The mission of the Sacramento Metropolitan Fire District is to provide professional and compassionate protection, education and service to our community.

The Governor has declared a State of Emergency to exist in California as a result of the threat of COVID-19 (aka the "Coronavirus"). The Governor issued Executive Order N-25-20 and N-29-20, which directs Californians to follow public health directives including canceling large gatherings. The Executive Order also allows local legislative bodies to hold meetings via conference calls while still satisfying state transparency requirements.

The Governor has also issued Executive Order N-33-20, prohibiting people from leaving their homes or places of residence except to access necessary supplies and services or to engage in specified critical infrastructure employment.

The Public's health and well-being are the top priority for the Board of Directors of the Sacramento Metropolitan Fire District and you are urged to take all appropriate health safety precautions. To facilitate this process, the meeting of the Board will be available via Zoom at the phone number listed above. If you prefer viewing the meeting via the Zoom Application, please contact Board Clerk Penilla via email at the address listed below.

Note: The meeting is being held solely by remote means and will be made accessible to members of the public seeking to attend and address the Board solely through the phone number set forth above, except that members of the public seeking to attend and to address the Board who require reasonable accommodations to access the meeting, based on disability or other reasons, should contact the following person at least forty-eight (48) hours in advance of a Regular meeting to make arrangements for such reasonable accommodations:

OPERATIONS REPORT

Deputy Chef Mitchell relayed that the EMS Division completed their training program for the July protocol updates and assigned them to all line personnel for completion as continuing education.

Chief Mitchell highlighted several crew commendations received by local hospitals in the last few weeks' time including Firefighters Danny Kim & Dillon Fader who were honored by Kaiser North on May 18th for their efforts in transferring a fallen officer to UC Davis Medical Center. UCD also presented a case at the SCEMSA Stroke Care Committee meeting on May 18th where Firefighters Zakaree Cornell & Peter Jacquez were recognized for their patient care in providing a timely stroke alert on a 78 year old patient with left sided deficits. The patient was

taken to interventional radiology and had no residual deficits after rehab. Also, Mercy San Juan Medical Center recognized Firefighters Kurt Steever & Aleksey Shakh for intervening and assisting nurses in the ER with a patient who became combative. They successfully de-escalated the situation, and the nurses were appreciative of the intervention.

Chief Mitchell explained that the Training Division has been performing safety PPE cleaning extractor processes due to 12 sets of turnouts being contaminated with oil, gas and battery acid after a commercial fire in the city. Due to our internal process we were able to remove all the contamination and save these sets of turnouts. Our cleaning process of PPE has been recognized by several vendors as the model for other agencies to mirror. Chief Mitchell thanked Safety Specialists Bobby Sestito and Brian Spence and the Logistics team for their work.

The Battalion Chief Academy was held May 17th -21st and proved to be a very successful week to help candidates prepare for the position. The Battalion Chief Promotional Exam will be held June 1st – 4th.

Chief Mitchell also reported that since the last report out on May 13th, there have been 3,944 total calls for service with 18 building fires, 9 of which were Metro specific. The busiest engine was Engine 53 with 222 responses and the busiest medic was Medic 53 with 186 responses.

Chief Mitchell echoed the sentiments of Chief Harms, and discussed that through joint labor/management agreement, the new staffing procedures were implemented yesterday, May 26th to ensure consistency for how we staff apparatus.

3. GENERAL COUNSEL REPORT

General Counsel Lavra discussed the current status of our board meetings being held remotely, and the possible changes to this if the Emergency Executive Order issued by California Governor Gavin Newsom on March 4, 2020 were to be rescinded. During the public health emergency, this Executive Order was put in place to allow for adherence to social distancing requirements by suspending and waiving the teleconference requirements previously set forth in the Brown Act. With the news that the color coded tier requirements may be eliminated as of June 15th, if the Executive Order were to also be rescinded, we would revert back to the previous teleconference requirements set forth in the Brown Act and would likely begin to meet again in person.

General Counsel Lavra also explained that this would not be the case if any of the following occurred; Sacramento County issued an order that stipulated we must continue to adhere to social distancing requirements, the State and/or Governor extended the Emergency Executive Order, or one of two Assembly Bills currently in the legislature were voted into law and revised the Brown Act to allow for teleconferencing without the previous requirements.

Being that we do not know for sure exactly what the State of California or County of Sacramento will decide, General Counsel Lavra relayed that he will keep apprised of this situation and bring any new information to the Board as it becomes available.

4. SMFD – FIREFIGHTERS LOCAL 522 REPORT:

Vice President McGoldrick relayed that they are in the planning stages for a Fire Operations 101 course in October where elected officials are invited out to assist in performing field operations. Save the dates for this will be sent out shortly. VP McGoldrick then spoke about a golf tournament the Firefighters Burn Institute is hosting on June 7th, and relayed that though it is May 27, 2021 Board Meeting Action Summary Minutes

sold out, raffle tickets for the event are still available. VP McGoldrick also recognized the membership who have stepped up during these unprecedented times and thanked the Board for their support and willingness to adapt to the changing environment.

4. COMMITTEE AND DELEGATE REPORTS

SUBJECT: Special Services Agreement – Integrated Communications Strategies, LLC

TOPIC

Award an agreement for professional consulting services to Integrated Communications Strategies, LLC (Contractor).

DISCUSSION

The District has worked extensively with Contractor since September 2010 on a vast array of public education and communication issues/projects. As the District would incur increased costs to familiarize a new contractor with its matters, it is in the District's best interest to continue to procure the services from the Contractor to provide the following scope of services: shall perform communication and public affairs services to assist District in performing its duties as a major metropolitan fire district.

FISCAL IMPACT

The estimated cost for professional consulting services for the period of July 1, 2021 through June 30, 2022, is estimated at \$5,000 per month, not to exceed \$80,000, and is fully accounted for in the FY 2021/22 budget.

RECOMMENDATION

Staff recommends the Board authorize the Fire Chief to enter into a one-year agreement with Contractor for professional consulting services as outlined in the agreement.

BACKGROUND

The District has a contract with AMR to provide six (6) ambulances deployed twelve (12) hours per day, 365 days per year, for a total of 26,280 yearly unit hours. The hours of operation for these units are between 08:00-23:00, and they are staffed at all times with a minimum of one Emergency Medical Technician (EMT) certified in Sacramento County, and one (1) paramedic, or two (2) paramedics, licensed and accredited in Sacramento County. The existing agreement with AMR specifies that at the request of the District, additional unit hours may be added to the standard six (6) ambulance deployment and shall be paid at the standard unit hour rate.

DISCUSSION

The District sought a single contractor to provide emergency and non-emergency ambulances as a supplemental service to our current ambulance and Emergency Medical Services (EMS) system. The contract was structured to allow for surge of additional ALS ambulances into the system during an acute increase in call volume. Further, the contract provides for adding ALS ambulances into the system for longer temporary time intervals if internal staffing levels fluctuate.

For any services provided by AMR on behalf of Metro Fire, the District is responsible for billing the patient or any third-party payor in order to recover the cost of the service.

The Single Role Paramedic Program (SRPP) will experience a temporary shortage of personnel when the 21-1 Fire Academy begins July 06, 2021. There are sixteen (16) members advancing to the fire academy, and their last day in the SRPP is June 30, 2021. SRPP Academy 21-1 netted five (5) recruits, so by June 30th there will be eighteen (18) members in the SRPP ranks. With this number of personnel, the District can staff two (2) SRPP units twenty-four (24) hours per day.

# of Units	# People Needed 24-Hr Schedule (4 Platoons)
1	8 (4 paramedic/4 EMT)
2	16 (4 paramedic/4 EMT)
3	24 (12 paramedic/12 EMT)
4	32 (16 paramedic/16 EMT)
5	40 (20 paramedic/20 EMT)

SRPP Academy 21-2 is projected to begin the second week in August, and there are eighteen (18) EMTs and paramedics currently in the background process. Successful recruits will be prepared to count as staffing in mid-September 2021. Thus, the District has a temporary need for additional unit hours to maintain existing coverage levels.

The minimum number of unit hours that will be added to the EMS system to cover the temporary staffing shortage is 2,448 hours. This provides two (2), twelve (12) hour ambulances operating from 06:00-18:00 and 18:00-06:00. While staff anticipates coverage is only needed through September 30th, the agreement's expiration date is December 31, 2021 to provide flexibility to extend if needed.

FISCAL IMPACT

The District agrees to compensate AMR based upon the unit hour cost set forth in the Agreement for Ambulance Services. The table below takes into account the rate increase effective July 01, 2021. The financial impact analysis is attached to this staff report, and the cost difference is well below the expected cost recovery for the time period.

Month	Hours	Unit Hour Cost	Total
June	240	\$149.61	\$ 35,906.40
July	744	\$156.43	\$116,383.92
August	744	\$156.43	\$116,383.92
September	720	\$156.43	\$112,629.60
Grand Total			\$381,303.84

LEGAL IMPACT

All other terms, conditions, and obligations of the Agreement for Ambulance Services remain in full force and effect. The parties acknowledge and agree that this Amendment is intended to temporarily provide additional unit hours as described herein. This Agreement has been reviewed and approved by Legal Counsel.

RECOMMENDATION

Staff recommends the District amend the Agreement for ALS Ambulance Service to provide two (2) additional ambulances each deployed twelve hours per day. The amendment shall cover the period from June 21, 2021 to December 31, 2021.

SUBJECT: Disclosure of material expenditure – Insurance Broker Services – USI Insurance Services \$40,000

TOPIC

Disclosure of material expenditure to purchase insurance brokerage services for the fiscal year ending June 30, 2022.

SUMMARY

Staff will be expending funds to purchase Insurance Brokerage Services. The expenditure will be payable to USI in the amount of \$40,000 for insurance brokerage services.

DISCUSSION

USI Insurance Service provides Insurance Brokerage Services. Services include risk management, marketing, day-to-day consulting on servicing of insurance, claims services and risk engineering services. For the fiscal year 2021/2022, USI brokered the District's commercial insurance package.

FISCAL IMPACT

The fiscal impact is \$40,000. Funds sufficient to meet this obligation are budgeted in the Preliminary Budget for 2021/2022.

RECOMMENDATION

Staff recommends that the Board of Directors authorize the payment of \$40,000 to USI Insurance Services for insurance brokerage services.

SUBJECT: Disclosure of expenditure – Fiduciary Liability Insurance – RLI Insurance Company \$18,025

TOPIC

Disclosure of expenditure to purchase Fiduciary Liability Insurance for the fiscal year ending June 30, 2022.

SUMMARY

Staff will be expending funds to purchase Fiduciary Liability Insurance. This coverage will provide claim and legal defense coverage for all Metro Fire benefit plans except CalPERS. The expenditure will be payable to RLI Insurance in the amount of \$18,025.

DISCUSSION

USI Insurance Services provided the District's insurance brokerage services this year and managed the marketing of the District's fiduciary liability insurance. This coverage will serve to protect the fiduciaries of the District including Board members, Deferred Compensation Committee members and management. The Deferred Compensation Plan has assets in excess of \$140 million and an active Deferred Compensation Committee focused on fiduciary compliance.

Many carriers were solicited to provide a quote for Metro Fire's Fiduciary Liability Insurance and all except RLI declined. Arch, Devon Park/USLI, Great American, Hartford, Shyward, Scottsdale (ERisk), and Zurich declined because of class of business. Argo, Awac, CAN, CHUBB, Ironshore, Markel, Nexus, Philly and Travelers all declined as they were unable to provide terms.

RLI is the lowest, most responsive, responsible carrier and is the recommendation of USI Insurance Services to carry the District's fiduciary insurance needs.

FISCAL IMPACT

The fiscal impact is \$18,025. Funds sufficient to meet this obligation are budgeted in the Preliminary Budget for 2021/2022.

RECOMMENDATION

Staff recommends that the Board of Directors authorize the payment of \$18,025 to RLI Insurance for the purchase of Fiduciary Liability Insurance.

SUBJECT: Disclosure of material expenditure – General/Property/Liability Package – Special District Risk Management Authority \$3,183,272.95

TOPIC

Disclosure of material expenditure to purchase Commercial Insurance for the fiscal year ending June 30, 2022.

SUMMARY

The expenditure will be payable to Special District Risk Management Authority, SDRMA in the amount of \$3,183.272.95.

DISCUSSION

USI Insurance Services provided the District's insurance brokerage services this year and managed the marketing of the District's commercial insurance. The commercial insurance package incorporates the following areas of coverage: property, automobile, and general liability. General liability is an all encompassing package and provides coverage of risk in several areas including employment practices, employment benefits and management liability. Several carriers were contacted during marketing with responses from five firms. The following table summarizes the results:

Carrier	Annual cost	Notes
SDRMA	\$3,183,272.95	
VFIS	Declined	Declined because of losses, and CA will not allow them to increase their rates
Arch	Declined	They can only write ½ of the coverage we currently have
Safety National	Pending	Can only pay up to \$5million and they only do liability (no auto physical damage and no property coverage)
Allied World	Declined	Cannot provide accurate coverage

SDRMA is the lowest, most responsive, responsible carrier and is the recommendation of USI Insurance Services to carry the District's commercial insurance needs.

FISCAL IMPACT

The fiscal impact is \$3,183,272.95 funds sufficient to meet this obligation are budgeted in the Preliminary Budget for 2021/2022.

SUBJECT: Disclosure of material expenditure – Excess Workers’ Compensation Insurance –Safety National Casualty Corporation \$499,331

TOPIC

Disclosure of material expenditure to purchase Excess Workers’ Compensation Insurance for the fiscal year ending June 30, 2022.

SUMMARY

The expenditure will be payable to Safety National Casualty Corporation in the amount of \$499,331.

DISCUSSION

USI Insurance Services provided the District’s insurance brokerage services this year and managed the marketing of the District’s Excess Workers’ Compensation Liability Insurance. This type of coverage provides the District additional insurance coverage in the event of a catastrophic workers’ compensation loss that could occur in excess of our self insured retention (the portion the District would pay before the insurance pays). For these quotes, self insured retentions of \$3.0 million, per occurrence, were selected, consistent with limits chosen last year. Several carriers were contacted during marketing. The other companies that were solicited, CHUBB, Star Insurance, Arch and Midwest Employers either declined because they are no longer adding fire risks to their portfolio, no longer write standalone fire districts or they couldn’t be competitive with Safety National.

Safety National Casualty Corporation with an SIR of \$3.0 million was chosen as the carrier and is the recommendation of USI Insurance Services to carry the District’s Excess Workers’ Compensation Insurance needs. Safety’s quote which includes statutory limits is the best policy an agency could secure.

FISCAL IMPACT

The fiscal impact is \$499,331. Funds sufficient to meet this obligation are budgeted in the Preliminary Budget for 2021/2022.

RECOMMENDATION

Staff recommends that the Board of Directors authorize the payment not to exceed \$499,331 to Safety National for Excess Workers' Compensation Insurance.

SUBJECT: Disclosure of material expenditure – Aviation Liability Insurance –
Westchester Fire Insurance Company \$108,089

TOPIC

Disclosure of material expenditure to purchase aviation liability insurance for the fiscal year ending June 30, 2022.

SUMMARY

Staff will be expending funds to purchase aviation liability insurance. The expenditure will be payable to Westchester Fire Insurance Company in the amount of \$108,089 for the aviation policy.

DISCUSSION

USI Insurance Services provided the District's insurance brokerage services this year and managed the marketing of the District's aviation liability insurance. The aviation liability insurance package for the upcoming fiscal year includes coverage for two flying helicopters and two grounded helicopters.

The aviation policy premium has increased from FY 20/21, as the market conditions are dictating higher premiums for all insurance services. We will be insuring two flying helicopters each valued at \$1,500,000 and two grounded helicopters each valued at \$350,000. The flying helicopters carry \$10,000,000 of liability, and the grounded helicopters carry \$1,000,000 of liability.

The insurance requested includes any pilot approved by Metro Fire's Chief Pilot or designee and covers all uses in connection with the operations of Metro Fire including mutual aid agreements. Westchester Fire Insurance Company is the carrier recommended by USI to carry the District's aviation liability insurance needs.

FISCAL IMPACT

The fiscal impact is \$108,089. Funds sufficient to meet this obligation are budgeted in the Preliminary Budget for FY 2021/2022.

RECOMMENDATION

Staff recommends that the Board of Directors authorize the payment of \$108,089 to Westchester Fire Insurance Company for the purchase of Aviation Liability Insurance.
