Appointment

Congratulations to Joe Fiorica who was appointed to the Assistant Chief/Shift Commander position on A Shift effective June 1st.

Retirement

Congratulations to Engineer David Carrillo on his retirement on June 2nd, after 19 years of service.

Meetings

Continued meetings with Citrus Heights Council Members and Sacramento County Board of Supervisors regarding Capital Facilities Impact Fee Study.

Chiefs Forums started on June 6th and will continue throughout the month, this is the biannual opportunity to meet with all members throughout the District.

Chief Harms briefed the Board on the recommendation from the Service Delivery Team. One of the main areas of focus for the Service Delivery Team has been placement of the 21 SAFER positions. After review from executive staff, the following staffing decisions have been made and will be effective August 1st: staffing a medic full time at Station 59 (6 SAFER positions), adding a fourth firefighter to the high call volume engine 53, engine 24, and engine 61 (9 SAFER positions), and a pilot squad program aimed at air operations (6 SAFER positions). In summary there will be seven positions each shift, which is the 21 SAFER positions in total.

OPERATIONS' REPORT

Deputy Chief Mitchell opened the Operations Report with statistics since the last Board Meeting. There have been 4,279 total incidents since our last report, which is down slightly since the last report to an average of 305 calls per day. Of those 2,851 or 66% were EMS related incidents, and 206 were fire incidents, an average of 14 calls per day.

DC Mitchell shared fifteen CERT Members put in 168 hours to support our Auto-X training. As for the 22-1 Fire Academy, 37 recruits are getting close to the end of their Academy, they are in week 15 of 18. Appropriately with the drying fuels and increasing temps, wildland training is this week. The Lateral firefighters from 21-2 are undergoing their 6 month evaluations as well.

One of the larger incidents we responded to took place on June 1st with several companies on a residential structure fire at Hoffman Lane in Orangevale. This fire presented some challenges to our crews: hot day, heavy fire on arrival with fire burning in the void space between roofs. Although the home sustained significant damage our crews were able to save the homeowner's classic GTO that was in the garage. In addition our crews saved many of the occupant's belongings including the children's sports uniforms which brought tears of joy to the children.

On June 6th a grass fire on Nelda Lane took place which burned 26 acres and threatened and damages several structures. Units on scene included Metro Copter 2, Dozer 1, E358, WT58, E359, WT59, BC9, AC24. Herald Fire and Cal Fire AEU had unified command, and BC14 and 5 were prepositioned at Station 58 in case of evacuations and structure loss.

3. SMFD – FIREFIGHTERS LOCAL 522 REPORT

Vice President Cole congratulated Engineer Carillo on his retirement. He acknowledged and thanked the service delivery team, as many people spent their own time on this project.

He has spent the past few weeks in the community, especially busy supporting those who are in favor of the Zinfandel Training Center. He is proud to report they received a letter from Local 2081, the Cal Fire Firefighter Association, who support having a local training center that can be used to their benefit as well.

They are looking to find solutions to staffing challenges, as we are in a unique situation of fatigue during these last two years, we hear you! We will always be here to support the communities of Metro Fire and we thank you for trust in that.

DATE: June 23, 2022
TO: Board of Directors
SUBJECT: Special Services Agreement – Integrated Communications Strategies, LLC

TOPIC

Award a two-year agreement for professional consulting services to Integrated Communications Strategies, LLC (Contractor).

DISCUSSION

The District has worked extensively with Contractor since September 2010 on a vast array of public education and communication issues/projects. As the District would incur increased costs to familiarize a new contractor with its matters, it is in the District's best interest to continue to procure the services from the Contractor to provide the following scope of services: shall perform communication and public affairs services to assist District in performing its duties as a major metropolitan fire district.

FISCAL IMPACT

The estimated cost for professional consulting services is \$5,000 a month, with the total amount billed for a 12-month period not to exceed \$80,000, and is included in the FY 2022/23 Preliminary Budget, and will be included in preliminary fiscal-year budgets moving forward throughout the duration of the agreement.

RECOMMENDATION

Staff recommends the Board authorize the Fire Chief to enter into a two-year agreement with Contractor for professional consulting services as outlined in the agreement, with the option to renew the agreement for two one-year extensions.

SUBJECT: Special Fire Tax – Sloughhouse/Rancho Murieta Area

TOPIC

Board action is required in order to authorize Sacramento County to collect the District's Special Fire Tax in the Sloughhouse/Rancho Murieta area for fiscal year 2022/23.

BACKGROUND

Under provisions of the California Constitution, the residents of the Sloughhouse/Rancho Murieta area approved in November 2000, by more than a two-to-one margin, a special tax to help pay for the fire protection, prevention and training services in their community. The Special Fire Tax, initiated to replace the Fire Suppression Assessment Fee in place in the area since 1986, was capped at a maximum of \$100 per parcel.

DISCUSSION

The County Assessor cannot levy nor collect the District's Special Fire Tax in the Sloughhouse/Rancho Murieta area without formal annual authorization from the District. To have the Special Fire Tax placed on the tax rolls, the Board must adopt a resolution authorizing the County Assessor to make the levy.

The District has contracted with local agency financial consulting company NBS to assist with the administration of the Sloughhouse/Rancho Murieta Special Fire Tax, and they have estimated that the tax will generate \$338,600 in revenues for fiscal year 2022/23.

FISCAL IMPACT

Absent formal authorization from the District's Board, the County Assessor cannot levy the Special Fire Tax in the Sloughhouse/Rancho Murieta area. Failure to assess the fee will result to a loss of revenues of approximately \$338,600 to fund fire protection services in that area.

RECOMMENDATION

Staff recommends adoption of the resolution authorizing the County Assessor to incorporate the \$100 per parcel Special Fire Tax for the Sloughhouse/Rancho Murieta area with the 2022/23 Sacramento County property tax levy.

SUBJECT: Extension of AMR Agreement

TOPIC

Staff seeks the Board of Directors approval of a contract extension with American Medical Response (AMR) to continue two 12-hour units in fiscal year 22/23.

SUMMARY

Our current AMR agreement, and extension, provide two 12-hour units through June 30, 2022. With consideration of our reduced SRP staffing, increased call volume, and continued hospital bed delays, this extension provides needed support for our system.

FISCAL IMPACT

The unit hour rate in the AMR contract for FY 2022/2023 is an all-inclusive rate, and Metro Fire recovers costs through EMS billing for all services provided by AMR.

Thus far in FY 2021/2022, the District has recovered more than we have paid AMR. EMS cost recovery is typically 60-90 days after the service is rendered. Therefore, cost recovery will continue to increase, while the invoiced hours are a fixed cost.

The cost of adding unit hours to the system is budgeted for in FY 2022/2023.

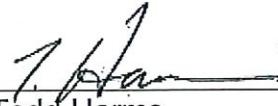

RECOMMENDATION

It is recommended that the District enter into a contract extension with AMR to continue staffing two 12-hour units commencing on July 01, 2022 through June 30, 2023 at a cost of \$1,421,835.60.

Now, THEREFORE, the Parties Agree as follow:

SUBJECT: Retirement of Capital Assets

BACKGROUND

Beginning in fiscal year 2011/12, District Finance staff began performing a biennial physical inventory of all District capital assets, defined as equipment with a purchase price or value of \$5,000 or more at the time of acquisition. Capital assets deemed no longer useful or without value to the District are catalogued and a board resolution authorizing retirement is prepared. The last retirement of capital assets based on the physical inventory process was approved by the Board of Directors in February of 2019.

DISCUSSION

Due to COVID restrictions, the biennial inventory was delayed and a capital asset physical inventory was not completed until June of 2021. The inventory team visited every division and fire station district-wide to physically locate each of the 1,538 assets listed in the District's financial records. During the physical counts, staff was able to identify equipment that was obsolete (i.e., broken or beyond useful life) and needed to be retired. Additionally, District staff had listed equipment that was not located during the initial inventory process. The inventory team made multiple follow-up visits and phone calls to track down missing items and most items were ultimately located; however, after extensive searches, six items could not be found.

The list below details the items the District seeks approval to remove from the capital asset inventory. The majority of these assets have no book value. Five items have a remaining value, including asset #4958 (medic #24443), which was totaled during an accident in August 2019. Insurance proceeds for this vehicle have been received. Asset #3936 (trailer) is a duplicate item of Asset #4055 and the manual entry adding this asset to the inventory needs to be reversed.

To continue to maintain an accurate record of usable equipment and vehicles, and in compliance with the District's Capital Asset Policy, the Board of Directors must approve the removal of these assets from inventory as part of the disposal process.

All items above will be e-wasted, recycled, or donated for parts.

FISCAL IMPACT

The current book value on the remaining five items (less the medic due to the insurance proceeds) is \$21,409. However, since these were expensed in full at the time of purchase, there is no fiscal impact.

Candidate Statement

02/14/2022

My name is Jerry Gilmore, and I am seeking reappointment to the CSDA Board of Directors for the Sierra Network. I was extremely pleased to have been elected and have faithfully represented the Sierra Network and my area on the eastern communities.

This past term has been challenging while our communities, state, and nation have had to adjust in learning to operate and function around Covid restrictions. Much of our work at CSDA last year was facilitated through Zoom meetings and via email. But through it all, many things were accomplished. One of the most notable was the huge effort by CSDA staff and you, our members, pushing through legislation for relief funding to many special districts which were greatly affected by the pandemic. Each year we set a series of goals for the staff at CSDA and they have achieved most of them to the benefit of Special Districts.

I have valued the opportunity that was given to me to represent the Sierra Network. During my tenure, I attended all four modules of the Special District Leadership Academy and received my Certificate of Completion.

I've regularly attended the Board and Committee meetings. I also was elected, as one of the newest members of the CSDA Board, to the Executive Committee and am currently serving as Treasurer for the CSDA Board. I also continue to be a very active board member of the Truckee Sanitary District and currently serve on the Financial Committee.

Again, I truly appreciate your initial appointment and sincerely ask to be reappointed to the CSDA Sierra Network.

Respectfully,

Jerry L. Gilmore

I thank all for their consideration and hopeful vote to add me to the CSDA Board. Having participated in many CSDA functions, I feel a fresh and new voice and perspective could be beneficial to the board and association. I bring a long and successful history as a business owner, and long term member of the Auburn Recreation District (ARD) Board.

Entering a time when fiscal challenges are going to be a major focus for all of us, my experience in setting budgetary direction and policies that have created long term viability will be especially beneficial. Thanks in great part to my leadership, our district is one of the strongest public agencies around! We have created strong reserves, reduced and ensured long term liabilities will be met, as well as planning for obsolescence & developing alternate sources of income.

I focus on methods to get things done, overcoming obstacles and creating win-wins. My experience working with County, State and Federal leadership has resulted in great facilities and partnerships. My history working with staff, the board, business and constituency to facilitate consensus is another strong point. I know my voice, advocating for our District and community on all levels has led to many positive outcomes. I feel developing consensus is important, but that does not mean rubber stamping or backing down. I am not afraid to stand up & take some arrows for reason and fight for what I feel is best for the community and district, while at the same time respecting differing opinions and supporting the decisions majority.

Again I thank you for your consideration and support. I promise to make myself available and represent your concerns and priorities. I hope to be a positive addition to the board!

As Always.....

Keep Smilin', Scott

Statement of Elliot Mulberg

I am a Director of the Florin Resource Conservation District (FRCD), which also provides potable water to 12,000 connections in Elk Grove as the Elk Grove Water District.

Prior to my service on the FRCD, I have twelve years' experience on the Cosumnes (formerly Elk Grove) Community Services District (CSD). We provided parks and fire services to the Elk Grove community and fire service to the City of Galt.

I have served on CSDA's legislative committee for over 10 years, the bylaws committee for over three years, and several Expert Feedback Teams. I also co-authored CSDA's formation guide in 2015.

However, much of my experience with special districts is by way of Local Agency Formation Commission (LAFCO). I have held nearly every position in LAFCO, a LAFCO commissioner, as the special district seat on Sacramento LAFCO, the CALAFCO Board, as one of the special district directors, a Senior Analyst with Monterey LAFCO, and Executive Officer of Solano LAFCO. While on the CALAFCO board, I participated in the rewrite of the mosquito abatement and vector control district law (SB 1588), and the rewrite of the CSD law (SB 135).

In 2011, I formed E Mulberg & Associates, a consulting firm specializing in LAFCO related projects. As a consultant, I completed several municipal service reviews (MSR) and sphere of influence updates for both large and small districts. My MSR projects include reviews for water districts, irrigation districts, wastewater districts, reclamation districts, fire districts, cemetery districts, health care districts, county service areas, and cities. City services evaluated were airports, electricity, fire, library services, parks and recreation, sewer, and water.

I think my experience working with many types of special districts would be beneficial to you on the CSDA board. I would be honored to receive your vote.
