on page 112 of the charter petition, “During a regularly occurring board meeting on June 28, 2021 CCCA passed a reimbursement resolution to recuperate expenditures tied to the purchase of the facility leading up to the acquisition of the private bond offer.” We have included all expenditures associated with that totaling \$61,886.00. Furthermore, we received \$25,000 from the SMUD Shine Grant which is not factored into the current bank statement. While not available to use for initial school costs it is helping to account for the expenditures taking place during this pre opening phase.

Dear Mr. Dobson,

Established as a non-profit entity, Builders4Kids was launched by Roebbelan Contracting, Inc. with a goal to assist organizations in progressing their programs to desired levels, not only monetarily, but also with in-kind services, materials and volunteer hours.

Roebbelan recognizes social responsibility and community support as an integral part of doing business. Each Roebbelan employee is empowered to make a REAL DIFFERENCE in the lives of others; where they work, where they play and where they pray.

Builders4Kids sets out to assist children's organizations in the Sacramento region to make enlightened contributions to the community, serving many charities over many years.

This year, we have selected Capital College & Career Academy as the benefactor of our 2022 Builders Fore Kids Charity Golf Tournament, which will be held on Monday, May 2, 2022.

It is our pleasure to pledge a donation of \$50,000 to Capital College & Career Academy.

Since 2003, the Builders Fore Kids Charity Golf Tournament has raised over \$675,000 for children's organizations located in the Sacramento Region and continues to be one of the premiere golf tournaments in the area for the construction industry.

As a local company, it is our hope that other organizations in our region follow our lead and promote giving back – making our community the best it can be!

Sincerely,

Kenneth J. Wenham

Dear Board of Trustee Members,

I write this letter in support of Capital College & Career Academy (CCCA), a proposed 9th-12th grade charter school for the Sacramento County community.

As the Chief Executive Officer of the Silicon Schools Fund, an organization focused on supporting schools across central and Northern California, I meet with and evaluate most of the educators seeking to start new schools in the region. Our team has been highly impressed by the founder of the proposed school, Kevin Dobson. We have also conducted thorough diligence on the education model and are impressed by their level of preparation and commitment to serving all students.

The Silicon Schools Fund works with over 60 schools across Northern California, reimagining how schools enable all students to succeed. We support traditional district schools, independent schools, and charter schools. I've personally founded a high performing school in Hayward, Leadership Public Schools, and served as the Chief Academic Officer of a high performing network of schools, Envision Schools as well as worked within large district settings including Boston Public Schools and the Los Angeles Unified School District.

Based on this experience and our interactions with CCCA, we have made an unrestricted \$200,000 grant to Capital College & Career Academy, contingent upon charter approval.

If CCCA receives a charter, opens successfully, and delivers on its vision as we expect they will, we will make up to an additional \$400,000 in unrestricted grants to support the school. We strongly support and recommend approval of a charter for Capital College & Career Academy. Thank you for your consideration.

**SUPPLEMENTAL MATERIALS
RECEIVED ON MARCH 9, 2022**

Note that the totals shown in the chart below represent the TOTAL number of students interested. Many families who completed the survey had multiple children thus resulting in the discrepancy between the "175 responses" and the totals shown in the bar graph. Also important to acknowledge is that we were forced to remove nearly 80 responses for students who are current 8th graders and had completed the form prior to the last hearing when we were proposing to open in the 2022/23 school year. The enrollment rationale is described in greater detail on page 33 of the petition.

We would respectfully request that individual family information is not shared with the public at large or if so that the identifying information is omitted. This was our primary concern with including it in the original public facing charter petition.
