Equity Lens

Through policies, practices, programs and decisions, San Juan Unified will reduce the predictability of which students fail by utilizing an equity lens to eliminate barriers for our specific populations.

District Overview

Created in 1960 with the merger of six school districts, San Juan Unified School District has a rich tradition in providing all students with the opportunity for academic success and achievement.

The district serves a 75-square-mile area covering the communities of Arden-Arcade, Carmichael, Citrus Heights, Fair Oaks, Gold River and Orangevale.

Today, San Juan Unified is the 10th largest school district in California with an expenditure budget of more than \$500 million used to employ more than 5,000 individuals and to educate more than ~~4550~~,000 students in our early learning, TK-12 and adult programs. ~~More than 10,000 additional K-12 students are served in independent charter schools within the district.~~

The district consists of 33 elementary schools, eight K-8 schools, nine middle schools, nine comprehensive high schools, three special-education centers, three alternative schools, one adult-education center, two Early Childhood Education centers and one dependent charter.

The student population is diverse. During the 2021~~10~~-2022~~21~~ school year, the district's ethnic/racial makeup was: 0.~~56~~ percent American Indian or Alaskan Native, 25.~~94~~ percent Hispanic/Latino, 7.~~10~~ percent African American, 47.~~69~~.~~7~~ percent White, 9.~~87~~.~~8~~ percent Asian/Asian American, 0.~~76~~ percent Pacific Islander, .~~91~~.0 percent Filipino ~~and~~, 7.~~42~~ percent multi-race. ~~and~~ 0.6 percent Not Reported.

Roles and responsibilities of board members and the superintendent

Board Roles

The role of the board is to provide each student with an education of the highest possible quality within the limits of financial support provided by the State of California. To accomplish this, board members are responsible for five roles identified by the California School Boards Association (CSBA):

- **Setting the direction** for the district by involving parents/guardians, community, students and staff, while focusing on student learning and achievement.
- **Establishing an effective and efficient structure** by employing the superintendent, developing and adopting policies, establishing academic expectations and adopting curriculum and instructional materials, establishing budget priorities and adopting the budget, providing safe and adequate facilities to support student learning, and setting parameters for negotiations with employee organizations and ratifying collective bargaining agreements.
- **Providing support to the superintendent and staff** by following standards of responsible governance, making decisions and providing resources that support district priorities and goals, upholding board policies and being effective spokespersons by being knowledgeable about district programs and goals.
- **Ensuring accountability** through evaluation of the superintendent; monitoring and evaluating policies; serving as a judicial and appeals body; monitoring student achievement and program effectiveness; approving, monitoring and adjusting district budgets; and monitoring the collective bargaining process.
- **Providing community leadership and advocacy on behalf of students, the district's educational program, and public education in order to build support within the local school community and at the state and national levels.** ~~the educational program and public education.~~

Superintendent Roles

CSBA identifies the following standards and roles for superintendents working with the Board of Education:

- Promotes the success of all students and supports the efforts of the board to focus on student learning and achievement.
- Values, advocates and supports public education and all stakeholders.
- Recognizes and respects the different perspectives and styles of board members, staff, students, parents and community, ensuring the diverse range of views inform board decisions.
- Acts with dignity, treats everyone with civility and respect, and understands the implications of demeanor and behavior.
- Serves as a model for the value of lifelong learning and supports the board's continuous professional development.
- Works with the board as a "governance team" and assures collective responsibility for building a unity of purpose, common vision and positive organizational culture.
- Recognizes that the board/superintendent governance relationship is supported by the district's management team.
- Understands the distinctions between board and staff roles, and respects the roles of the board as the representative of the community.
- Understands that the authority rests with the board as a whole, provides guidance to the board to assist in decision making, and provides leadership based on the direction of the board as a whole.
- Communicates openly with trust and integrity, including providing all board members with equal access to information, and recognizes the importance of both responsive and anticipatory communications.
- Accepts leadership responsibility and accountability for implementing the vision, goals and policies of the district.

Board Norms

The governance team commits to accomplishing these standards and roles through:

- Focusing on all students
- Adherence to the Brown Act
- Demonstrating respect
- Creating transparency
- Communicating openly
- Listening actively
- Keeping commitments
- Being collaborative
- Taking the time needed to govern effectively
- Encouraging everyone's ideas and point of view
- Balancing trustee area representation vs. districtwide responsibility

Trustee Areas and Representation

Board members are elected by the voters within their trustee area but serve the students, families and residents throughout the district's 75 square mile area. As such, board members should consider the impacts of decisions on all constituents when deliberating and take action in the best interest of the district as a whole rather than their specific trustee area. Unless specific to the election or trustee boundary designation processes, information prepared by staff will not delineate data specifically by trustee areas.

To facilitate strong community connections, board members are encouraged to build relationships with the organizations and residents within their trustee area in the manner they deem most appropriate and effective. As a

courtesy, board members engaged in district business with organizations in another trustee area are encouraged to inform the board secretary and the board member representing the area.

Welcoming new members

The board president meets with each newly elected member individually to provide a copy of the Governance Handbook, the schedule of meetings, the format for meetings and governance team operations.

The superintendent meets with each newly elected member to provide an overview of the district and to introduce cabinet members and other staff who will be communicating with the board.

District legal counsel will give newly elected members a copy of the Brown Act and inform them they must conform to its requirements as if they had already assumed office.

The governance team attends the swearing-in ceremony and reception for the newly elected members.

Annual Organizational Meeting

The annual organizational meeting will be held within the required 15-day period commencing on the second Friday in December.

At this meeting, the board shall

- Elect a clerk, vice president and president from its members.
- Establish the regular school board meeting dates and starting/ending times for the year.
- Appoint representatives to specific organizations and committees and
- Determine locations of board meetings (Board Bylaws 9320, 9140).

Speaking with a common voice

All public statements in the name of the board are made by the board president or, if appropriate, by the superintendent ~~or superintendent's designee or designees senior director of community relations~~.

When speaking to community groups, the media or to the public, individual board members have a responsibility to identify personal viewpoints as such and not as the viewpoint of the board.

When a board decision has been reached, all board members shall support that decision until it is amended or rescinded by board action. Any board member who may wish to criticize or oppose any specific board action should do so in an open board meeting.

Assigning work to staff

No individual member of the board, by virtue of holding office, shall exercise any administrative responsibility with respect to the schools; nor as an individual, command the services of any employee. Board members are to channel their requests and/or concerns directly to the superintendent (or, if necessary, through the board president).

Addressing conflict among board members

Because the governance team norms are designed to create an open, respectful, collaborative culture, members will engage in dialogue while welcoming an open discussion with different points of view. Members will demonstrate an ability to disagree on issues without taking the disagreements personally. Members will endeavor to maintain neutral body language and tone during deliberations.

School visitations/Extracurricular events

School visitations are encouraged to build understanding of the district's instructional programs, curriculum and

~~communities~~~~staff~~. Board members should make appointments with the school principal prior to visiting a campus. The board member should also email the board administrative assistant, so the visit can be placed on the board calendar alerting other members ~~to the visit,~~ and the superintendent and the board member who represents that trustee area ~~to the visit~~. This may prevent one school from having numerous visits from different board members during a short period of time. During visits, members should be cautious of interrupting the learning environment.

Graduations

Graduation ceremonies honor the accomplishments of students and the contributions of their families, teachers and staff and other supporters. Each board member participates in the ceremony of the comprehensive high school(s) within their trustee area by certifying the class. Board members participate in the ceremonies of non-comprehensive high schools on a rotating basis.

Board Meetings

Board meeting materials

Board members will be provided with agendas and copies of all related backup materials for regular meetings at least 72 hours in advance and for special meetings at least 24 hours in advance. Members are responsible for review of all materials prior to the meeting to assist with an efficient and effective deliberative process.

To provide greater access and transparency to materials, the district is adopting a digital materials management platform. Upon request to the board assistant, members will be provided with devices, training, and/or assistance to access materials.

Placing items on board agendas

~~Board members may place any item on the agenda no later than six days prior to the scheduled meeting date; however, to give staff time to prepare materials, it is helpful to make the request at a regularly scheduled meeting during the Future Agenda discussion. Requests from board members require a majority vote in order for the item to be added to the Future Agenda.~~

Board members may request that matters be added to meeting agendas during Future Agenda discussion which occurs during each regularly scheduled meeting. If a majority of board members share an interest in the matter, the board president and superintendent shall determine if the topic is within jurisdiction of the board and schedule the item if so. Items that are not within the jurisdiction of the board cannot be agendized. The board president and superintendent may determine if a request is primarily for informational purposes and may fulfill such a request by providing the desired information as appropriate.

The role of board members during board meetings

The authority to direct action rests solely with the full board during public board meetings. A majority vote provides direction to the superintendent. By carefully reviewing the board packet prior to the board meeting, board members can contact the superintendent for questions about an item. All members share a common responsibility to ensure the Brown Act is followed.

Individual board member's request for information, materials or action

It is important for trustees to be well informed, as oversight of the district is one of the main functions of the board. Trustees recognize that they have no power as individuals to direct staff actions, and that compiling information in response to trustee requests can take staff away from their day-to-day operations of schools and the district. An individual board member will – insofar as possible – work to let the superintendent and staff know ahead of time when a request for information will be made in a public meeting, so the staff can be prepared to provide a thorough response. Staff will make every effort to ensure that board agenda items include thorough background and

information. Requests for information not on the board agenda should be made to the superintendent who will ensure the appropriate staff person responds. All information provided by the administration in response to a request by a trustee shall be provided to all other trustees at the same time. Trustees should self-regulate the number of requests for information regarding issues not on the board agenda.

Board meeting guidelines

It is important to recognize that a board meeting is the time for the board to do their work in public view. After staff input and public comment, board members are encouraged to ask questions and explain their thinking related to the topic at hand. The board president recognizes members who desire to speak, alternating so that all members have the opportunity to speak. There is not a time limit or limit to the number of questions or comments that a board member may make, but each board member should be respectful of giving other members the opportunity to speak. Nothing in this section will preclude members from speaking multiple times until all discussion is concluded.

Unless a point is important to further understanding of the immediate discussion, the board president will allow all other members to speak first and then add his/her comments or questions.

Public comments

Members of the public shall have an opportunity to address the board on any item of interest that is within the subject matter jurisdiction of the board (Education Code section 35145.4, Government Code section 54954.3). If the public comments on items not appearing on the posted board agenda, the board cannot take action or discuss the comments (Government Code section 54954.2), other than to briefly acknowledge the comments and, if desired, to ask staff for follow-up information.

Voting

A majority vote of all members of the board is necessary for the election of officers or for any other action by the board unless otherwise specified by law. Voting shall be by voice and the board administrative assistant records the votes by member, which is placed into the minutes of the meeting.

Unless otherwise provided by law, affirmative votes by a majority of the board's membership are required to approve any action under consideration, regardless of the number of members present.

The board shall take no action outside of a public meeting except on those matters and under those conditions authorized for closed sessions (Government Code sections 54957, 54957.7; Board Bylaw 9323.2).

Voting no or abstaining

Each trustee respects the right of other trustees to vote "no" on an issue. Everyone agrees it is a courtesy to the governance team to explain the reasons for the "no" vote, either during deliberation or before casting the vote. Abstaining on a vote must be announced at the time the topic is first brought up and shall be based on one of the following: 1) the matter affects a close relative of the board member (Education Code section 35707); 2) the vote is to replace the board member's position on the board (Education Code section 35178); or 3) "remote interests" as listed in Government Code section 1091. If a board member abstains, his/her abstention shall be considered to concur with the action taken by the majority of those who vote, whether affirmatively or negatively.

If a member was absent at the previous meeting, he/she will abstain from voting on the approval of that meeting's minutes.

Quorum

A quorum is the minimum number of voting members who must be present at a properly called board meeting in order to conduct business in the name of the board, and is established when a majority of the board members (at least four ~~three~~ of the filled positions) are in attendance (Education Code section 35164, Board Bylaw 9323).

Additional Board Information

Board-appointed/board-approved committees

Board members appoint community members to committees as determined in committee bylaws. ~~the Curriculum, Standards, Instructional and Student Services Committee and the Facilities Committee~~. Newly elected board members will be given the option to appoint their own committee members or continue with the current appointments.

Board members serve as the conduit between a board-appointed/board-approved committee and the board as a whole. Board members are not voting members of board-appointed/board-approved committees.

If a board member wants to attend a board-appointed/board-approved committee meeting of which he/she is not the board liaison, the board member should contact the board administrative assistant. This will eliminate the possibility of ~~four~~~~three~~ or more board members being in attendance at the meeting.

Electronic media

The Board of Trustees will use electronic media (e.g., email and texting) carefully to ensure that there is no violation of the Brown Act (Government Code sections 54950-54962). The Brown Act prohibits board members from exchanging information outside of a board meeting to:

- develop collective concurrence,
- advance or clarify an issue,
- facilitate agreement or compromise or
- advance an ultimate resolution.

The board recognizes that by using “Reply All” in email responses, the email:

- becomes part of the deliberative process,
- creates a public record and
- inhibits opportunity for any other two board members to have a conversation on a topic.

Board members will be aware of, and follow, district policy as it pertains to electronic communication. The district is subject to requests for public documents as provided by ~~in~~ the California Public Records Act (Government Code section 6250 et seq.). Public documents include emails and other correspondence from board members as well as from employees.

Board members who engage constituents via social media are responsible for ensuring that opinions expressed are presented as their own and not those of the board and for following all applicable board policies and state and federal laws.

Complaints from community/staff

When an issue is brought to a board member, the board member will use active listening to hear what the complaint or issue is. Board members need to remain cognizant of their responsibility for judicial review, staff and student confidentiality and due process when talking with the complainant.

Restate what the complainant has said to ensure that you have heard the information correctly. Ask the person what he/she would like the board member to do with the information and what the individual would like to see as a possible solution. Explain that you will be sharing the information with the superintendent.

Redirect the complainant to communicate with appropriate personnel and utilize the appropriate complaint procedure. Ask the individual to follow up if the problem isn't resolved. 

Notify the superintendent as soon as possible with details of the complaint.

In order to support a positive working relationship among the San Juan Unified School District Board of Education, the staff, students and the community, we have reviewed and agreed to the norms and protocols outlined in the 2022 Governance Handbook. We shall renew these agreements at the end of December annually.

Affirmed on this ~~25~~¹⁴th day of ~~October~~^{December}, 202~~2~~²⁴.

Board Bylaws

The Governing Board recognizes the responsibility of board members in their role as community leaders to participate in public discourse on matters of civic or community interest, including those involving the district, and their right to freely express their personal views. However, to ensure communication of a consistent, unified message regarding district issues, board members are expected to respect the authority of the board to choose its representatives to communicate its positions and to abide by established protocols.

All public statements in the name of the Governing Board shall be issued by the board president or, if appropriate, by the superintendent or ~~the senior director of communications, or other designated representative, at the direction of the board president~~their designee. No individual board member should make public statements in the name of the board or statements that contravene the policies and actions of the board or that jeopardize the ability of the board to act effectively.

([ef. 2120 – Superintendent of Schools](#))

([ef. 9121 – President](#))

([ef. 9200 – Board Members](#))

When speaking for the district, the board encourages its spokespersons to exercise restraint and tact and to communicate the message in a manner that promotes public confidence in the board's leadership.

Board spokespersons shall not disclose confidential information or information received in closed session except when authorized by a majority of the board. (Government Code section 54963)

([ef. 9005 – Governance Standards](#))

([ef. 9011 – Disclosure of Confidential/Privileged Information](#))

When speaking to community groups, the media, or other members of the public, individual board members should recognize that their statements may be perceived as reflecting the views and positions of the board. Board members have a responsibility to identify personal viewpoints as such and not as the viewpoint of the board.

([ef. 1100 – Communication with the Public](#))

([ef. 1112 – Public Press, Radio, and Television](#))

Before voting on any issue, all board members shall be encouraged to present whatever evidence they may feel important to the matter at hand. The board shall fully consider the implications and relevancy of all information so presented. All opinions, reactions, and positions shall be openly discussed, so that each member may understand all aspects of the issue before the board decides the outcome or direction it will take.

When a board decision has been reached, all board members shall support that decision until it is amended or rescinded by board action. Any board member who may wish to criticize or oppose any specific board action should do so in a board meeting.

In addition, the board encourages members who participate on social networking sites, blogs, or other discussion or informational sites to conduct themselves in a respectful, courteous, and professional manner and to model good behavior for district students and the community. Such electronic communications are subject to the same standards and protocols established for other forms of communication, and the disclosure requirements of the California Public Records Act may likewise apply to them.

Bylaw 9012-B: Board Member Electronic Communications

Status:

Original Adopted Date: 06/09/1992; Revised: October 13, 2015; revised: ,2022

The Governing Board recognizes that electronic communication among board members and between board members, district administration, and members of the public is an efficient and convenient way to communicate and expedite the exchange of information within the district and with members of the public and to help keep the community informed about the goals, programs, and achievements of the district and its schools. Board members shall exercise caution so as to ensure that electronic communications are not used as a means for the board to deliberate outside of an agendaized board meeting, circumvent the public's right to access records regarding district business, or restrict access to a public forum.

(cf. 1100—Communication with the Public)

(cf. 6020—Parent Involvement and Family Engagement)

(cf. 9000—Role of the Board and Members (Powers, Purposes, Duties))

(cf. 9322—Agenda/Meeting Materials)

A majority of the board shall not, outside of an authorized meeting, use a series of electronic communications of any kind, directly or through intermediaries, to discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the board. (Government Code section 54952.2)

(cf. 9320—Meetings)

Examples of permissible electronic communications concerning district business include, but are not limited to, dissemination of board meeting agendas and agenda packets, reports of district activities from the superintendent, and reminders regarding meeting times, dates, and places.

Board members may engage in separate conversations or communication with members of the public on a social media platform to answer questions, provide information, or solicit information regarding a matter that is within the subject matter jurisdiction of the board, as long as a majority of the board does not use the platform to discuss among themselves any business of a specific nature that is within the subject matter jurisdiction of the board. A board member is prohibited from responding directly to any communication from other board members regarding matters that are within the subject matter jurisdiction of the board or using digital icons (e.g., “likes” or emojis) to express reactions to communications made by other board members. (Government Code section 54952.2)

Whenever a board member uses a social media platform to communicate with the public about district business or board activities, the board member shall not block access to a member of the public based on the viewpoint expressed by that individual.

Board members may use electronic communications to discuss matters that do not pertain to district business, regardless of the number of board members participating in the discussion.

Board members shall make every effort to ensure that their electronic communications conform to the same standards and protocols established for other forms of communication. A board member may respond, as appropriate, to an electronic communication received from a member of the community and should make clear that their his/her response does not necessarily reflect the views of the board as a whole. Any complaint or request for information should be forwarded to the superintendent or designee in accordance with board bylaws and protocols so that the issue may receive proper consideration and be

handled through the appropriate district process. As appropriate, communication received from the press shall be forwarded to the designated district spokesperson.

To the extent possible, electronic communications regarding any district-related business shall be transmitted through a district-provided device or account. When any such communication is transmitted through a board member's personal device or account, the board member shall copy the communication to a district electronic storage device for easy retrieval. Like other writings concerning district business, a board member's electronic communication may be subject to disclosure under the California Public Records Act.

(cf. 9121 - President)

(cf. 9200 - Board Members)

Bylaw 9124-B: Attorney

Status:

Original Adopted Date: 06/02/1992; revised: /2021

The Governing Board recognizes the complex legal environment in which districts operate and desires reliable, high quality legal advice at reasonable rates. In order to meet the district's legal needs, the Governing Board may appoint, in addition to its general counsel as a district employee, and/or appoint an attorney in private practice as an independent contractor, for whatever purpose the board deems appropriate, and fix and pay such attorney according to the contract. The board also supports pursuing collaborative legal efforts with other agencies and districts as appropriate.

Duties of Legal Counsel

The board's general counsel and/or independent attorney may perform any of the following duties (Education Code section 35041.5):

1. Render legal advice to the board, superintendent or designee, board and management employees of the district.
2. Serve the board and the superintendent or designee in the preparation and conduct of school district litigation and administrative proceedings.
3. Render advice on school bond and tax increase measures and prepare the necessary forms for the voting of these measures.
4. Other administrative duties as assigned by the board and superintendent or designee.

Retaining Legal Counsel

When the district is seeking legal advice or representation, the superintendent or designee may initiate a Request for Proposals (RFP) to advertise and solicit proposals for legal services. In evaluating the proposals, the board and/or superintendent shall consider the firm's or attorney's background, experience, and reputation in education law; experience advising or representing school districts in California; fees; and experience of attorneys at the firm who will provide legal services.

The board and/or superintendent shall annually evaluate the performance of the firm and/or attorneys providing legal services in such areas as efficiency and adequacy of advice; results obtained for the district; reasonableness of fees; and responsiveness to and interactions with the board, administration, and community. Upon a successful evaluation, the board may renew the agreement with legal counsel without initiating an RFP.

The board may also contract for temporary, specialized legal services without initiating an RFP when a majority of the board or the superintendent or designee determines that the unique demands of a particular issue or emergency situation so requires.

Contacting Legal Counsel

At their discretion, the board president or superintendent may confer with district legal counsel subject to any limits or parameters established by the board. In addition, the superintendent or board president may contact district legal counsel to provide the board with legal information or advice when so directed by a majority of the board.

Individual Board members other than the Board president may not seek advice from district legal counsel on matters of district business unless so authorized by a majority of the Board.

revised:

Board Candidate Orientation

The Governing Board recognizes the importance of providing all newly elected or appointed board members with support and information to assist them in becoming effective members of the board. Incoming board members shall be provided an orientation designed to build their knowledge of the district and an understanding of the responsibilities of their position. Such orientation may include the provision of information, support, and/or training related to board functions, policies, protocols, and standards of conduct.

As early as possible following the election or appointment of board members, one or more orientation sessions may be held during open meeting(s) of the board. Bylaw 9240-B: Development Inservice Board Training

Status:

Original Adopted Date: June 9, 1992; revised: December 13, 1994; revised:

~~Governing Board members, like teachers and administrators, need inservice training. The public entrusts the Board with the governance of its schools. As part of their job, Board members need to participate in professional development activities that help them understand their responsibilities, stay abreast of new developments in education, and learn new ways to cope effectively with the problems they confront. Such activities include state, regional, and national workshops, conferences, conventions, and seminars such as those offered by the California School Boards Association.~~

The Governing Board believes that the board's ability to effectively and responsibly govern the district is essential to promoting student achievement, building positive community relations, and protecting the public interest in district schools. Board members shall be provided sufficient opportunities for professional development that helps them understand their responsibilities, stay abreast of new developments in education, and develop boardsmanship skills.

The board and/or the superintendent or designee may provide an orientation to newly elected or appointed board members which may include comprehensive information regarding board roles, policies, and procedures and the district's vision and goals, operations, and current challenges. Throughout their first term, board members shall continue to participate in additional educational opportunities designed to assist them in understanding the principles of effective governance, including, but not limited to, information on school finance and budgets, student achievement and assessment, labor relations, community relations, program evaluation, open meeting laws (the Brown Act), conflict of interest laws, and other topics necessary to govern effectively and in compliance with law.

All board members are strongly encouraged to continuously participate in advanced training offered by the California School Boards Association in order to reinforce boardsmanship skills and build knowledge related to key education issues. Such activities may include online courses, webinars, webcasts, and in-person attendance at workshops and conferences. In addition, workshops and consultations may be held within the district on issues that involve the entire governance team.

~~to attend at least one or more Board development activities each year. All Board members may attend conferences for the purpose of Board development. Board business shall not be discussed at conferences.~~

~~Board members shall report to the Board on the inservice activities they attend. Reports shall be given at a regular Board meeting as soon as possible after the Board member's return.~~

Funds for inservice board training shall be budgeted annually, for the board and each board member. In selecting appropriate activities, the board and/or individual board members shall consider activities that are aligned with the district's vision and goals and the needs of the board or individual member to obtain specific knowledge and skills. The board may annually develop a board training calendar in order to schedule and track board training activities and to schedule opportunities for board members to report on the activities in which they participated.

Board members may attend a conference or similar public gathering with other board members and/or with the superintendent or designee in order to develop common knowledge and understanding of an issue or engage in team-building exercises. In such cases, a majority of the board members shall not discuss among themselves, other than as part of the scheduled program, business of a specified nature that is within the district's jurisdiction, so as not to violate the Brown Act open meeting laws pursuant to Government Code section 54952.2.

Board members may report to the board, orally or in writing, on the board training activities they attend, for the purpose of sharing the acquired knowledge or skills with the full board and enlarging the benefit of the activity to the board and district.

Bylaw 9310: Board Policies Status: ADOPTED

Created Date: 06/01/1999 | **Last Revised Date:** 07/01/2018 | **Last Modified Date:** 07/01/2018

The Board of Education recognizes that its most important function is to establish policies which communicate its direction for the operation of the schools. Policies are written statements adopted by the Board which communicate the guidelines and limits within which the Superintendent or designee and staff may take discretionary action. shall adopt written policies to convey its expectations for actions that will be taken in the district, clarify roles and responsibilities of the board and superintendent, and communicate board philosophy and positions to students, staff, parents/guardians, and the community.

(cf. 2210 – Administrative Leeway in Absence of Board Policy)

The ~~b~~Board encourages members of the community to contribute information and opinions for the ~~b~~Board's consideration and propose revisions to policy.

The board shall ensure that district policies align with the district's vision and goals, promote student learning and achievement, provide for consistent and fair treatment of students and staff, and proactively address equity and the provision of equal access to opportunities for all students.

~~The adoption of policy shall conform with Board bylaws governing agenda, meetings, and voting. Only those written statements adopted and recorded in the minutes shall constitute official Board policy.~~

The board recognizes the importance of maintaining a policy manual that is up to date and reflects the mandates of law. Board policies are binding on the district to the extent that they do not conflict with federal or state law and are consistent with the district's collective bargaining agreements. No board policy, bylaw, or administrative regulation, or any portion thereof, shall be operative if it is found to be in conflict with applicable federal or state law or regulations or court decisions. If any portion of a policy is found to be invalid, that invalidity shall not affect other provisions of the policy.

Policies shall be regularly reviewed at a time allocated for this purpose on the agenda of public board meetings.

Prior to adoption, policies shall normally be given two readings by the ~~b~~Board. At its second reading, the policy may be adopted by a majority of all members of the ~~b~~Board. The ~~b~~Board may waive the second reading or may require additional readings.

~~In addition to presenting new policy and policy revisions, the Superintendent or designee, as policy coordinator, shall maintain procedures for the continuous orderly review of existing policies. Policies shall be reviewed regularly, and those policies required by Education Code 35160.5 shall be reviewed annually (e.g., BP/AR 5116.3 regarding open enrollment, and BP/AR 6145 regarding extracurricular/co-curricular activities), as shall BP 3430 re investing, and BP 6020 regarding parental involvement, as required by 20 USC 6318. When policies are amended, the Superintendent or designee shall review corresponding administrative regulations to ensure that they conform to the intent of the revised policy.~~

~~Consideration of Board policy shall be a regular agenda item.~~

The board shall review certain policies annually, as required by Education Code section 35160.5. If no revisions are deemed necessary, the board minutes shall nevertheless indicate that the review was conducted. Other policies shall be monitored and reviewed as specified in the policy itself or as needed to reflect changes in law or district circumstances.

Policy Development and Adoption Process

The district's policy development process shall include the following basic steps:

1. The board and/or superintendent or designee shall identify the need for a new policy or revision of an existing policy. The need may arise from a change in law, a new district vision statement, new goals in the local control and accountability plan, educational research or trends, an incident that has arisen in the district, or a recommendation or request from staff, a parent/guardian, or other interested person.
 -
2. As needed, the superintendent or designee shall gather fiscal data, staff and public input, related district policies, sample policies from the California School Boards Association or other organizations or agencies, and other useful information and data to fully inform the board about a particular issue.
 -
3. The board may hold discussions during a public board meeting to gain an understanding of the issue and provide initial direction to the superintendent or designee. The discussion may include, but not be limited to, community expectations, staff recommendations, and the expected impact of the policy on student learning and well-being, equity, governance, and the district's fiscal resources and operational efficiency.
 -

4. The board or superintendent may request that legal counsel review the draft policy as appropriate.
5. The superintendent or designee shall develop and present a draft policy for a first reading at a public board meeting. At its second reading, the board may take action on the proposed policy. The board may waive the second reading or may require an additional reading if necessary.

Only policies formally adopted by a majority vote of the board shall constitute official board policy.

The district's policy development process may be revised or expanded as needed based on the issue being considered, the need for more information, or the desire to provide greater opportunities for consultation and public input.

Policies shall become effective upon board adoption or at a future date if so designated by the board at the time of adoption.

Board Bylaws

The board shall prescribe and enforce rules for its own governance consistent with state law and regulations. (Education Code section 35010)

Bylaws governing board operations may be developed, adopted, and amended following the same procedures as those used for the adoption or amendment of board policy.

Administrative Regulations

The superintendent or designee shall be responsible for developing and enforcing administrative regulations for the operation of the district. Administrative regulations shall be consistent with law and board policy and shall be designed to promote the achievement of district goals and objectives. Administrative regulations may describe specific actions to be taken, roles and responsibilities of staff, timelines, and/or other provisions. The superintendent or designee may also develop procedures manuals, handbooks, or other guides to carry out the intent of board policy.

When board policies are amended, the superintendent or designee shall review corresponding administrative regulations to ensure that they conform to the intent of the revised policy. In case of conflict between administrative regulation and board policy, policy shall prevail.

The board may review and/or approve administrative regulations for the purpose of

ensuring conformity with the intent of board policy.

Monitoring and Evaluation

At any time, the board and superintendent or designee may determine that progress reports to the board on the implementation and/or effectiveness of the policy should be scheduled. If so, the board and superintendent or designee shall agree upon a timeline and, as applicable, measures for evaluating the effectiveness of the policy in achieving its purpose.

Access to Policies

The superintendent or designee shall ensure that all district employees and the public have access to an up-to-date district policy manual. The policy manual shall be maintained electronically and/or by paper copy.

As necessary, the superintendent or designee shall notify staff, parents/guardians, students, and other stakeholders whenever a policy that affects them is adopted or revised. They may determine the appropriate communication strategy depending on the issue. Policies shall be posted on the district's web site when required by law.

The board president and the superintendent, as secretary to the board, shall work together to develop the agenda for each regular and special meeting.

Any board member may request that a matter within the jurisdiction of the board be placed on the agenda of a regular meeting. To do so, the member must make a request during discussion of Future Agenda items during a regularly scheduled meeting of the board. If a majority of the board shares an interest in discussing the matter, the board president and superintendent shall determine if the matter is within the jurisdiction of the board and if so, will schedule the item for future discussion.

Members of the public may request that a matter within the jurisdiction of the board be placed on the agenda of a regular meeting. The request shall be submitted in writing to the superintendent or designee with supporting documents and information, if any, at least 15 school days before the scheduled meeting date. Bylaw 9400: Board Self-Evaluation

Status: ADOPTED

Original Adopted Date: 06/09/1992

~~Effective and efficient Governing Board operations are an integral part of creating a successful educational program. In order to measure its own effectiveness, The Governing Board shall will annually conduct a self-evaluation in order to demonstrate accountability to the community and ensure that district governance effectively supports student achievement and the attainment of the district's visions and goals.~~

The evaluation may address any area of board responsibility, including, but not limited to, board performance in relation to vision setting, curriculum, personnel, finance, policy development, collective bargaining, community relations, and advocacy. The evaluation may also address objectives related to board meeting operations, relationships among board members, relationship with the superintendent, understanding of board and superintendent roles and responsibilities, communication skills, or other governance or boardsmanship skills.

~~schedule a time and place at which all its members may participate in a formal self-evaluation.~~

The Board shall be evaluated itself as a whole and not as individuals. Individual board members are also expected to use the evaluation process as an opportunity to assess and set goals for their own personal performance.

~~The evaluation will focus on the internal operations and performance of the Board. The Board members shall develop goals and objectives against which the Board will be evaluated. A self-evaluation instrument will be based on these goals and objectives and not on goals set for the district.~~

Each year, the board, with assistance from the superintendent, shall determine an evaluation method or instrument that measures key components of board responsibility and previously identified performance objectives. Visual and/or audio recordings of board meetings may only be used as an evaluation tool when consent is given by all board members.

Any discussion involving the board's self-evaluation shall be conducted in open session.

At the request of the board, a facilitator may be used to assist with the evaluation process. The board may invite the superintendent or other individual(s) with pertinent information to provide input into the evaluation process.

Following the evaluation, the board shall set goals, define and/or refine protocols, and establish priorities and objectives for the following year's evaluation. The board shall also develop strategies for strengthening board performance based on identified areas of need.

including, but not limited to, board trainings such as those offered by the California School Boards Association.

~~Each boardmember will complete the self evaluation instrument independently. The ensuing evaluation will be based on the resulting composite picture of Board strengths and weaknesses. The Board will discuss the tabulated results as a group.~~

~~The evaluation process should include the establishment of strategies for improving Board performance. Revised priorities and new goals will be set for the following year's evaluation.~~

~~The Board recognizes that adequate opportunities for Board member orientation and inservice are an essential component of conducting meaningful self evaluation. The evaluation process shall include suggestions for continued Board member development.~~

~~The Board may invite the Superintendent or designee or others to participate in the evaluation and suggest specific criteria to measure Board success as a governing body.~~

ACTION REQUESTED:

The superintendent is recommending that the board adopt the recommended California School Boards Association (CSBA) titles for the board policies listed in the attachment titled *List of Renamed Policies*. The board is also requested to rescind/delete the board policies and bylaws listed in the attachment titled *List of Policies and Bylaws for Deletion*.

RATIONALE/BACKGROUND:

San Juan Unified subscribes to GAMUT Policy Plus – a service provided by CSBA to help update and maintain current school board policies. The program also provides access to sample policies, regulations, bylaws and exhibits that are updated by CSBA. CSBA has updated GAMUT Policy Plus with a new technology platform that uses a uniform codification system (e.g., policy numbering system). CSBA is recommending that the district rename identified board policies to match the CSBA title in the codification system so we are alerted to updates. The only change will be to the title of these identified board policies.

CSBA also identified some board policies and bylaws that refer to state or federal programs/funding that no longer exist or policies and bylaws that are no longer necessary. Because the policies and bylaws are outdated, it is recommended that those policies and bylaws are rescinded/deleted from the board policy manual.

DEPARTMENT: Division of Teaching and Learning

ACTION REQUESTED:

The superintendent is recommending that the board discuss amending the district's graduation requirements for the Class of 2023 due to the disruption in education caused by COVID-19. This recommendation is for the 2022-2023 school year.

RATIONALE/BACKGROUND:

In 2016 the board approved increasing graduation requirements starting with the Class of 2023. The increased graduation requirements project included a plan to communicate the new requirements to family, students, and the community as well as a plan to support students with a tiered approach to meeting the increased requirements. These increased requirements included additional courses in mathematics, science, and world language; however, with school closures occurring due to COVID-19, the disruption to students' education has impacted many of our current seniors. In order to mitigate these hardships, California built in support for the classes of 2021 and 2022 by adopting Assembly Bill 104 (AB 104) which reverted to the state minimum graduation requirement of 130 credits. There is no legislation to support the class of 2023.

In order to support the class of 2023 in meeting San Juan Unified's graduation requirements, staff reviewed current data for seniors, gathered input from staff, students, and the community, and determined there was a significant need to reduce the number of credits needed to graduate. The recommended graduation requirements for the Class of 2023 would include the state minimum of 130 credits with a fourth year of English as an additional requirement.

Historical Information

In 2016 the Board approved increased graduation requirements beginning with the Class of 2023. These additional requirements, given the disruption in educational services due to COVID-19, have created additional barriers for the senior class.

In September 2020, Assembly Bill (AB) 1350 extended relief to the class of 2020 by granting retroactive diplomas to any student on track as of March 2020.

For the classes of 2021 and 2022, Assembly Bill 104 provided options for students and parents/guardians to address learning recovery needs.

As part of AB104, the 130 state minimum graduation rule was available to any student not on track to graduate in four years from the classes of 2021 and 2022.

This year's seniors have been impacted by COVID-19 and there is no legislation to extend relief to the class of 2023.

The superintendent is recommending that the board receive a report regarding the 2021-22 end of year data results, including the results of the 2022 California Assessment of Student Performance and Progress (CAASPP) tests.

RATIONALE/BACKGROUND:

In previous years, the board has been provided with a summary report of the district's CAASPP test results. This presentation will provide the board with a 2021-22 end of year data summary that includes summative metrics related to English language arts, mathematics, English language proficiency, suspension, and chronic absenteeism. Additionally, this presentation will provide information to situate the data in context as well as the actions being implemented in response to the data. Our purpose is to use this data to inform our equity-driven continuous improvement work as we focus on improving outcomes for our targeted student groups and, more broadly, all students in San Juan Unified.

DEPARTMENT: Facilities

ACTION REQUESTED:

The superintendent is recommending the board adopt Resolution No. 4044, adopting the California Environmental Quality Act (CEQA) Mitigated Negative Declaration (MND), including a Mitigated Monitoring and Reporting Program (MMRP), consisting of approval of findings that the project will not have a significant effect on the environment.

RATIONALE/BACKGROUND:

The purpose is to comply with the CEQA requirements for the project, which is subject to environmental review under CEQA. The district contracted with AECOM to prepare an Initial Study/Mitigated Negative Declaration (IS/MND) to identify whether any significant environmental impacts could result from the proposed project.

The IS/MND determined that the proposed project would not result in any significant environmental impacts that could not be mitigated to a less-than-significant impact on the environment. The IS/MND document can be found at: www.sanjuan.edu/ArcadeMod.

Pursuant to CEQA, a Notice of Intent to Adopt a MND was circulated to the State Clearinghouse, the Sacramento County Clerk, the Sacramento Metropolitan Air Quality Management District, Sacramento County and potentially interested Native American Tribal representatives for review. The 30-day public review period, September 21, 2022 – October 20, 2022, did not produce any comment letters.

MITIGATION MONITORING AND REPORTING PROGRAM

CALIFORNIA ENVIRONMENTAL QUALITY ACT REQUIREMENT

Where a California Environmental Quality Act (CEQA) document has identified significant environmental effects, Public Resources Code Section 21081.6 requires adoption of a “reporting or monitoring program for the changes to the project which it has adopted or made a condition of a project approval to mitigate or avoid significant effects on the environment.”

This Environmental Mitigation Monitoring and Reporting Program (MMRP) has been prepared to provide for the monitoring of mitigation measures required of the Arcade Middle School project (proposed project), as set forth in the Final Mitigated Negative Declaration (MND).

San Juan Unified School District (the District) is the lead agency that must adopt the MMRP for development and operation of the project. This report will be kept on file with San Juan Unified School District, 3738 Walnut Avenue, Carmichael, CA 95608.

The CEQA Statutes and Guidelines provide direction for clarifying and managing the complex relationships between a lead agency and other agencies with implementing and monitoring mitigation measures. In accordance with CEQA Guidelines Section 15097(d), “each agency has the discretion to choose its own approach to monitoring or reporting; and each agency has its own special expertise.” This discretion will be exercised by implementing agencies at the time they undertake any portion of the project, as identified in the MND.

PURPOSE OF MITIGATION MONITORING AND REPORTING PROGRAM

The intent of the MMRP is to ensure the effective implementation and enforcement of adopted mitigation measures. The MMRP is intended to be used by District staff, construction contractors, and others responsible for project implementation.

This document identifies the individual mitigation measures, the party responsible for monitoring implementation of the measure, the timing of implementation, and space to confirm implementation of the mitigation measures.

ROLES AND RESPONSIBILITIES

The District will oversee monitoring and documenting the implementation of mitigation measures. The District or its construction contractor is responsible for fully understanding and effectively implementing all of the mitigation measures contained within this MMRP. Certain mitigation measures also may require coordination with one or more other public agencies in implementing mitigation measures specified herein.

CHANGES TO MITIGATION MEASURES

Any substantive change in the MMRP is required to be reported in writing. Modifications to the mitigation measures may be made by the District, subject to one of the following findings, and documented by evidence included in the public record:

- ▶ The mitigation measure included in the MND and the MMRP is no longer required because the significant environmental impact identified in the MND has been found not to exist, or to occur at a level which makes the impact less than significant as a result of changes in the project, changes in environment conditions, or other factors.

OR,

- ▶ The modified or substitute mitigation measure provides a level of environmental protection equal to, or greater than that afforded by the mitigation measure included in the MND and the MMRP; and,
- ▶ The modified or substitute mitigation measure or measures do not have significant adverse effects on the environment in addition to, or greater than those which were considered by the District Board of Education in their decisions on the MND and the proposed project; and,
- ▶ The modified or substitute mitigation measures are feasible, and the District, through measures included in the MMRP or other District procedures, can ensure implementation.

SUPPORT DOCUMENTATION

Findings and related documentation supporting the findings involving modifications to mitigation measures shall be maintained in the project file with this MMRP and shall be made available to the public upon request.

This MMRP will be kept on file at:

Air Quality					
Mitigation Measure 3.3-1	<p>Implement the SMAQMD Basic Construction Emission Control Practices</p> <p>The San Juan Unified School District (SJUSD) shall require that the construction contractors comply with Basic Construction Emission Control Practices identified by the SMAQMD and listed below or as they may be updated in the future:</p> <ul style="list-style-type: none"> • Water all exposed surfaces two times daily. Exposed surfaces include, but are not limited to soil piles, graded areas, unpaved parking areas, staging areas, and access roads. • Cover or maintain at least two feet of free board space on haul trucks transporting soil, sand, or other loose material on the site. Any haul trucks that would be traveling along freeways or major roadways should be covered. • Use wet power vacuum street sweepers to remove any visible track out mud or dirt onto adjacent public roads at least once a day. Use of dry powered sweeping is prohibited. • Limit vehicle speeds on unpaved roads to 15 miles per hour (mph). • All roadways, driveways, sidewalks, parking lots to be paved should be completed as soon as possible. In addition, building pads should be laid as soon as possible after grading unless seeding or soil binders are used. • Minimize idling time either by shutting equipment off when not in use or reducing the time of idling to 5 minutes [required by California Code of Regulations, Title 13, sections 2449(d) and 2485]. Provide clear signage that posts this requirement for workers at the entrances to the site. • Maintain all construction equipment in proper working condition according to manufacturer's specifications. The equipment must be checked by a certified mechanic and determine to be running in proper condition before it is operated. 	During construction	SJUSD and construction contractor(s)

Mitigation Measure 3.3-3	Implement Construction DPM Emission Control Measures The SJUSD shall require that the construction contractor comply with the following additional construction DPM emission control measures: <ul style="list-style-type: none"> • Use Tier 4 final certified engines for all on-site, diesel-powered construction equipment rated at equal to or greater than 50 horsepower (hp). • Minimize the idling time of diesel powered construction equipment to 2 minutes. • Use electrical equipment when available, such as welders, concrete/industrial saws, pumps, sweepers, and/or aerial lifts. 	During construction	SJUSD and construction contractor(s)		
Biological Resources					
Mitigation Measures 3.4-1	Avoid Impacts on Common Nesting Migratory Birds San Juan Unified School District (SJUSD) shall require contractor/s to implement the following measures during demolition and construction activities to avoid adverse effects to special-status nesting birds and common nesting birds. <ul style="list-style-type: none"> • Wherever feasible, the contractor will conduct construction activities that could potentially affect common nesting birds during the nesting season. The nesting season for common nesting birds (raptors, passerines) is February 1 to August 31 If construction activities are completed outside of these nesting seasons, no additional measures are required to avoid adverse effects on nesting birds. • If construction activities that could affect suitable habitat for nesting birds cannot be conducted outside of the nesting seasons listed above, a qualified biologist shall complete pre-construction surveys for nesting birds. Surveys will be conducted by a qualified biologist within suitable nesting habitat that could be affected by construction activities (e.g., staging areas, access routes) and will include a 500-foot buffer area. The qualified biologist will complete preconstruction surveys within 1 week of the start of construction activities, and will be repeated if construction activities lapse for more than 1 week. 	<p>are detected during preconstruction surveys, no additional measures are required.</p> <ul style="list-style-type: none"> If nesting birds have been identified by a qualified biologist in or adjacent to a construction area, the qualified biologist will establish a non-disturbance avoidance buffer for construction activities that would potentially affect the nesting birds. The buffer is 100 feet for passerines, 300 feet for raptors, and 200 feet for heron or egret rookeries. Buffers will be marked on plans and specifications and in the field by a qualified biologist using temporary fencing, high-visibility flagging, or other means that are equally effective in clearly delineating the buffers. Construction activities will not occur within the buffer unless the qualified biologist determines that such construction activities would not adversely affect nesting activities. Construction activities that may impact special-status nesting birds occurring within the avoidance buffer/s described above will be monitored by a qualified biologist either continuously or periodically during work, as determined by the qualified biologist. The qualified biologist will be empowered to stop construction activities that, in the biologist's opinion, threaten to cause unanticipated and/or unpermitted adverse effects on nesting birds (e.g., nest abandonment). Buffers will be maintained until there is no longer a threat of disturbance to the nesting bird (e.g., young have fledged, individuals have moved out of the area), as determined by a qualified biologist. 				
Mitigation Measure 3.4-2	<p>Avoid Impacts on Protected Trees</p> <p>Prior to project construction, the San Juan Unified School District (District) shall contact the County of Sacramento's tree administrator to discuss the proposed activity and if deemed necessary, the tree administrator will inspect the site of the proposed activity. After consultation between the District and the tree administrator, if the tree administrator determines that a permit is required, the District shall apply for a permit and comply with relevant permit conditions, including permit conditions that may be met through on-site replanting and the landscaping plan. The application for a tree permit would contain the following information:</p> <ol style="list-style-type: none"> Location, size and species of the tree(s); 	Prior to construction	SJUSD and construction contractor(s)

Cultural Resources					
Mitigation Measure 3.5-1	<p>Unanticipated Cultural Resources</p> <p>In the event of an inadvertent discovery of cultural resources (excluding human remains) during construction, all work must halt within a 100-foot radius of the discovery. A qualified professional archaeologist, meeting the Secretary of the Interior's Professional Qualification Standards for prehistoric and historic archaeology, shall be retained by the District to evaluate the significance of the find. If it is determined due to the types of deposits discovered that a Native American monitor is required, the Guidelines for Monitors/Consultants of Native American Cultural, Religious, and Burial Sites as established by the Native American Heritage Commission shall be followed, and the monitor shall be retained at the District's expense.</p> <p>1. Work cannot continue within the 100-foot radius of the discovery site until the archaeologist and/or tribal monitor conducts sufficient research and data collection to make a determination that the resource is either (1) not cultural in origin; or (2) not potentially eligible for listing on the National Register of Historic Places or California Register of Historical Resources.</p> <p>2. If a potentially eligible resource is encountered, then the archaeologist and District staff shall arrange for either (1) total avoidance of the resource, if possible; or (2) test excavations or total data recovery as mitigation. The determination shall be formally documented in writing and submitted to the District for verification that the provisions of CEQA for managing unanticipated discoveries have been met.</p>	During construction	SJUSD and construction contractor(s)

Mitigation Measure 3.5-2	Unanticipated Human Remains Pursuant to Sections 5097.97 and 5097.98 of the State Public Resources Code, and Section 7050.5 of the State Health and Safety Code, if a human bone or bone of unknown origin is found during construction, all work is to stop and the County Coroner and the District shall be immediately notified. If the remains are determined to be Native American, the coroner shall notify the Native American Heritage Commission within 24 hours, and the Native American Heritage Commission shall identify the person or persons it believes to be the most likely descendent from the deceased Native American. The most likely descendent may make recommendations to the landowner or the person responsible for the excavation work, for means of treating or disposition of, with appropriate dignity, the human remains and any associated grave goods. Mitigation Measure 3.7-1	Conduct Construction Personnel Education, Stop Work if Paleontological Resources are Discovered, Assess the Significance of the Find, and Prepare and Implement a Recovery Plan, as Required To minimize the potential for destruction of, or damage to potentially unique, scientifically important paleontological resources during earth-moving activities, the San Juan Unified School District contractor/s shall implement the measures described below. <ul style="list-style-type: none">• Prior to the start of earthmoving activities at the project site, inform all construction personnel involved with earthmoving activities regarding the possibility of encountering fossils, the appearance and types of fossils likely to be seen during construction, and proper notification procedures should fossils be encountered. Hazards and Hazardous Materials					
Mitigation Measure 3.9-1	<p>Perform Soils and Vapor Testing, Prepare a Report of Findings, and Implement Remedial Actions as Necessary</p> <p>To minimize the potential for adverse human health and environmental effects associated with soil contamination at the project site, the District shall implement the measures listed below.</p> <ul style="list-style-type: none"> Prior to the start of earthmoving activities at the project site, the San Juan Unified School District shall hire a qualified remediation firm to conduct soil and soil vapor sampling in the area of the diesel UST that was filled-in-place in order to assess the potential for soil and soil vapor impacts to the subject property and to Conduct soil vapor sampling on-site to assess potential for vapor encroachment conditions (VECs) from off-site sources, i.e. the apparent historical USTs to the north across Edison Avenue. The results of which shall be tested by a qualified environmental laboratory. The remediation firm shall prepare a report of findings and recommendations, which shall be submitted to the California Department of Toxic Substances Control. If the laboratory testing results indicate that constituents of concern are not present in the soil at levels that exceed the applicable environmental screening levels, no further mitigation shall be required. Although not a recognized environmental concern, prior to the start of earthmoving activities at the project site, the San Juan Unified School District shall hire a qualified remediation firm to collect and analyze soil sample(s) in the area of the Sacramento Municipal Utility District (SMUD) pad on the northwest corner side of the site for polychlorinated biphenyls (PCBs). Noise					
Mitigation Measure 3.13-1	<p>Implement Measures to Reduce Short-Term, Construction-Related Noise</p> <p>San Juan Unified School District will require the selected contractor to implement the following noise-reduction and noise-control measures during construction activities:</p> <ul style="list-style-type: none"> Provide written notification to the residents south of the project site and within 500 feet from the southern project boundary at least three weeks prior to construction, identifying the type, duration, and frequency of construction activities. The liaison would determine the cause of the noise complaints (e.g., starting too early, bad muffler, etc.) and institute reasonable measures to correct the problem. Meeting Conduct

Board Bylaws

Meeting Procedures

All Governing Board meetings shall begin on time and shall be guided by an agenda prepared in accordance with Board bylaws and posted and distributed in accordance with the Ralph M. Brown Act (open meeting requirements) and other applicable laws.

The board president shall conduct board meetings in accordance with board bylaws and procedures that enable the board to efficiently consider issues and carry out the will of the majority.

The board believes that late night meetings deter public participation, can affect the board's decision-making ability, and can be a burden to staff. Regular board meetings shall be adjourned at 10:30 p.m. unless extended to a specific time determined by a majority of the board. The meeting shall be extended no more than once and subsequently may be adjourned to a later date.

The Board of Education desires to conduct its meetings effectively and efficiently. All Board meetings shall begin on time and shall be guided by an agenda prepared and delivered in advance to all Board members and other designated persons.

(cf. 9322—Agenda/Meeting Materials)

To the fullest possible extent, the conduct of meetings shall enable Board members to: (1) consider problems, weigh related evidence, and make wise decisions, and (2) receive reports on students, personnel and school district operations. The Board shall consider and take any necessary action concerning such reports.

Parliamentary Procedure

Board meetings shall be conducted by the president in a manner consistent with adopted Board bylaws and generally accepted parliamentary procedures.

Roberts Rules of Order shall be the authority for parliamentary procedures excepting procedures specifically provided for in the Board's bylaws.

Quorum and Abstentions

The board shall act by majority vote of all of the membership constituting the board. A majority of the number of filled positions on the Board constitutes a quorum. (Education Code section 5095, 35164)

Should there be less than a quorum of the Board present at a regular meeting, a time for the adjourned meeting shall be set by members present, and such adjourned meeting shall be deemed a regular meeting. If there are only three Board members present, action may only be taken by

~~unanimous vote of those members present.~~

Abstentions

~~The Board recognizes that when no conflict of interest requires abstention, its members have a duty to vote on issues before them. When a member abstains because of a conflict of interest or for any other reason, his/her abstention shall be considered to concur with the action taken by the majority of those who vote, whether affirmatively or negatively.~~

The board believes that when no conflict of interest requires abstention, its members have a duty to vote on issues before them. When a member abstains, the abstention shall not be counted for purposes of determining whether a majority of the membership of the Board has taken action.

Provided the board has seven members and there are no more than two vacancies on the board, the vacant position(s) shall not be counted for purposes of determining how many members of the board constitute a majority. In addition, whenever any provisions of the Education Code require unanimous action of all or a specific number of the members, the vacant position(s) shall not be counted for purposes of determining the total membership constituting the board. (Education Code section 35165)

Public Participation

Members of the public are encouraged to attend board meetings and to address the board concerning any item on the agenda or within the board's jurisdiction. So as not to inhibit public participation, persons attending board meetings shall not be required to sign in, complete a questionnaire, or otherwise provide their name or other information as a condition of attending the meeting.

In order to conduct district business in an orderly and efficient manner, the board requires that public presentations to the board comply with the following procedures:

1. The board shall give members of the public an opportunity to address the board on any item of interest to the public that is within the subject matter jurisdiction of the board, either before or during the Board's consideration of the item. (Education Code section 35145.5; Government Code section 54954.3)
2. At a time so designated on the agenda at a regular meeting, members of the public may bring before the board matters that are not listed on the agenda. The board shall take no action or discussion on any item not appearing on the posted agenda, except as authorized by law. (Education Code section 35145.5; Government Code section 54954.2)
3. Without taking action, board members or district staff members may briefly respond to statements made or questions posed by the public about items not appearing on the agenda. Additionally, on their own initiative or in response to questions posed by the public, board members or staff members may ask a question for clarification,

make a brief announcement, or make a brief report on their own activities.
(Government Code section 54954.2)

Furthermore, the board or a board member may provide a reference to staff or other resources for factual information, ask staff to report back to the board at a subsequent meeting concerning any matter, or take action directing staff to place a matter of business on a future agenda. (Government Code section 54954.2)

-

4. The board need not allow the public to speak on any item that has already been considered by a committee composed exclusively of board members at a public meeting where the public had the opportunity to address the committee on that item. However, if the board determines that the item has been substantially changed since the committee heard the item, the board shall provide an opportunity for the public to speak. (Government Code section 54954.3)

5. A person wishing to be heard by the board shall first be recognized by the president and shall then proceed to comment as briefly as the subject permits.

In general, individual speakers will be allowed two minutes to address the board on each agenda or nonagenda item, and the board will limit the total time for public input on each item to 30 minutes. However, in exceptional circumstances when necessary to ensure full opportunity for public input, the board president may, with board consent, adjust the amount of time allowed for public input and/or the time allotted for each speaker. Any such adjustment shall be done equitably so as to allow a diversity of viewpoints. The president may also ask members of the public with the same viewpoint to select a few individuals to address the board on behalf of that viewpoint.

In order to ensure that non-English speakers receive the same opportunity to directly address the board, any member of the public who utilizes a translator shall be provided at least twice the allotted time to address the board, unless simultaneous translation equipment is used to allow the board to hear the translated public testimony simultaneously. (Government Code section 54954.3)

6. The board president may rule on the appropriateness of a topic, subject to the following conditions:

- a. If a topic would be suitably addressed at a later time, the board president may indicate the time and place when it should be presented.
- b. The board shall not prohibit public criticism of its policies, procedures, programs, services, acts, or omissions. (Government Code section 54954.3)
- c. The board shall not prohibit public criticism of district employees. However, whenever a member of the public initiates specific complaints or charges

against an individual employee, the board president shall inform the complainant of the appropriate complaint procedure.

7. The board president shall not permit any disturbance or willful interruption of board meetings. Persistent disruption by an individual or group or any conduct or statements that threaten the safety of any person(s) at the meeting shall be grounds for the president to terminate the privilege of addressing the board.

The board may remove disruptive individuals and order the room cleared if necessary. In this case, members of the media not participating in the disturbance shall be allowed to remain, and individuals not participating in such disturbances may be allowed to remain at the discretion of the board. When the room is ordered cleared due to a disturbance, further board proceedings shall concern only matters appearing on the agenda. (Government Code section 54957.9)

When such disruptive conduct occurs, the superintendent or designee shall contact local law enforcement as necessary.

Recording by the Public

Members of the public may record an open board meeting using an audio or video recorder, still or motion picture camera, cell phone, or other device, provided that the noise, illumination, or obstruction of view does not persistently disrupt the meeting. The superintendent or designee may designate locations from which members of the public may make such recordings without causing a distraction.

If the board finds that noise, illumination, or obstruction of view related to these activities would persistently disrupt the proceedings, these activities shall be discontinued or restricted as determined by the board. (Government Code sections 54953.5, 54953.6)

Because the Board has a responsibility to conduct district business in an orderly and efficient way, reasonable controls shall regulate public presentations to the Board. Members of the public, whether individuals or groups, may address the Board subject to the following procedures:

1. Methods of Addressing the Board

a. Advance written request.

A person who wishes to address the Board other than through visitor comments at a Board meeting should make his/her request to the Superintendent or designee or the president of the Board, preferably in writing, at least 15 school days in advance of the meeting. (cf. 9322—Agenda/Meeting Materials)

Such requests, if approved by the Superintendent or designee or president of the Board for placement on the agenda, will be placed on the first agenda allowing sufficient time for preparation and arrangement for informed staff to be present.

b. Requests during the meeting.

If no advance written request has been made, a person who wishes to address the Board may submit a request with the Director of Communication at the press table, stating his/her name,

~~address and the subject of his/her remarks.~~

~~2. Time in the meeting when speakers will be heard~~

~~Those who have requested to speak regarding an item on the agenda will be recognized by the Board president as that agenda item is presented to the Board.~~

~~Those who have requested to speak under the visitor comments portion of the agenda will be called upon during the 30 minute visitor comment section of the agenda.~~

~~Except as provided by law and Board Bylaw 9323.2, no action or discussion may be undertaken on any item not appearing on the agenda, except for brief responses to statements or questions by the public or refer the matter to the Superintendent or designee. The matter may be placed on the agenda of a subsequent meeting for action or further discussion by the Board. (Education Code section 35145.5, Government Code section 54954.2)~~

~~(cf. 9323.2 Actions by the Board)~~

~~3. Time Limits~~

~~The portion of the agenda devoted to comments from the public will be no more than 30 minutes in length.~~

~~Comments shall be brief and precise and restricted to the subject under discussion.~~

~~Each individual is limited to one presentation for an agenda item or visitor comments and may not relinquish his/her time to another person. Exceptions to the rule shall be made only by majority vote of the Board.~~

~~Time permitting, each person will be allowed a maximum of two minutes to address the Board. This limit may be waived by majority vote of the Board. The president shall endeavor to give time to opposing views but shall strictly control the time allowance in order to facilitate proper conduct of Board business.~~

~~With Board consent, the president may modify the time allowed for public presentation, depending on the topic and the number of persons wishing to be heard. The Board president may rule on the appropriateness of a topic. If the topic would be more suitably addressed at a later time, the Board president may indicate the time and place when it should be presented. Each item will be limited to 30 minutes. Board members may initiate waiving of this limit for a particular item. This can be accomplished through Board majority vote.~~

~~The Board may decide to schedule a special forum if extensive public input is necessary on a particular item. The forum should be scheduled on a night before the date when the item is scheduled for action. The forum should be attended by appropriate staff and at least one Board member.~~

~~4. Complaints Against District Employees~~

~~The Board shall not prohibit public criticism of its policies, procedures, programs, services, acts, or omissions. Members of the public or employees with a complaint against a district employee are encouraged to use the district policy for complaints against employees.~~

~~(cf. 1312.1 Complaints Concerning School Personnel)~~

~~Complaints against employees raised in the Board meeting may be referred to staff for follow up, or the person complaining may be invited to use the complaint procedure process. Members of the public may criticize district employees; however, nothing in this section creates an immunity not otherwise identified in law against a defamation or privacy action brought by the employee about whom the complaint is made.~~

~~(cf. 1312.1 Complaints Concerning School Personnel)~~

~~(cf. 9321 Closed Sessions)~~

5. Disturbances

No disturbance or willful interruption of any Board meeting shall be permitted. Persistence in engaging in disruptive conduct, by an individual or group, shall be grounds for the chair to terminate the privilege of addressing the meeting. The Board may remove disruptive individuals and order the room cleared if necessary; in this case, further Board proceedings shall concern only matters appearing on the agenda. (Government Code section 54957.9)

Any person who willfully disturbs any public school or any public school meeting is guilty of a misdemeanor and shall be punished by a fine of not more than \$500. (Education Code section 32210)

6. Smoking at Board Meetings

Smoking is prohibited at Board meetings and on district property.

J. CERTIFICATION NO. 1: CERTIFICATION OF THE DISTRICT'S ABILITY TO MEET THE COSTS OF THE COLLECTIVE BARGAINING AGREEMENT

This certification page must be signed by the district's Superintendent and Chief Business Official at the time of public disclosure and is intended to assist the district's Governing Board in determining whether the district can meet the costs incurred under the tentative Collective Bargaining Agreement in the current and subsequent years. The absence of a certification signature or if "I am unable to certify" is checked should serve as a "red flag" to the district's Governing Board.

In accordance with the requirements of Government Code Sections 3540.2 and 3547.5, the Superintendent and Chief Business Official of the San Juan Unified School District, hereby certify that the District can meet the costs incurred under this Collective Bargaining Agreement during the term of the agreement from 7/1/2022 to 6/30/2024.

Board Actions

The board actions necessary to meet the cost of the agreement in each year of its term are as follows:

Current Year

Budget Adjustment Categories:

	Budget Adjustment Increase/(Decrease)
Revenues/Transfers In and Other Sources/Contributions	\$ -
Expenditures/Transfers Out and Other Uses	\$ 770,542
Ending Balance(s) Increase/(Decrease)	<u>\$ (770,542)</u>

Subsequent Years

Budget Adjustment Categories:

	Budget Adjustment Increase/(Decrease)
Revenues/Transfers In and Other Sources/Contributions	\$ -
Expenditures/Transfers Out and Other Uses	\$ 805,216
Ending Balance(s) Increase/(Decrease)	<u>\$ (805,216)</u>

Budget Revisions

If the district does not adopt and submit within 45 days all of the revisions to its budget needed in the current year to meet the costs of the agreement at the time of the approval of the proposed collective bargaining agreement, the county superintendent of schools is required to issue a qualified or negative certification for the district on its next interim report.

Assumptions and Explanations (enter or attach documentation)

The assumptions upon which this certification is made are as follows:

Used assumptions included in our 45 day revise and COLA of 13.26% in 2022/23 per DOF revised calculation.

Assumed 10.75% increase for Teamsters in 22/23 and all units in Out years along with an increase of 4.5% for all units in all years.

Assumed our typical S&C of .9% for both certificated and classified and H&W historical rate of 4.32% growth.

Concerns regarding affordability of agreement in subsequent years (if any):

Although the MYP reflects deficit spending the majority is due to the use of one-time restricted funds being used in all three years.

Year 2023/24 reflects a deficit as a result of the increase that is intentional as we have on-going unrestricted funds falling to fund balance prior to this settlement agreement.

6. Will this agreement create or increase deficit financing in the current or subsequent years?

"Deficit Financing" is defined to exist when a fund's expenditures and other financing uses exceed its revenues and other financing sources in a given year. If a deficit is shown below, provide an explanation and any deficit reduction plan, as necessary.

<u>General Fund Combined</u>	<u>Surplus/ (Deficit)</u>	<u>(Deficit) %</u>	<u>Deficit primarily due to:</u>
Current FY Surplus/(Deficit) before settlement(s)?	\$ 101,805,288	17.0%

2nd Subsequent FY Surplus/(Deficit) after settlement(s)?	\$ (13,723,164)	(2.3%)	The use of one-time restricted funds.

Deficit Reduction Plan (as necessary):

7. Were "Other Adjustments" amount(s) entered in the multiyear projections (pages 5a and 5b) for 1st and 2nd Subsequent FY?

"Other Adjustments" could indicate that a budget reduction plan was/is being developed to address deficit spending, and to rebuild reserves. Any amount shown below must have an explanation. If additional space is needed, attach a separate sheet, or use page 8a.

J. CERTIFICATION NO. 1: CERTIFICATION OF THE DISTRICT'S ABILITY TO MEET THE COSTS OF THE COLLECTIVE BARGAINING AGREEMENT

This certification page must be signed by the district's Superintendent and Chief Business Official at the time of public disclosure and is intended to assist the district's Governing Board in determining whether the district can meet the costs incurred under the tentative Collective Bargaining Agreement in the current and subsequent years. The absence of a certification signature or if "I am unable to certify" is checked should serve as a "red flag" to the district's Governing Board.

In accordance with the requirements of Government Code Sections 3540.2 and 3547.5, the Superintendent and Chief Business Official of the San Juan Unified School District, hereby certify that the District can meet the costs incurred under this Collective Bargaining Agreement during the term of the agreement from 7/1/2022 to 6/30/2024.

Board Actions

The board actions necessary to meet the cost of the agreement in each year of its term are as follows:

Current Year

Budget Adjustment Categories:

	Budget Adjustment Increase/(Decrease)
Revenues/Transfers In and Other Sources/Contributions	\$ -
Expenditures/Transfers Out and Other Uses	\$ 4,249,227
Ending Balance(s) Increase/(Decrease)	<u>\$ (4,249,227)</u>

Subsequent Years

Budget Adjustment Categories:

	Budget Adjustment Increase/(Decrease)
Revenues/Transfers In and Other Sources/Contributions	\$ -
Expenditures/Transfers Out and Other Uses	\$ 4,440,442
Ending Balance(s) Increase/(Decrease)	<u>\$ (4,440,442)</u>

Budget Revisions

If the district does not adopt and submit within 45 days all of the revisions to its budget needed in the current year to meet the costs of the agreement at the time of the approval of the proposed collective bargaining agreement, the county superintendent of schools is required to issue a qualified or negative certification for the district on its next interim report.

Assumptions and Explanations (enter or attach documentation)

The assumptions upon which this certification is made are as follows:

Used assumptions included in our 45 day revise and COLA of 13.26% in 2022/23 per DOF revised calculation.

Assumed 10.75% increase for SJAA, Board Contracts and Superintendent in 22/23 and all units in Out years along with an increase of 4.5% for all units in all years. Assumed our typical S&C of .9% for both certificated and classified and H&W historical rate of 4.32%.

Concerns regarding affordability of agreement in subsequent years (if any):

Although the MYP reflects deficit spending the majority is due to the use of one-time restricted funds being used in all three years.

Year 2023/24 reflects a deficit as a result of the increase that is intentional as we have on-going unrestricted funds falling to fund balance prior to this settlement agreement.
